

DEC088 London 78" Double Sink Vanity Set

## The London Collection

The largest model in our London series features extended storage flexibility over the 72" model, with more drawers, enhanced cabinet space, and the addition of a flip-down shelf in front of each sink. Like the other London vanities, the DEC088 is sturdily built using solid oak wood for both the frame and the panels. The white Carrara marble countertop's classic looks and the contemporary cabinet style meld to create a design that is both clean and luxurious. The London has generous storage, which includes two large flip-down shelves, nine drawers, and two soft-closing double cabinets, all of which is accented with satin nickel hardware. A matching framed mirror and a set of chrome-finished pop-up drains are included as well.

# London 78" Double Sink Vanity Set
