Rigging Projects

WE'RE HIRING

STORES & LOGISTICS

Materials Coordinator

Keep our high-precision superyacht hardware moving, from goods-in to assembly.

£ SALARY
£27,000 – £32,000

HOURS
Full time, 40 hrs, Mon–Fri

LOCATION
Totton, Southampton

ABOUT THE ROLE

You'll be the link between engineering, purchasing and production, taking ownership of our material flows, stock accuracy and assembly kitting. Our CNC machinists, quality team and assembly engineers rely on you to have exactly what they need, when they need it. It's a hands-on role in a busy, high-precision workshop, where the difference you make is visible every day.

WHY RIGGING PROJECTS

We design and manufacture high-performance hardware for some of the world's finest superyachts and grand prix race boats. Design, CNC machining, R&D and rigging all happen under one roof in Totton, so you'll see your work go out on remarkable boats.

WHAT YOU'LL BE DOING

Kanban and stock control: Run Kanban replenishment loops for fasteners and consumables.

Kitting: Pick and prepare project kits for the assembly department.

Goods in: Inspect incoming parts and book them onto our MRP system.

Material care: Look after our bar stock and high-value finished parts.

Production flow: Work with the team to keep materials moving.

WHAT WE'RE LOOKING FOR

Stores experience: Stock control, stores or warehouse logistics, ideally in engineering or manufacturing.

Systems: Hands-on experience with Kanban and MRP/ERP systems.

Accuracy: Care and precision when counting, logging and inspecting parts.

Practical: Comfortable with manual handling and solving problems.

Communication: Confident working with purchasing, the workshop and management.

WHAT WE OFFER

33 days' holiday
25 days + 8 bank holidays

Enhanced sick pay
Up to 5 days full pay per instance

Private medical insurance
Company-funded healthcare

Income protection
Cover for peace of mind

Pirkx wellbeing
24/7 health and wellbeing support

Parking, workwear & PPE
Free parking, full workwear and PPE

HOW TO APPLY

Send your CV and a short cover note about your stores or logistics background to Sharon Nineham, HR Consultant.
