

# Offer Your Clients Confidence When It Matters Most

Each Office is Independently  
Owned and Operated

## IMAGINE TELLING A POTENTIAL CLIENT:

“If your buyer delays closing or their financing falls through, your home sale is protected.”

With SecureMyOffer Home Seller Closing Insurance, REMAX sales associates can now offer home sellers financial protection against buyer delays and defaults.

Even firm deals collapse due to financing problems, job loss, or chain-reaction failures linked to other conditional transactions. **SecureMyOffer helps ensure that you and your client are financially protected – and your deal stays on track.**

### Closing Protection = Competitive Advantage

REMAX sales associates looking to stand out are incorporating SecureMyOffer into their listing strategy.

It's a meaningful way to strengthen your value proposition and give your client additional confidence when selecting an agent.

### Protect Your Commission

When a closing fails, agents can lose months of work.

SecureMyOffer policies include protection for real estate commissions that would otherwise be lost due to a buyer default.

That means both your client and your earned commission are protected.

### Preferred Access for REMAX Sales Associates

REMAX sales associates have access to a SecureMyOffer membership program designed to help you easily incorporate closing protection into your listings.

Membership includes tools and resources that make it easy to introduce closing protection during listing presentations and client conversations.

As a member, you will gain access to an unlimited number of guaranteed insurance certificates.

Include these certificates in your listing presentation to show your client that they will qualify for closing protection coverage. It's a simple but powerful way to demonstrate that you offer additional protection as part of your service.

### Flexible Payment Options

Most policies cost less than \$1,000 on average. Buy Now, Pay Later options are available, allowing the policy to be paid at closing and not upfront.

## A Smarter Way to Strengthen Your Listing Presentation.
