SkyView℠

SkyView is your starting point for accessing all the tools and resources REMAX® offers, including your personal and office REMAX Profile. SkyView is also your personalized AI assistant, ready to help you find the information you need to grow your business, recruit new agents and retain your existing ones!

1 SET UP YOUR REMAX PROFILE

As a REMAX broker/owner, your profile includes both personal sections and sections for your office. Much of the information included here will appear on remax.com as well as your office and personal websites. It also feed information to other solutions discussed in this planner, making this a critical first step.

PERSONAL REMAX PROFILE

- ☐ Upload a current and high-resolution headshot.
- ☐ Complete each section of your profile, adding your personal and professional details.
- ☐ Confirm your MLS ID and service areas are correct.

OFFICE REMAX PROFILE

- ☐ Complete your office profile, specifically your office bio which will appear on your BoldTrail office website as well as remax.com. This should include an office logo and photo.
- ☐ Set up your MLS ID for your office.
- ☐ Update your Office Lead Area polygon to determine which remax.com leads flow to your office.

2 DISCOVER CORE APPS

Visit the Apps & Tools section and locate the following solutions:

- **Learning & Education**
- **Platform: MAXTech® powered by BoldTrail**
- **U.S. Agent Broker Hub**
- **Marketing Studio**
- **Agent Office Portal**
- **Customer Support**

3 ASK SKYVIEW

Unlike generic AI, SkyView understands REMAX terminology, tools and workflows that help you grow, promote and operate your business more efficiently. Save time by asking SkyView! Try the Chat feature and enter the following prompts:

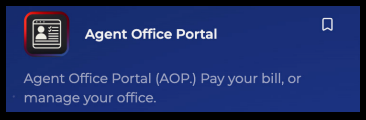

- ☐ Help me create a recruiting plan.
- ☐ Show me my recruiting tools.
- ☐ What makes REMAX different from competitors?
- ☐ How do I onboard a new agent?

AGENT OFFICE PORTAL

The Agent Office Portal is your destination for managing the organizational and financial aspects of your brokerage. You'll use this system to maintain your office roster, update transactional information for your office and pay any personal or office bills and franchise fees.

1 GET TO KNOW YOUR PROFILE + ROSTERS

The Agent Office Portal allows you to keep both your personal REMAX information and office information up-to-date. Use this opportunity to review your profile and see what information can be updated. Then, learn how to maintain your agent, staff and team rosters.

- ☐ Watch the **Navigating the Agent Office Portal video >>**
- ☐ Explore your profile to see what information is included.
- ☐ Take the **Maintaining Your Office Roster in the Agent Office Portal Course >>**
- ☐ Ensure your office rosters are up to date.

2 SET UP AUTO-PAY

Life can be hectic! Leverage the power of auto-pay to seamlessly and automatically pay your office bill in the Agent Office Portal each month.

- ☐ Watch the **Paying Your Office Bill + Franchise Fees in the Agent Office Portal video >>**

3 MANAGE YOUR OFFICE STATISTICS

The Agent Office Portal gives you control over the organizational aspects of your business. Within the Statistics section of the platform, you can add individual transactions and pull reports to see how your agents are performing on a monthly and annual basis.

- ☐ Take the **Uploading Transactions + Accessing Statistics course >>**
- ☐ Download the Transaction Template and save it in an easily accessible place.
- ☐ Download an Affiliate YTD Verification Report, a Team YTD Verification Report and an Office YTD Verification Report. Review the information that is provided in these reports so you can better understand how to leverage them for your business. Note: These reports only show transactions that have already been added to the Agent Office Portal.

4 DISCOVER REMAX AWARDS

The Awards section of your Agent Office Portal platform shows the REMAX awards history for each of your agents as well as how they are trending for future awards.

SMART CRM

Your MAXTech powered by BoldTrail Smart CRM is your database of contacts and the starting point for your recruiting strategy. Add your target prospect list, add important information about each agent, sort by filters and assign tasks to stay on track.

1 ADD YOUR CONTACTS TO YOUR NEW DATABASE

The first step to taking advantage of your new Smart CRM is uploading your existing contacts to the platform. There are multiple ways to do this, depending on how you currently store your contacts, including a manual bulk upload using a .csv file, connecting a Google account to pull in your Gmail contacts or taking advantage of Inside Real Estate's free Lead Import Service.

- ☐ Read the **Importing & Exporting Your Contacts article >>** to learn how to import contacts.
- ☐ Successfully import your contacts using whatever method you choose.

2 ORGANIZE YOUR CONTACTS

Your Smart CRM allows you to organize your contacts in a way that works best for you and your unique business. Each of your contacts will have a Contact Record within your Smart CRM that includes a variety of organizational features to help you stay on track and connected.

