Awards

Distinguished Service Award Description:

The highest honor in the RE/MAX® organization, the Distinguished Service Award recognizes truly exemplary individuals. Recipients have made a permanent, meaningful impact on the network, and they represent the best aspects of RE/MAX through their actions and achievements.

Distinguished Service Award recipients go above and beyond in their efforts, and they exhibit tremendous pride in being part of the world's greatest real estate company. They demonstrate a long standing, consistent and deep commitment to the real estate industry, RE/MAX network and, ultimately, to home buyers and sellers.

The Distinguished Service Award recipient must have been with RE/MAX for at least 20 years and can only be awarded once. Prior recipients will not be considered. For a list of prior recipients, see pages 4 – 6.
