Subject: RE: Public records request

Hello,

I am writing in response to your public records request. Here is a link to the ordinance placing the measure on the ballot: <https://sfgov.legistar.com/View.ashx?M=F&ID=6339642&GUID=3981C764-7880-4597-B9FA-57F74DFC66CA>. You may be particularly interested on pages 8-9, where the Board adopted the question.

In the future, we would appreciate it if you could send public records requests directly to cityattorney@sfcityatty.org. If you have any other questions, you can contact us at the information below.

Best,

Please send replies to cityattorney@sfcityatty.org

Andrea Guzman

Subject: Public records request

Hi,

I'm a San Francisco resident seeking to get a little more information regarding Proposition A, the bond measure which appeared on the November 2018 ballot.

Would you please send me any government records or communications by city government personnel which establish, or relate to, proponents of that ballot measure having the legal authority to override either the California state limit of 75 words for the ballot descriptions of bond measures, or the 100 word limit for the ballot descriptions of such measures established by Section 510 of the San Francisco Municipal Election Code?

If you do not have access to the requested information, kindly forward this message to the individual(s) or department(s) you believe would be most likely to have the information requested, and let me know.

This is a public records request being submitted in the public interest.

Thank you,

Starchild
