

SARR Members,

I must tell you, I'm excited! We are running in high gear straight to our Fall weather and our final four awesome races of 2022. This has been a great year with the full return to in-person racing. The numbers in our training programs and our races show that people are ready to get out and run and improve their lives!

Did someone say 50? That's right, 2023 is the 50th Anniversary of the San Antonio RoadRunners. I'm so thankful to our founding members that had the idea to start this little running club back in 1973 that is now over 1,700 members strong. I can't begin to put into words how special this club has been and continues to be to so many people. Of course it's not just the club, it's the people within the club that continue to make it special. For that I say, thank you to each of you for choosing to be a part of something so great and helping to keep it going strong after all these years!

We have many things planned for our 50th anniversary throughout 2023 to spotlight our club. I'll begin with a look at our special 50th Anniversary SARR logo that you'll begin to see all over as we advertise our 2023 events. I've attached a copy for your viewing pleasure. It will be on our shirts, hats, marketing materials and anything else we can put it on. We really want to highlight the importance of our club to the San Antonio community.
