19” 1U 24-Port Patch Panel BASIC

R&M’s 19” 1U patch panel BASIC with 24 ports is perfect for smaller high-density applications. The patch panel is available in both empty and fully equipped unshielded version. Thanks to a special adapter unit, it accommodates the widely used quality-proven RJ45 connection modules from R&M.

Features

Individual termination of each module
Mechanical locking of the snap-in adapter by means of the coding clip
Color coding through snap-in coding clip with 8 colors to choose from
Labeling window plus exchangeable labeling strips
A4 labeling sheet allows individual labeling
