<u>Subject</u> : BEA "ROHS" declaration in line with <u>Directive (EU) 2017/2102 of the European Parliament and of the Council of 15 November</u> <u>2017</u>

BEA SA hereby confirms, based on current and available information received from its supply chain, that all material delivered complies with the initial <u>European Directive</u> 2002/95/EC (known as the "RoHS 1" Directive), revised by the <u>European Directive</u> 2011/65/EU (known as the "RoHS 2" Directive), upgraded by the <u>Commission delegated</u> Directive (EU) 2015/863 of 31 March 2015 and the <u>Directive (EU) 2017/2102 of the</u> European Parliament and of the Council of 15 November 2017 on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (usually referenced as the "RoHS 3" Directive).

As "CE" is only dedicated and requested for products introduced into the European Market, "CE" marking is only done on those dedicated products and "DoC" (Declaration of Conformity) issued and available for those products. "DoC" are available on the BEA website <u>www.bea-sensors.com</u> or under request to BEA.

This directive restricts the use of Lead (0,1%), Mercury (0,1%), Cadmium (0,1%), Hexavalent chromium (0,1%), Polybrominated biphenyls (PBB) (0,1%), Polybrominated diphenyl ethers (PBDE) (0,1%), bis (2-ethylhexyl) Phthalate (DEHP) (0,1%), Butyl benzyl phthalate (BBP) (0,1%), Dibutyl phthalate (DBP) (0,1%), Diisobutyl phthalate (DIBP) (0,1%) in certain electrical and electronic equipment as from 1st July 2006.
