

# PPE LINECARD

Take a look at our PPE product range. We can supply the widest range of products and brands, available from stock for same day despatch.

## EYE PROTECTION

Designed to protect against mechanical, chemical, thermal, electric and/or radiation risks. Eye protection has to meet EN166, plus additional standards depending on application.

## HEARING PROTECTION

The Control of Noise at Work Regulations 2005 requires employers to provide suitable hearing protection where noise exceeds 80dB(A).

## HAND PROTECTION

One of the most frequently used areas of PPE, and available for a wide number of applications. The right glove can offer protection against mechanical, temperature, chemicals, vibration, cut, electrical and medical hazards. Covered by a number of European Standards including EN420, EN388, EN374, EN407, EN511

## RESPIRATORY PROTECTION

Respiratory Protective Equipment (RPE) is designed to protect your lungs from breathing in contaminated air, due to dust, mists, metal fumes, gases and vapours that can be hazardous to health. RPE must meet EN149 or EN12941 depending on the type.

## FOOT PROTECTION

Your feet need protecting from a number of hazards, including falling objects, stepping on hazards, slips, extreme temperatures, as well as ensuring comfort and avoidance of fatigue. Key requirements are as per EN ISO 20345:2011

## HI-VIS CLOTHING

Hi-Vis clothing is a key part of personal protective equipment and having the correct type is essential in many industries to help prevent accidental injury. Hi-Vis clothing can also offer other safety features such as fire retardant, anti-static, waterproof or windproof.

## DISPOSABLE WORKWEAR

Disposable workwear can include overalls, aprons, hairnets and mob caps. Some of which can be metal detectable and is a requirement when working in the Food Industry.

## HEAD PROTECTION

Designed to protect the vulnerable head area from falling objects and other workplace hazards. Hard hats are also frequently designed to work in conjunction with ear and eye protection as required.

## WORKWEAR

Workwear can play a key role in keeping you safe, especially high visibility items. In addition the right kit will keep you warm, dry and comfortable enabling you to focus on the task at hand safely and productively.

## FALL ARREST

Working at height involves a number of risks to those working above ground, and those working below. The wearing of fall arrest or fall protection equipment is, where needed, a requirement under the PPE regulations 2002.
