INTERESTING FACTS:

ORIGINAL DISTANCE, 24k, chosen because, according to Ron Keller, at one time there were 42K distances in a marathon. So in creating the Endurathon, Ron merely reversed the digits. 24k worked out to be 14.9 miles.

ORIGINAL REASON FOR NAME OF RACE:

According to folklore, the name of the race, “Endurathon,” was selected because not only did the participant have to *endure* the distance, but they also had to *endure* the weather. The Endurathon was held in late January/early February which pretty much guaranteed cold weather.

One year the high for the day of the race was 29 degrees! Folklore has it that one runner suffered frost bite. During another year, runners huddled around a fire place in the only building located on the grounds of Raymond Russell Park.

ORIGINAL LOCATION:

The first Endurathon was held at Raymond Russell Park which was not developed at the time so no pavilion, etc. Participants ran on access road to IH 10, which was one-way at the time. It was moved to Kelly Air Force Base because of traffic.

HUGH HAMLIN, Charter Member of SARR – Hugh is the only runner that participated in all the Endurathons from the first one in 1980 until his last one 2013 when he suffered a stroke. Sally Rios, SARR Newsletter Editor in 2013, interviewed Hugh. Below is an excerpt from that interview:

There was one time that Hugh's Endurathon record was in jeopardy. An out-of-state family commitment was scheduled for the same weekend as the Endurathon. When Mario Valencia, the race director at the time, heard this he decided this could not happen. A date was picked when Hugh could run the actual Endurathon course with Mario and Jane (Hamlyn) following in a vehicle with refreshment. Hugh was timed and his finishing time entered with the rest of the runners finishing times on race day. Mario was also responsible for reserving a spot for Hugh on the front line of the Endurathon runners, believing that anyone that had completed all of the Endurathons should have a reserved spot at the start. Hugh was presented with a statue of a roadrunner (the animal) on the 30th anniversary of the Endurathon.

During one of the early years at Raymond Russell, a water stop was setup before the race. The table, water jugs, cups, trash bags, etc. were set in place. By the time the runners came by, someone had stolen everything – table and all!!!

In the early days of the Endurathon, certificates were issued to finishers. A copy of the certificate issued to Ernie Oakes in 1981, appears to have his name, date of event, and finishing time entered by the race director, Ron Keller, who also signed the certificate. According to Ernie, Ron gave out multi color custom medals (similar to Fiesta medals) with the words "Winter Winds Endurathon" inscribed on them. No shirts were issued.

From 1995 Newsletter –

The 1995 Endurathon was officially 26.4k due to a race day error and was documented in the SARR Newsletter. In the race summary by Mario Valencia in March 1995 SARR Newsletter, he thanked "Sally Rios for pointing every bit of the way in this my first race director job. (I learned long ago, don't bother asking anybody else, the secretary knows it all and will save you time and grief)." Sally was SARR Secretary at the time.

Reason for One Distance Change:

Per email from Marino DeLeon, Race Director from 1988-1994:

"I changed the distance from 24k to 25k believing that 25 would be 15 miles. Actually, it's 15.53 miles so runners ran a little extra."

Dear Mr. Ratliff

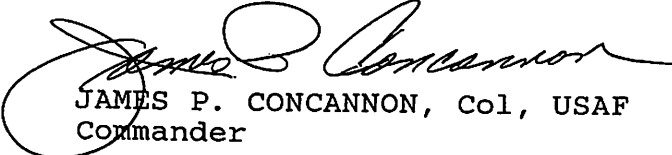

We are pleased to again host the Endurathon, Marathon Relay and Freedom Run in 1995. As in the past, the facilities at the Fitness Center will be available to support your requirements. Having supported these events in the past, the staff at the Bennett Fitness Center is well aware of the support requirements necessary to make sure these running events are again successful.

Please make sure your POC's for each event contact and coordinate the dates and requirements with respective base agencies to ensure success.

My POC at the Bennett Fitness Center will be Paul Prentice, Sports and Fitness Director at ext 925-4846/47/48.

Thanks again for allowing Kelly AFB the opportunity to host and participate in these well received community events. I'm sure they will again be a big success.

Sincerely

JAMES P. CONCANNON, Col, USAF

Frosted tails turn in good times

Attention race directors! Where are all the races?

With a relative dearth of running events in the local area of late, many San Antonians have either been training in earnest or racing elsewhere. Perhaps they, like many athletes, are giving cross-training a try.

Some who have attempted new endeavors showed up for the Frost Yer Fanny Duathlon in Austin on Jan. 28. Dubbed the TRI-FED/USA South MidWest Championships, Frosty drew a large throng of seasoned duathletes and newcomers as well.

Competing swiftly over the hilly 5K/30K/5K race course, former UTSA ace Missy Domenick bested all women to take top honors in the time of 1:22:36. Sharon Sander, the 1993 amateur world champion, was second overall in 1:29:23. Landra Fowler, a UTSA student, was third overall in the time of 1:29:45.

"I felt strong," Domenick said, "but it was a little bit windy on the way back on the bike."

Two emerging duathletes from the local area, Pam Vandermey and Kathryn Miller, finished second and third respectively in the 40-44 age group. Vandermey was timed in 1:47:53 while Miller

John Welch

Running

closed in 1:48:16. Don Bergan, competing well as usual, was the top local male finisher with a time of 1:20:22. He was the third elite master in the race.

