3. Use the crayon or google eyes to make eyes on your chick.
4. Use the feathers make wings by gluing them to the sides of the chick’s oval body.
5. To make the egg, cut one paper plate in half with jagged zig-zag cuts.
6. Take half of the paper plate and turn it upside down onto the full paper plate. There should be a small pocket between the two plates. Glue the edges of the plates together.
7. Line up the other half of the paper plate. Use the bracket or a piece of tape to secure one side of the top half and the full plate together. This will make a flap.

“Los pollitos dicen, Pio, pio, pio  
 Cuando tienen hambre, Cuando tienen frío  
 La gallina busca, El maíz y el trigo  
 Les da la comida y les presta abrigo  
 Bajo sus dos alas, Acurrucaditos  
 Hasta el otro día, duermen los pollitos.”
