

TOWER®

BUILT FOR BETTER SINCE 1912

**IRONING BOARDS
COLLECTION**

SUMMARY

Introducing the Tower ironing board range and their complementary covers, designed to enhance the ironing experience with efficiency and style.

The metallised covers reflect heat back up, enabling faster ironing and improved crease removal.

Additionally, the latte versions feature sophisticated sole plate designs that perfectly complement the sleek functionality of Tower's Ceraglide irons.

They also align seamlessly with the broader 'Latte' collection. The cleaning collection, airers and ironing boards all complement each other, offering a unified and stylish theme across household essentials.