- ☐ Read the **Contact Record Overview article >>** to learn how to navigate Contact Records.
- ☐ Make sure each contact's information is up to date. If not, reach out and check in!
- ☐ Update each contact's lead type and status. For example, if you have a recruit you are actively pursuing, change their lead type to 'Agent' and their status to 'Active Lead'.
- ☐ Add relevant hashtags to better categorize your contacts. For example, if you have a contact that is a recruit, consider adding their current company or production level, experience level, hobbies and more.

3 ADD ADDITIONAL INFORMATION

Take your Contact Records to the next level by adding additional information to the Profile Details section. Add details about their families, their birth dates and other key information you want to remember for that contact.

- ☐ Add your contacts' birth dates.
- ☐ If they are a potential recruit, add any necessary information including their current brokerage, performance metrics and opportunities that the brokerage could support.
- ☐ Add any familial details such as Spouse/Partner names and contact information.

SMART CAMPAIGNS

Smart Campaigns are designed to keep you in touch and top of mind with your prospects and recruits. Use a default Smart Campaign provided by MAXTech powered by BoldTrail, edit one or even build your own! These Smart Campaigns will send messages to your contacts or remind you of important tasks.

1 LEARN MORE ABOUT SMART CAMPAIGNS

Before you can begin leveraging the power of Smart Campaigns, it is helpful to understand what they are and how they work.

- ☐ Read the **Complete Guide to Smart Campaigns article >>** to learn more about using Smart Campaigns to streamline different aspects of your business.

2 REVIEW PRE-EXISTING SMART CAMPAIGNS

Both you and your agents have access to a wide range of pre-built Smart Campaigns that you can begin leveraging right away! It is highly recommended that you take time to review the default campaigns included so that you understand how they work and what triggers them.

- ☐ Review your agents' default Smart Campaigns.
- ☐ Review your pre-existing recruiting Smart Campaigns.
- ☐ Identify the starting triggers for these recruiting campaigns so you can include them in your recruiting efforts.

3 CREATE CUSTOM SMART CAMPAIGNS FOR YOUR AGENTS

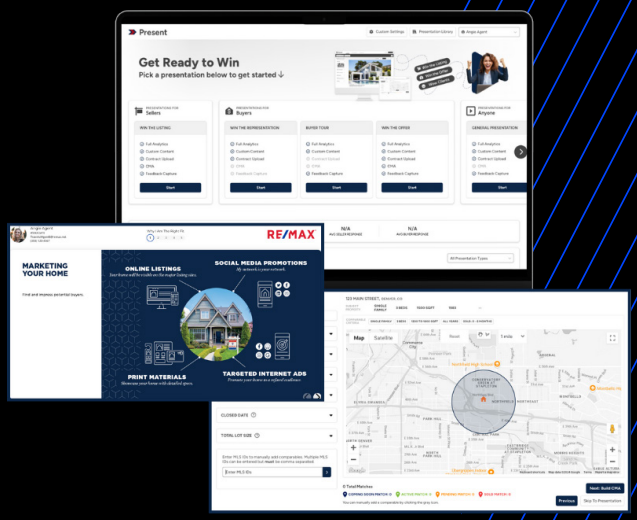

As a MAXTech powered by BoldTrail admin, you have the power to build Smart Campaigns and send them to your agents to use in their own businesses.

- ☐ Create a new Smart Campaign. To share it with your whole brokerage, choose Company as the campaign scope.
- ☐ Build your own, personalized campaign. Be sure to add your own branding and local market information to truly make it yours.
- ☐ Let your agents know about this campaign and encourage them to use it. If you would like to turn this campaign on by default for all of your agents, you can do that as well.

MAXTECH®

Present

Present is your agents' key to truly impressing their prospects and clients! With this solution, agents can create an informative Comparative Market Analysis (CMA), listing presentations, buyer presentations and even buyer tours they can use during those busy showing days. And, as an admin, you can add value by creating brokerage-specific content.

1 GET STARTED WITH PRESENT

Before you dive in and start creating CMAs and presentations with Present, there are a few small things you should do first:

- ☐ Read the **Present General FAQs article >>** to learn more about what features are available.
- ☐ Personalize your brokerage's presentations in Present's Customization Settings section. Choose which colors, fonts and logos should automatically be used in agents' presentations to create consistency across your brokerage.

2 EXPLORE PRESENT

Present gives your agents the solutions they need to wow potential sellers and buyers through engaging CMAs and fully customized, beautifully branded presentations with real-time activity tracking. Use this opportunity to get to know the platform better so you can better support them.

