APESF Core Values

Our Mission

The mission of APESF is to graciously serve Arizona families by providing tuition assistance for their children's private education while honoring the generosity of every donor.

Mark Moerkerke

In 1998, Mark Moerkerke launched APESF with a clear vision to create a school tuition organization that served Arizona families seeking the best-fit education for their children. Over the past 25 years, thousands of students across the state of Arizona have benefited from the financial support of this remarkable scholarship program. Mark's heart was always to serve families that could not otherwise afford the schools that meet their children's educational needs. Mark was a warm, kind, and generous leader and committed and passionate advocate for school choice.

It is our pleasure and passion to continue Mark's legacy of generosity and service!

How It Works

Determine How Much You Can Contribute

You may contribute your total Arizona tax liability, up to the amounts shown below. Your liability is your taxable income multiplied by your tax rate, and is usually paid through payroll withholding and tax-credits.

Share Your Recommendations

Indicate any school or student recommendations on the contribution form. Although AZ law prevents recommendations as the only consideration when awarding scholarships, APESF does use them as a primary consideration.

SCOTT-FOUNDATION.ORG

Serving Arizona Foster Youth

No hope, life, or path
Fully me, strong, accepted
I'm unexpected

The haiku (Japanese poem) Rosa wrote to express her transformation

VISION

We transform lives – one teen at a time.

MISSION

We spark the greatness in Arizona's Foster Youth to help them realize their potential and to make the world a more peaceful and loving place.

WHAT WE DO

Since 2007, the Scott Foundation has touched the lives of more than 6,000 young people through experiential learning designed to encourage the value of selfless service. In giving back to others, these magnificent young adults redirected nearly \$764,000 in donations back to the community through their selfless service and compassion for others. Over time, we recognized that the youth who were most receptive to that concept were those who needed it most. So, we decided to redirect our efforts solely on the most vulnerable of Arizona's youth, Arizona's Foster Teen population.

TODAY'S PROGRAM

Scott Foundation disrupts the social norm to spark the potential greatness in AZ foster youth. We focus on 13-17 year olds and young adults 18-25, since they are considered to be within the Arizona Department Child Safety and Healthcare transition period. We assist these young people in gaining practical skills for life but more importantly, help them develop a healthier sense of self, compassionate hearts and purposeful career paths. They learn to live in selfless service to others and evolve emotionally so their perspective about themselves shifts and their individual potential can blossom. Our Master Class program averages 100 learning experiences per year, per person – many having experiences in 8 different and exciting careers. When they 'age out' of the system, at 18, they will have a chance at success and not become part of the statistics.

"Along with developing heads, we must also develop hearts. For it is the heart alone that determines whether the power derived from knowledge will be used for positive means or negative ends."
- ISSE-USA

OUR HISTORY

Colleen Walski, the founder of Scott Foundation, is a visionary and inspired leader who has woven together spiritual leaders, change-makers, community leaders, philanthropists, executives and entrepreneurs to enrich the lives of Arizona's Foster Youth. Inspired by the lasting memory of her only son, Scott, who was tragically taken when he was only 27, Colleen is dedicated to helping young people, just as Scott always did. Her passion for giving-back is the core principle that helped her overcome the pain from her loss and eventually heal. Foster youth also face pain and need healing from the traumatic lives they were experiencing before entering the system, which were often filled with physical, sexual and emotional abuse, neglect, poverty and crime. Scott Foundation helps these beautiful young people become whole so they can look forward to productive and satisfying futures.

Our Mission

The Pappas Kids Schoolhouse Foundation helps low-income, homeless and at-risk youth in Arizona schools succeed and grow in a positive educational environment. We work with their academic, extra-curricular and personal needs.

By giving these students the opportunities they deserve and eliminating the barriers that childhood homelessness and poverty may create, we hope to change the course of their lives. Helping them complete their education will enable them to become productive members of our society and break the cycle of poverty in which most of them live.

SINCE 2007,

SCHOLARSHIP AWARDS PROVIDED
TO ARIZONA STUDENTS IN NEED!

WE BELIEVE IN MAKING A DIFFERENCE!

A School tuition organization cannot award, restrict or reserve scholarships solely on the basis of recommendation. A taxpayer may not claim a tax credit if the taxpayer agrees to swap donation with another taxpayer to benefit either taxpayer's own dependent

Find Out How You Can Change A Child's Future!

With your generous support, we have seen lives change

Over **10,948** scholarships have been provided to homeless, underprivileged, and at-risk students. Since 2007, Pappas Kids has awarded over **\$19.75 million** to children who could not afford a private education. Your support has made a life-changing impact on these children and families by giving them a "choice" in their education. Your continued support has opened doors of opportunity for these students. You have increased their chances of pursuing post-secondary education and having higher occupational aspirations.

Did you know?

Arizona Private School Tuition Tax Credit Law, A.R.S. Section 43-1089 allows individuals to redirect their state income tax to school tuition organizations that provide scholarships to private-school students in Arizona.

Here's how it works.

Donors control how their tax dollars are spent and children receive a quality, private education to the school of their choice. Thanks to the 2012 Overflow/PLUS (Private Learning Uplifting Students) tax credit, donors can claim an additional tax credit over-and-above the original tax credit.

- Individual taxpayers are allowed an annual credit up to **\$1,459**
- Married taxpayers filing separately can donate up to **\$1,459** individually
- Married couples filing jointly are allowed an annual credit up to **\$2,910**
- Donors must first meet the **\$731** (single) or **\$1,459** (married) Original Tax Credit Program maximum in order to claim the Overflow/PLUS tax credit.

By simply taking part, individuals will reduce the amount of money they owe to the State or increase the amount of their refund, dollar-for-dollar. Please note that this contribution may be eligible for a federal deduction. Consult your personal tax advisor on this matter.

Thank you for your support and believing that every parent deserves the right to choose the education that is best for their child.

Contribution Deadline: **April 15th, 2025**. Pappas Kids Schoolhouse Foundation is a state of Arizona qualified Student Tuition Organization permitted to receive these tax credit contributions and award scholarships to economically disadvantaged students.

Arizona Military Family Relief Fund (MFRF) 2024 Contribution Form

What is the Arizona Military Family Relief Fund?

The Arizona Military Family Relief Fund (MFRF) was established by the Arizona Legislature in 2007 to provide financial assistance to the families of currently deployed service members and Post-9/11 Military and Veteran Families for hardships caused by the service member's deployment after September 11, 2001.

In 2018, Gov. Doug Ducey approved House Bill 2191, amending current statute 41-608.04 regarding the MFRF program. The amendment expanded the MFRF program to include applicants who deployed *before* September 11, 2001 (Pre-9/11) who meet the qualifying MFRF criteria.

How are MFRF assistance grants determined?

Financial assistance from the Arizona Military Family Relief Funds are determined by Advisory Committees, comprised of twelve members appointed by the Governor, as well as the ADVS Director or the Director's designee. The Pre-9/11 and Post-9/11 MFRF have separate advisory committees. In 2019, over \$1 million was granted, assisting over 200 Arizona veterans, service members and their families.
