## EntryLevel™ LANDINGS

### APPLICATION CASE STUDY HISTORICAL BUILDING

#### PROBLEM:

At this historical job site, every threshold was out of compliance because the door thresholds were 3½" and 4" high, violating ADA laws and access code regulations.

#### SOLUTION:

Our EntryLevel™ Landings provided a perfect solution for the interior and exterior barriers; including the walkways.

[AFTER]

[BEFORE]

- ▲ Slip resistant, durable & UV stable
- ▲ Pre-assembled & dry-fitted prior to shipping
- ▲ No load weight limitations
- ▲ Designed for immediate & simple installation
- ▲ No saw-cutting, no jackhammer necessary
- ▲ Choose from six color options with StoneCap™ coating
- ▲ 100% Recycled rubber & Made in the USA
- ▲ Ensures access code compliance

# EntryLevel™ Landing Applications

## COMMERCIAL

Commercial entrances are compliant in minutes. One, two or three sided landings. Available in various colors and heights, for almost any door configuration.

## RESIDENTIAL

Residential landings are often required where entrances do not allow for running lengths of ramp and where maneuverability at the entrance is required.

[BEFORE]

[AFTER]

## TRANSIT

Transportation facilities including bus stations and subway entrances require access adjacent to the approach area that includes a detectable warning built into the landing area.

[DETAIL]

[IN USE]

## SCHOOLS

Classroom entrances are easily made accessible with EntryLevel™ Landing products that can pick cross slope up to 4 %. Easily and quickly installed making compliance fast, affordable and attractive.

[BEFORE]

[AFTER]

## MULTI-FAMILY

Multi-family residences often require interior and exterior access modification that is quick and affordable. Whether new or retro-fit construction there are various product options available for this need.

[BEFORE]

[AFTER]

## STADIUMS

EntryLevel™ Landings are durable while providing safe, soundless slip resistant access to expansive facilities that experience heavy traffic.

### Customize the color of your EntryLevel™ Landing with StoneCap™ coating