- ☐ Read the **Present: How to Create a Listing Presentation article >>**
- ☐ Create a CMA.
- ☐ Create a listing presentation.
- ☐ Create a buyer presentation.
- ☐ Create a buyer tour.

3 CREATE CUSTOM SLIDES FOR YOUR AGENTS

As a MAXTech powered by BoldTrail admin, you have the ability to create custom slides and add them to your brokerage's Presentation Library for agents to use in their presentations.

- ☐ Use the Create a Slide tool to build slides for agents to use. Try to personalize these slides to your unique brokerage and market. If you have slides that are already saved to your computer as images or PDFs, you can upload those as well.
- ☐ Use the slide setting options to add tags to your custom slide, add it to the proper category and ensure it is permissioned to your whole company.
- ☐ As you are building your own slides, consider how you can use this as a recruiting solution to create presentations for potential recruits with real-time tracking capabilities.

WEB & IDX

Your MAXTech powered by BoldTrail office website is out of the box, beautifully branded and ready to go on day one! This website allows you to seamlessly highlight your brokerage and listings, add value to your audience and capture new leads. Keep your office website as-is or customize it to better fit your brokerage's needs.

1 LEARN MORE ABOUT YOUR OFFICE WEBSITE

While your MAXTech powered by BoldTrail website is ready to go on day one, there are still a few things you can do to truly customize it to your brand and business. Take a moment to review your website's capabilities before you begin making it your own.

- ☐ Read the **Editing Your Website article >>**

2 CHANGE YOUR WEBSITE APPEARANCE

When customizing your website, you can change several things to help build your brand directly into your website, including the text, header image, widget layout, navigation and more.

- ☐ Add your own header image.
- ☐ Update the home page widget layout to one that works best for your business goals.
- ☐ Update the listing carousels to showcase the types of listings you want to promote.
- ☐ Include testimonials from past clients that showcase your value proposition.

3 UPDATE YOUR SERVICE AREA PAGES

Local area pages are a great way to improve your search engine ranking and offer value to your audience. Easily create these pages using the information provided by your MLS.

- ☐ Add as many service areas to your website as you like, but keep in mind that an area name must be included in your MLS in order for a page to be created.
- ☐ Customize each page by including a description of each area and by adding additional, relevant content such as a video of the area, ideas on things to do, your own photos and more.

4 CREATE NEW PAGES

You can create multiple custom web pages that engage and inform your audience. These pages should provide value to local consumers and consistently drive traffic to your website.

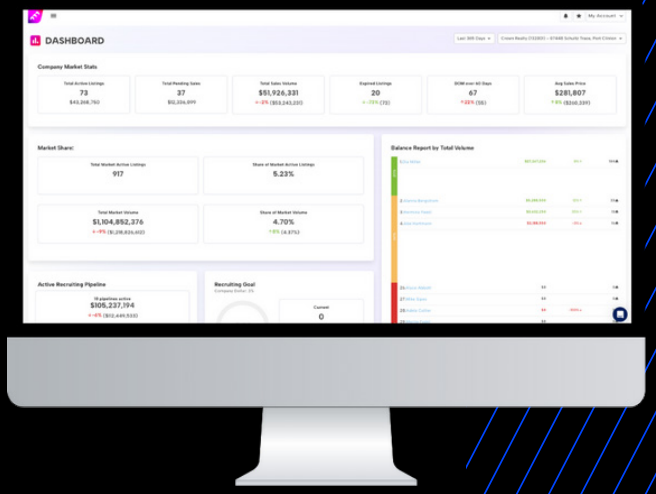

- ☐ Create two new pages for your website. Ideas for these pages could be buyer or seller guides, local event roundups, information on the local real estate market and more.
- ☐ Review the Join REMAX custom page that is automatically added to your website to help with your recruiting efforts.

Recruit

BoldTrail Recruit is an all-in-one solution for recruiting, retention and growth. Conduct meaningful recruiting and value proposition conversations, track key business metrics, increase agent productivity and drive smarter recruiting best practices.

1 GET STARTED WITH BOLDTRAIL RECRUIT

Kick off your journey by learning the basics of BoldTrail Recruit to set yourself up for success.

- ☐ Watch a recorded webinar: **Recruit like a Pro with BoldTrail Recruit >>**
- ☐ If you have not onboarded to Recruit yet, connect with your Global Service Consultant.

2 ADD YOUR RECRUITING GOALS

Before diving into the system, take a moment to think about your goals.

- ☐ Determine your recruiting targets (the number of agents you want to recruit and your production goals).
- ☐ Add your goals to Recruit in the Profile Settings section to track your progress over time.

3 FIND PROSPECTS BASED ON YOUR GOALS

With your goals in place, it's time to identify the right agents. Filter by production level, brokerage and location, making it easy to create a watchlist that keeps your outreach organized.

