

Westfield

Local Heroes

2021 Nominees **Australia and New Zealand**

**Recognising those who positively
impact our local communities and
the environment**

Each year we recognise and celebrate over 120 Westfield Local Heroes who make a positive impact to their local community or environment providing over \$1.2 million in community grants.

Westfield Local Heroes are positive community role models who work in a diverse range of sectors and with a varied degree of experience. They include environmentalists, innovators, community volunteers and leaders, welfare service providers, first responders, essential workers, health and medical experts, educators, social entrepreneurs and intrapreneurs.

For the fourth year running, we asked our communities to tell us about the Westfield Local Heroes in their communities. In response, we received more than 1,400 nominations from across Australia and New Zealand.

We extend our sincere congratulations to all of our 2021 nominees and their affiliated organisations, and thank our many generous nominators who took the time to tell us about their local heroes.
