HELPFUL HINTS:

- Leave an expansion gap of 1/4" around the perimeter of room
- Work from 3-4 cartons at a time when installing
- Make sure your subfloors are clean, flat, and level 3/16" over a 10' span.
- Use chair protectors, mats, and rugs to help prevent scratching
- Do not install kitchen cabinets or other fixed objects directly over your floor
- Do not use additional underlayment if the product comes with pre-attached pad
- Do not install outdoors or over carpet
- Do not install your flooring over subfloors with non-embedded electrical radiant heat