Other top finishers and their times were: Heidi Zuber, 1st, 25-29 (1:35:46); Patti Bates, 2nd, 25-29 (1:37:29); Rick Gardner, 2nd, 30-34 (1:22:27); Clent Mericle, 3rd, 40-44 (1:24:12); Jerry Bruns, 1st, 50-54 (1:27:37); William R. Smith, 1st, 60-64 (1:34:43); John Calvarese, 2nd, 70+ (2:35:47); Corinne Cross, 2nd, 35-39 (1:36:57); Jane Hemby, 1st, 45-49 (2:00:15); Joanita Reed, 1st, 65-69 (1:58:53).

Tom Bain contributed a swift bike leg to the runner-up male relay that finished in 1:15:24. Larry Smith and Pat Fetzter combined to finish third in the male relay. Their combined time was 1:15:44.

Al Hale (24:40), Ron Tullius (23:48), and Diane Armstrong

(28:54) were runners-up in their divisions at the Frost Yer Fanny 5K Run.

■ **Winds change:** According to Mario Valencia, the race director of the Feb. 19 Winter Winds Endurathon 25K & Relays, the event's starting time has been changed. The race will begin at 8:30 a.m. instead of the originally advertised time of 8 a.m.

The reason for the change, according to Valencia, is to give the runners more time to arrive and to allow for more time to ready the route. If you can't do the entire 25K Endurathon, give the relay a try.

With the Motorola Marathon Relay, the Army Marathon Relay, and the Beach to Bay Relay Marathon all around the corner, it would be an excellent opportunity to start getting your team in line.

In the February issue of the SARR newsletter, Valencia ran the results of the first Endurathon in 1980. Some of the names, such as the winner winner, Shawn Flanagan, are still uttered on a regular basis in the Alamo City.

But what of names such as Bob Dalton, a former modern pentathlete? And what ever happened to Brian Kelly, a member in good

standing of the old "Conehead Track Club." Add to that the name Bob Walsh, and the years seem to fly by. On the women's side, I never see the name Ellie Seiferth anymore. I used to teach with her husband Mike at TMI.

■ **Moe knows weights :** If you've done the Better Half Marathon in San Marcos, you're sure to recognize the name "Moe" Johnson. Better known as Maurice Johnson, Ph.D., at Southwest Texas State University, many of you may not know that Moe is the author of a book on fitness.

In his book, "Weight Lifting and Conditioning Exercises", Moe expounds on the knowledge that no doubt helped him win the title of Mr. North Dakota.

ENDURATHON

24 Kilometers (14 Miles, 1606 Yards)

Saturday, February 2, 1980

8:00 am. Start

Raymond Russell Park
I H 10 West

Details:

PURPOSE: The Endurathon is a new long distance running event that can fill the gap between the 10K Run and the Marathon. Hopefully such terms as "half-marathon", "mini-marathon" and "quarter-marathon" will disappear from runner's vocabulary. The Endurathon can "stand on its own feet" as an event; one that can be run for a lifetime by the great majority of runners who can not train at 60 plus miles per week, but do run 30 to 40 miles weekly. Prospective entrants should have trained a minimum of 280 miles in the 2 months previous to the run.

REGISTRATION: 6:45 a.m. to 7:45 a.m. on race day only. \$2.00 per runner (includes Refreshments). Race Director: Ron Keller - 512-225-6611 or 512-341-1516 (home).

COURSE: One loop from the Park east on access road (northside) to Camp Bullis underpass - west on access road (southside) to Tarpon Drive overpass and back east (northside) to Park. Course is flat except for one moderate hill climb at 12 kilometers. **Time Splits:** 10 km and 20 km. **Aid Stations:** 13 km and 18 km.

RACE AWARDS: Plaques to men and women finishing first in "Under 40" and "40 and Over" categories only.

ACHIEVEMENT AWARDS: Deluxe personalized certificates will be mailed to all finishers. Certificates will carry the following achievement credits.

Welcome to the 2007 SARR Endurathon 25k & Relay!

The race start is at the **Bulverde Community Park** at **8:30 am**. Walkers are permitted to start at 7:30 am. Limited parking is available within the park, but several lots are available along FM 1863, Cougar Bend and Bulverde Lane. Please arrive early and watch for signs & race officials to direct you to the nearest parking lot.

Course Support

Aid stations will be located approximately every 3 miles. Please refer to the course map for specific locations. Port-a-cans will be located at the race start/finish and at miles 2 and 8. All aid stations will include:

- Water
- Hammer Heed electrolyte drink
- Band-aids, Vaseline, sunscreen

ENDURATHON
25k road race and relay

Relay Info

The relay consists of 2 segments with the exchange on Leroy Scheel Road. The first segment of approximately 8.25 miles has rolling hills and the second half of approximately 7.25 miles is relatively flat with one hill at mile 13.5.

The relay exchange is 3.5 miles away from the race start. A shuttle will be available to transport relay team members from the start/finish to the relay exchange point. Very limited parking is available at the exchange point, and cars will not be permitted to park along the road in the path of the race. For this reason, second leg relay participants are encouraged to make use of the provided transportation to and from the exchange point. Shuttles will run from 7:45 am - 8:15 am from the Bulverde Community Park area and will also be available to transport relay participants back to the finish-line area at the completion of their leg.

Relay teams will be given a wristband to exchange during the event and both runners will be given the same bib number. Please follow the course markings at the exchange point to ensure a smooth transition.

Post Race Info

Once you complete your race, please enjoy post-race refreshments at the park. The finish area will also feature door prizes and tables from some of our sponsors. Integrative Therapies will be providing 10-minute post-race massages for \$10. A massage sign-up sheet will be available at packet pickup and on race morning.

Awards will begin at approximately 11:30 am. Trophies will be awarded to the first overall male & female, first masters male & female, and first military male & female. Custom tiles will be awarded to the top 3 places in each age group in 5-year increments for the 25k and to the top three relay teams in each category.
