

You probably already use smartphone apps to help you plan a trip, measure steps toward fitness goals or calculate a tip. Now, you can use one to manage receipts, track business mileage and stay on top of your financial goals!

The MyCPA app from Hildebrand, Limparis and Associates gives you access to key accounting data, in real time, whenever you need it.

Your favorite business systems, invaluable tools and features such as calculators, tax tables, logbooks, receipt and income management are included.

Plus, you'll have instant access to the latest financial news and information as well as quick links to communicate with us.

It's completely free of charge and it's available for iPhones, iPads and Android devices. And, yes - you can share the MyCPA from HLA with friends and colleagues.

Some of our favorite features include:

- **Photo Receipt Management, Email and Store**
Never lose a receipt again! Track your receipts and expenses literally at the touch of a button. Add details later, and sort by amount, category, and date.
- **GPS Mileage Tracking and Management Tool**
Record every single trip at the touch of a button. Use the built-in GPS in your device to automatically track mileage, then store trips, view, edit or email them easily.
- **Keep in Touch with Us**
Update your client profile, schedule an appointment or pay a bill. Receive important news, deadline reminders and financial updates through 'push' notifications.

Get your free MyCPA App from HLA for iPhone or iPad on iTunes or on Google Play for Android phones. You can also search for "MyCPA" and look for the blue icon . When it asks for the code, type in "HLACPA". You're all set!
