

Inventory Solutions

You need the flexibility & reliability around your orders...

In today's climate there are increased output pressures on manufacturing to keep up with modern demand. Therefore, creating efficiencies and eliminating unplanned downtime is the ultimate goal. Those production and maintenance teams still operating on a reactive basis will undoubtedly fall victim to unplanned downtime – and the varied frequency and unpredictability of this will cause hindrance and detriment to any manufacturing operation.

Our extensive range of 650,000+ industrial and manufacturing products, plus our value adding solutions allows RS to provide you with unmatched can support your planned business production or maintenance strategies, no matter what environment you operate in. This includes the essentials items you need plus the latest technologies to reduce the risk of downtime.

Supporting Your Inventory Challenges

- You receive **multiple deliveries** & need to reduce booking in time
- You want to **reduce stores** admin & make it easier for onsite distribution of your orders
- You're challenged with **storage space**
- You need to **reduce the working capital** tied up in inventory

Why RS?

We care about tomorrow

We are committed to working together with our customers to build a sustainable future, reducing the impact that we all have on the environment and striving to continuously improve the wellbeing of our people, suppliers and communities.

Drive efficiencies in your business

Our Procurement, Inventory and Maintenance Solution specialists can examine your current processes and maintenance strategies and highlight cost-saving opportunities, areas where consumption can be reduced and operational uptime optimised.

Reduce costs

Naturally you will benefit from the economies of scale we leverage with our best value pricing and our quality RS PRO brand alternatives, but we don't stop there. At RS we work pro-actively with our customers to find ways to deliver additional efficiencies.

Spend less time dealing with suppliers

With 650,000 products across our product ranges, we act as your single trusted source for all your industrial supplies and services, saving you valuable administration time. You really don't need to go anywhere else.

Service you can trust

Our strong, supportive team of in-house technical experts are passionate about our business and deliver the highest service levels in the industry. Day-to-day customer service is provided by your Account Manager supported by a dedicated Customer Services team and are backed up by a knowledgeable Technical Helpdesk team.

We are where you are

We pride ourselves on our innovative RS Local branch network, providing a dependable national delivery service with a local feel. Our infrastructure and extensive custom order and delivery capabilities means we can offer exceptional service to all our customers and are perfectly positioned to work with multi-site organisations.

Custom Order Solutions

Inventory Solutions customised to your needs

Our solutions enable you to get parts and supplies to the heart of your operations.

At RS, we pride ourselves on being proactive partners that can make your operations more efficient and cost-effective. We have several different inventory solutions which enable us to provide the service levels to match your business requirements.

Order solutions that offer you flexibility and convenience

Consolidated Deliveries

- We consolidate multiple orders into a single delivery, for extra convenience
- Saves you time, particularly if your site has a centralised goods-in team

Consignment Solutions

- Have the products you need ready to use at your site without carrying the cost of inventory - freeing up working capital
- You manage the inventory and pay as you use
- Forecast your stock requirements and we will replenish the stock level accordingly.

Vendor Managed Inventory

- Reduces need for excess storage space for spare parts
- You only pay for items when you call off, reducing inventory carrying costs and freeing up working capital
- Forecast your stock requirements and we will manage the rest - we hold the inventory at our location
- There's no need to confirm delivery dates until you need an item
- Once you know when you'll need an item, request delivery

Onsite Stores Management

- Reduce your Labour liabilities and focus on your operational productivity & capability
- A cost-efficient and risk averse strategy as stock health is improved - stores space is optimised & an inventory reduction in excess or obsolete stock
- Achieve operation excellence with our highly trained team, plus support for new store setup
- Optimum availability as store manager maintains and ensure critical spares stocked and ready when required

Our Range

Over 650,000 products, more than 2,500 brands.

We offer a broad and extensive product range to support our industrial and electronics customers with 650,000+ stocked products, from over 2,500 suppliers – including our own brand, RS PRO.

Popular brands

Discover all 2,500+ brands online at
