

DEC061 Aria 40" Single Sink Vanity (Faucet not included)

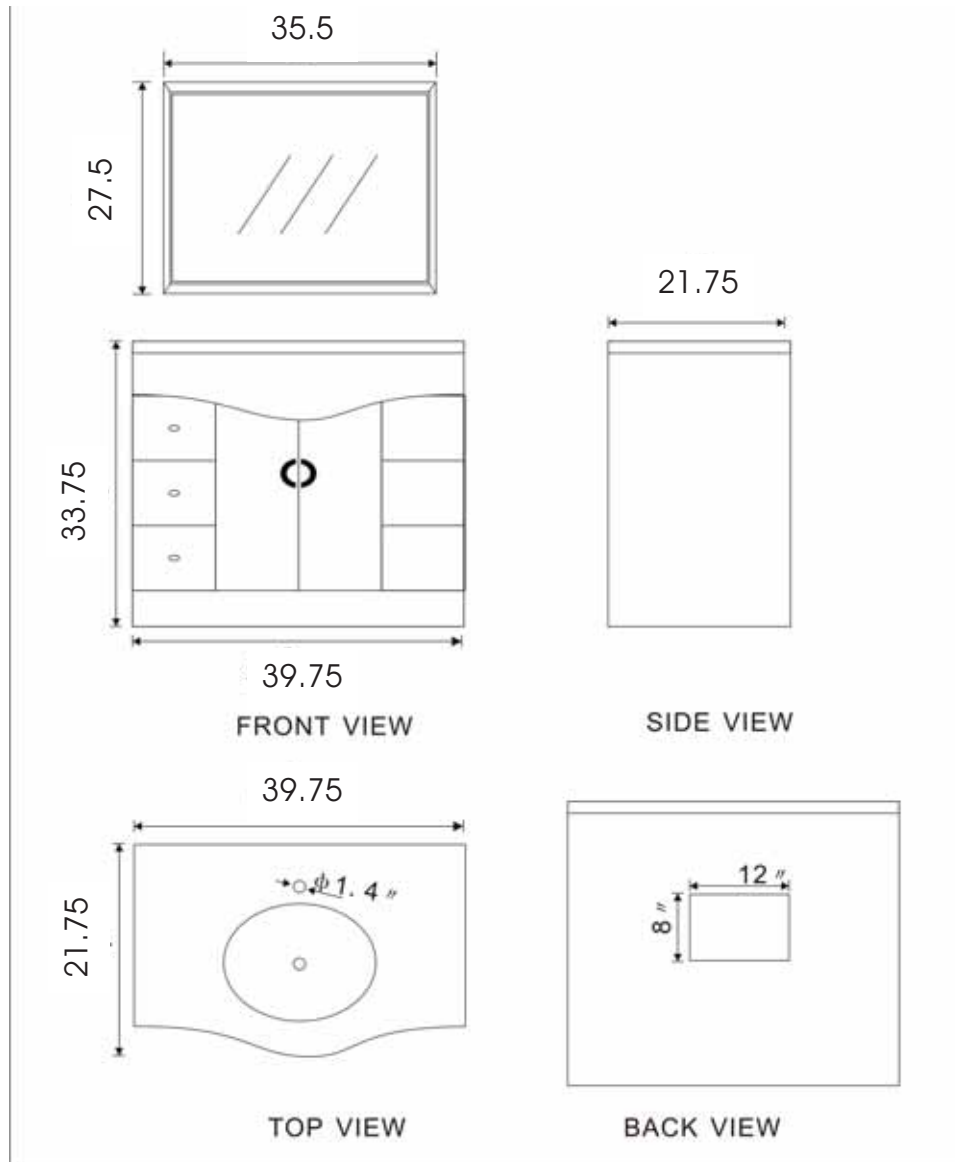

Design Element™
Bath Furniture

Designer's Pick Collection

An aqua-colored frosted glass counter-top, seamless oval drop-in sink, stylized handles, and dark espresso cabinet give the Aria a look that is not quite as spartan as some modern designs tend to be, yet still slick and contemporary. Features-wise, this set retains all the quality and functional design elements (no pun intended) that our vanities are known for, such as solid oak construction, a water-resistant finish, tempered glass, soft-closing double doors, and a chrome pop-up drain. Included is a matching framed mirror.