- ☐ Search for agents in your MLS that meet your brokerage needs.
- ☐ Add agents to your watchlist to create a prospecting pipeline that can help you stay organized and on top of your communications.
- ☐ Turn on notifications to alert you when agents you follow have recent activity.

4 INVOLVE YOUR AGENTS IN THE RECRUITING PROCESS

Recruiting doesn't have to be a solo effort. By leveraging co-broke surveys and encouraging input from your agents, you create a more authentic connection with prospects.

- ☐ Review the co-broke default survey. Modify or create new ones to align with your goals.
- ☐ Send a survey to an agent who recently worked with someone you are interested in recruiting.

5 FOCUS ON RETENTION

Keep agents engaged and thriving. Track production, celebrate wins and identify coaching needs.

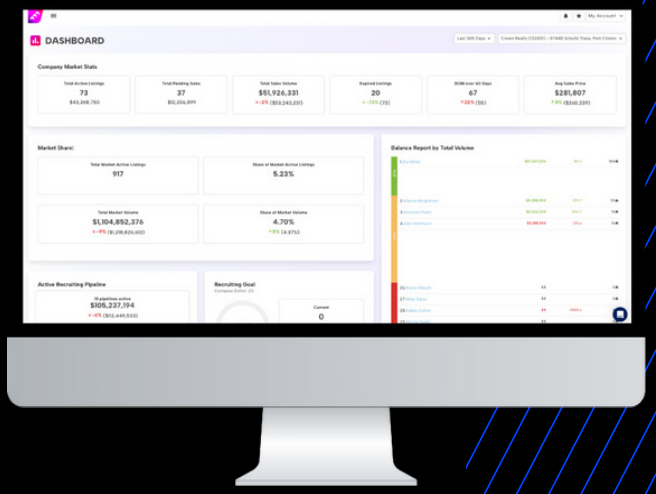

- ☐ Add your agents to your watchlist to track production and congratulate them on closed deals.
- ☐ Review agent production statistics for potential coaching conversations.

  - ☐ Gain access to an Implementation Specialist at Inside Real Estate.
  - ☐ Access guided modules and 'how-to' training videos.
  - ☐ Attend daily office hours for real-time support and troubleshooting.

2 PREPARE FOR YOUR QUICKBOOKS INTEGRATION

- ☐ Work with your accountant or financial team to identify a plan that best fits your need. **Find your plan >>**
- ☐ Connect BackOffice with QuickBooks so transactions flow smoothly.
- ☐ Review your **chart of accounts** so it aligns with your business.
- ☐ Consider who will be responsible for posting and reconciling each transaction.

3 IDENTIFY CUSTOMIZATION NEEDS FOR YOUR OFFICE

- ☐ Review your custom field options and add any that are relevant to your business or market. This could relate to how your brokerage manages transactions, offers, contact details and more. **Pro tip:** Create a custom field for anything you want to create a report on.
- ☐ Review default checklists and modify any to best fit your needs to make sure agents don't miss any critical steps in the transaction process.
- ☐ Consider any custom forms you use in your office and add these to BackOffice to save time in the future.

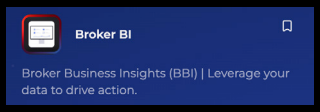

4 SET UP AND ASSIGN ROLES & PERMISSIONS

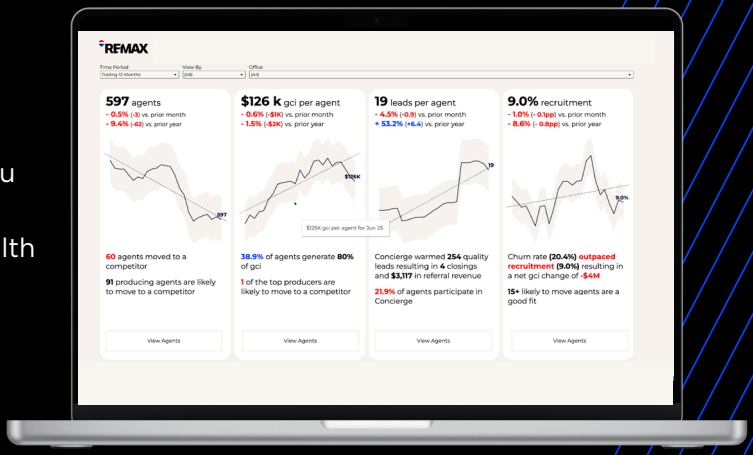

Who is involved in the transaction process at your office? Who oversees compliance? Do you have a team member responsible for new agent onboarding? Make sure these individuals are given access to the platform.

- ☐ Add your team members and give them the right level of access.
