

# 2021 HIGH SCHOOL GRADUATION SPECIAL SECTION

## A Year Not to Forget!

The Class of 2021 has experienced a year like no other. From events being canceled to teaching methods being modified, this group of students went through changes and experiences they will always remember. This year, the Review-Journal wanted to profile students that were hand selected by their principals. These students deserve to be honored and will have the ability to share each of their stories. The Review-Journal felt the name of the section appropriately be called "The Unforgettable Class of 2021".

There is also a section dedicated to congratulating any graduating senior, with ads/notes from friends and/or family. This is something many will want to hold on to and share with friends and family. This section publishes in the Review-Journal on Sunday, May 23, 2021 and will be available to home delivery subscribers as well as single copy locations around the Valley.

## CONGRATULATION ADS (TEMPLATES)
