

Ways to Manifest
2022
270 x 240 x 240 cm

*Enter, interact, and see.
Classify, modify, and realize.
See from your own view
and see from the sky,
or just to see from the screen...
Repetitively, constantly, reciprocating...
We see, we choose, we feel, and we go...
Ways to go, color to blend.
Either... or...; both... and...
Step in, jump out.
In the object, in the subject.
We are an adult, we are a child.
Colours are classified, colours are blent.
They are each of themselves,
they are as a whole.
To where you go, to where you stop.
Layer by layer, step by step.
Wall and floor, tubes and aisles.
These are some ways to manifest,
more or less...*
