TECHNICAL SKILLS

Frontend: React, Next.js (App Router), TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Design, Component-Driven Development, Design Systems

Web Architecture: React Server Components, Server Actions, SSR, ISR, Streaming SSR, BFF Architecture, Headless CMS, Monorepo (Turborepo), Edge Rendering, Serverless Functions

State Management: Redux, Zustand, React Context

Backend & APIs: Node.js, Express.js, GraphQL, REST APIs, API Design

Databases: MongoDB, PostgreSQL, Redis

Performance & Accessibility: Core Web Vitals, Lighthouse Optimization, Bundle Optimization, Code Splitting, Lazy Loading, Performance Monitoring, Accessibility

Testing: Jest, React Testing Library, Playwright, Unit Testing, Integration Testing, End-to-End Testing

Tools & DevOps: Git, GitHub Actions, Jenkins, CI/CD, Docker, Webpack, Vite, Babel, ESLint, Prettier, GitHub Copilot

Analytics & Search: Google Tag Manager, Google Analytics (GA4), Coveo Cloud Search

EXPERIENCE

Publicis Sapient Pune, India

Senior Experience Engineer *Aug 2024 - Present*

- Lead frontend development of a **Next.js App Router** B2B commerce platform (React, TypeScript, Tailwind CSS) serving **thousands of product pages**.
- Implemented SSR, ISR and React Server Components, improving initial page load performance by **~30%** and strengthening SEO indexing.
- Integrated **GraphQL** APIs through a **BFF architecture**, reducing frontend API complexity and improving data-fetching efficiency across multiple pages.
- Built reusable UI components aligned with enterprise design systems, reducing UI duplication and increasing development velocity across the codebase.

Infosys Pune, India

Senior Systems Engineer *Jul 2022 - Jul 2024*

- Migrated legacy SPA applications to a **Next.js hybrid SSR architecture**, improving SEO visibility and reducing page load times by **20-30%**.
- Optimized frontend performance with code splitting, lazy loading and bundle optimization, raising Lighthouse scores from **~70 to 90+**.
- Integrated **Coveo Cloud Search** to deliver enterprise search across large content datasets.
- Developed reusable React components and shared UI modules used across multiple application pages.

Voraco Pune, India

Frontend Developer *Jan 2021 - Jul 2022*

- Migrated the company website from WordPress to **CraftCMS**, improving page load performance by **~25%** and simplifying content management workflows.
- Built responsive web applications with React, TypeScript and Tailwind CSS for marketing and product web experiences.
- Integrated **GraphQL** APIs to power dynamic, data-driven interfaces.
- Developed reusable UI components and frontend patterns, improving maintainability and reducing duplicated UI logic.

EDUCATION

Savitribai Phule Pune University Nashik, India

Bachelor of Engineering in Computer Engineering *Jul 2014 - Aug 2020*
