### 4 Risk Notice

Investing in qualified subordinated loans involves risks, including the **risk of losing part or all of the money invested or the risk of not receiving any returns**. The Subordinated Lender grants a qualified subordinated loan. In the **case of bankruptcy or liquidation** of the Issuer, there is the risk that the loans will be granted only after all other creditors of the Issuer, who are primarily to be satisfied, and thus the investor partially or completely fails with his or her own claim. In principle, it can be assumed that higher potential returns result from a higher risk.

There is **no supervision by the Financial Market Authority (FMA)** regarding compliance with the Austrian Alternativfinanzierungsgesetz or a regulation issued pursuant to this Act. This public offer has therefore not been audited or approved by the Financial Market Authority (FMA) or any other Austrian authority.

Your investment is not covered by statutory deposit insurance and investor compensation schemes.

**This product is not a savings product.** You should not invest more than 10% of your net assets. It is not possible for you to resell or transfer the investments.

Investment services companies that broker alternative financial instruments on an Internet platform are subject to FMA supervision only with regard to compliance with the Securities and Exchange Protection Act 2007.
