## The New York Collection

Open storage, cabinet space, and drawers - the versatile 60" New York vanity set has it all. And with straight lines, elevated drop-in sinks, and high visual contrast, the New York will stand out in any modern bathroom setting.

Naturally, the New York is also built to the typical standard of Design Element products, which means using solid oak construction for the entirety of the base, porcelain countertops and integrated sinks, water-resistant lacquer finish, included mirrors and drains, and a pre-built cabinet base.
