## *Happenings*

### Summer 2025

**DAVE & PAM:** Dave and Pam have a few summer trips planned. There will not be any long-extended boat trips this year. We will be in Sarasota FL in June for a conference and extend our stay to spend time with Pam's cousin & her family. July will be our annual family trip to Cape Charles on the Eastern Shore of VA. We plan on doing some boating on the Chesapeake Bay from Colonial Beach. Finn will be enjoying his stay at Country Club Kennel Resort in June for a week.

**AMER & RAJA:** Raja, Amer, and the boys are gearing up for a late-summer adventure to Scotland and London! They'll start in Edinburgh, exploring the city's rich history, wandering the Royal Mile, visiting castles, and taking in the breathtaking beauty of the Scottish Highlands. After that, they'll spend a few days sightseeing in London, with a special stop in Richmond, England. There, Raja will revisit his old university stomping grounds with the kids, reliving memories before wrapping up the trip with a few days visiting family there.

**DEBBIE:** Debbie is relaxing and enjoying the outdoors this summer while anticipating her daughter Lauren's first baby to be born this month and her daughter Kristen's upcoming wedding. She is also helping her husband Brian rehab after his knee replacement so he can get back to golf and softball.

**TERRI:** This summer started with my younger daughter and I spending a week in North Carolina with my daughter and son-in-law, taking in the sights and spending time with them and their dog Peggy. Next stop, extending time in Florida after a work conference to spend time with my best friend of close to 50 years. We will have three full days of fun on beautiful Sanibel Island. The rest of the summer will be filled with family and friends, some camping and spending time with my beautiful dog Poppy.

**DEBRA:** I spend most of my free time in the summer in the garden. Tomatoes, peppers, cantaloupe, squash, basil, zucchini, okra and watermelon are the veggies/herbs this year. Flowers are roses (climbing, hybrid tea and grandiflora), peony, portulaca, evolvulus, verbena, geraniums, lantana and marigolds. Weeding and mulching, along with periodic watering have already begun, with still much to do before harvest. So much fun!

**ANNIKA:** Annika is heading into summer with a full plate of family fun. Her son Conor is now just over three, which means this season will be full of energy, curiosity, and plenty of outdoor adventures. The family is planning lots of time at the pool and beach. Golf will be in the mix too, along with a few road trips to keep things exciting. A special highlight: Annika's brother will be visiting, adding to the family time and giving Conor a new playmate for the week. She is excited for an active summer filled with simple moments and lasting memories.

**CINDY:** Kennedy Center will be very busy this summer. Adventures include trips to RI, CT, NJ, PA, DE, and VA Beach for field hockey showcases and college visits for my rising Junior. Also included are travels to Myrtle Beach, PA, IN, and Richmond VA, for my son (rising Freshman- no more middle schoolers as he is my baby!) to play in baseball tournaments. We are looking forward to a 4th of July beach trip with all the kids plus extras, including my mom, who is turning 89, to Carova Beach, OBX. Looking forward to peaceful beach views and sunsets.

**MARY:** This summer is shaping up to be an exciting mix of purpose and play. A highlight will be a meaningful mission trip to Ecuador—an opportunity to serve, connect, and experience a new culture. Back home, there'll be plenty of time to unwind with trips to the beach, soaking up the sun and enjoying time with family and friends. From giving back to kicking back, it's a season full of adventure, growth, and unforgettable moments.

**NICOLE:** I will be starting the off summer with a trip to New Orleans and from there I'll be bouncing around with a mix of weekend getaways and longer travel plans throughout. As much as I love being on the go, I am most looking forward to slowing down and taking it easy. Especially since on the academic side, I have been and will continue to make progress toward my Master's, so I'll be juggling a bit of work with the fun—overall, I'm grateful for what looks to be a summer full of good memories and good company!

## *Finn's Follies*

Summer greetings friends! You ask what have I been up to lately? Well having some down time to lay the A/C on the sofa is quite relaxing. Some days hanging out with Mom in the yard. Swimming and boating on weekends. Summer Vibes! Life is good. I celebrated my 7th Birthday May 18th while on our annual Beach trip to Cape Charles. Swimming and beach days in Colonial Beach on the Potomac River and Cape Charles on the Chesapeake Bay. Pretty much just loving life these days. I hope your summer is going well and you get outside in that sunshine.

Wags!  
Finn
