June 2023

Personally speaking...

Summer 2023 is here and hopefully you will be able to enjoy plenty of summer activities and vacation time with family & friends.

EXTENSIONS: This is a helpful reminder that the 2022 federal tax deadline is October 16, 2023. Make sure to either submit your tax organizer and supporting documents as soon as possible. **If you filed an extension, please send your documents to us no later than September 1, 2023.** Organizers received after this date are NOT guaranteed to be completed by the October 16, 2023 deadline. Please stay in touch with us regarding your tax filing and reach out with any questions!

DAVE & PAM: Dave and Pam will be towing their 34ft Aspen to Daytona Beach FL where we will provision her there. We will splash her in Daytona Beach and cruise down the ICW to Palm Beach FL along with two other boats going on the trip. We make the ocean crossing from Lake Worth inlet, West Palm Beach, then over to the Small Bahama Bank. Then will be cruising up and around to the beautiful Abaco Islands and Sea of Abaco. We will be based out of Green Turtle Cay and run around the Bahama Islands from there. It's been years since we've done this trip with our Grady. Our Aspen has a King Size bed, a generator and A/C! Getting older has some benefits, such as the need for comfort when cruising! Anchors Aweigh! 🍷

Finn will be spoiled and well taken care of with Carla at Country Club Kennels in Catlett, VA. He will miss his buddy Tug. I am sure the Labs and Goldens there will push him to his limit as Tug did. We know Finn will come home "dog tired" from his summer camp vacation.

DEBBIE: Debbie and her husband, Brian, will be spending a week in Surfside Beach, SC with their daughters, Lauren and Kristen, and many other friends and family... usually 5 houses total!! In addition, there will be several jaunts to Chicago and Denver to visit with their daughters. Bike riding, softball, golf, and a couple Nationals games will round out their summer.

TERRI: Summer is here! I took an early vacation at the end of May to visit relatives in Texas that I have not seen in over 20 years. It was such a great trip reconnecting with family. Summer travels will include spending time with my daughter and son-in-law in Durham, NC and some day trips with my 2nd daughter to various spots in

Virginia. My cousin recently moved back to the Virginia Beach area, so I am making plans to spend as much time there as possible as well. I intend to work on some home projects this summer and spend time on the trails with my 2-year-old Retriever mix Poppy. And then back to Puerto Rico in October with friends.

DEBRA: My annual garden is underway – vegetables were planted in early May and fruit plants installed later in May. There has been a need for supplemental watering at least 3 times a week so far this summer, so I've been staying close to home for the sake of the garden. I hope to be able to enjoy our Community Pool and maybe plan a quick getaway vacation to the Outer Banks — rounding out what is shaping up to be a quiet (but very pleasant) summer for me!

ANNIKA: Annika is back in the office one day a week helping with various tasks, but her primary job is taking care of her son, Conor, who is now 15 months old. She and Conor spend the majority of their time outside playing in the water and exploring the world. Annika has several trips planned for the summer, including Conor's first international trip to Estonia to see Annika's family.

MARY: Kicked off the summer with a fun weekend in Cape Charles, VA followed up by a week in Lake Norman, NC, and being my first lake trip, it was wonderful. The rest of the summer will include treks to my favorite beach, Rehoboth Beach, DE, and a trip to visit family in Wilmington, NC. And there is always something fun to do in NOVA!

NICOLE: Happy that summer is here to be able to relax and spend some time outside in the sun! I will be doing some traveling this summer as I started it down in Florida and will end it down in North Carolina, with a few trips planned in between. Other than travel, I will be spending my summer with those close to me just having a good time before school picks back up in August and I begin my final stretch at George Mason!

STAFF UPDATES:

ANNIKA: We are excited to welcome Annika back as a Staff Accountant.

LIAM: We wish Liam the best in his new career with Morgan Stanley in Investment Banking.

Finn's Shenanigans

WOOF WOOF; Finn checking in here. Tug, my partner in crime, let us know it was time for his wings and he was ready to cross over the Rainbow Bridge. Tug made our May beach vacation with the family. Tug went from beach time, playing ball, loving life to letting us know his time with us was waning quickly. We are all heartbroken dealing with the loss of this loving boy. I will try my best to fill his paws.

Finn

Tug's Final Goodbye

I am running and playing over the Rainbow Bridge with my brother Elvis! I am no longer limping, and I am out of pain. My time here was a happy and healthy 13 years (104 dog years based on my breed). I loved my life, loved my beach house, loved my office time and greeting all of you over the many years I was here and able to do so.

My last vacation to Cape Charles in May couldn't have been any better. It was inevitable that my time was coming these past few months. I feel fortunate to have been healthy all my life up to the last 12 months. It was hard for me having to limit my activities and now I am playing on that big beach in the sky with "my" two or three tennis balls.

Tugboat docked and out.
