

FY 2018 Visit Cheyenne Business Plan
7-7 DRAFT

Mission of Visit Cheyenne

Visit Cheyenne develops, promotes, and protects the Cheyenne area travel industry, thereby creating memorable experiences for visitors and economic impact for Laramie County.

Vision Statement

The Cheyenne area provides an authentic visitor experience in the American West. The Cheyenne travel industry is busy year-round and is recognized as a major economic force in Laramie County.

Area Strengths (items we can influence)

- * Cheyenne has a very strong western brand. People throughout the world know of the City and envision cowboys, rodeos, railroads, and bison when thinking of Cheyenne. The brand is strongest among people older than 35 years old. The image of the west is not as strong among younger demographics who respond better to the outdoor recreational amenities of the area.
- * The Cheyenne area has a number of western activities that visitors expect - Cheyenne Frontier Days, gunslingers, melodrama, rodeos, bison, horseback rides, cowboy dinner show, carriage rides, train depot, western art, and western museums.
- * Cheyenne has a number of train attractions, such as the Depot, Depot museum, Big Boy engines, Engine 1242, French Merci train, and Ames monument. UP's acquisition of a Big Boy to be renovated in the Steam Shop has generated significant publicity. *UP allowed 15 special Trolley Steam Shop tours last year which attracted visitation from throughout the U.S. These tours showed the power of the Big Boy and Steam Shop as visitor attractions.*
- * Cheyenne's 150th birthday is in 2017 which may be a major opportunity for City publicity and special railroad events. In addition, the solar eclipse in August 2017 will be a big opportunity.
- * Visit Cheyenne has developed or supported several new events in the past two years – Cheyenne Restaurant Week, Food Truck Rallies on the Plaza, Comic Con.
- * The Cheyenne Depot is quite active as a visitor destination. Visit Cheyenne's lobby Visitor Center is more inviting and attractive with the new information desk, information kiosks, and photo kiosk.
- * Cheyenne is a regional shopping hub. Shopping is quite popular for WY conventioners.
- * The Cheyenne Street Railway Trolley is a solid visitor attraction during the summer months, a quaint transportation option for conventions, and a visible ad for Visit Cheyenne to the community.
- * The Cheyenne area has various facilities available for meetings - CFD Exhibition Center, Cheyenne Ice & Events Center, Atlas Theater, Civic Center, Kiwanis Community House, Terry Bison Ranch, Nagle Warren Mansion, Laramie County Community College, Little America, Radisson, and the Plains Hotel. *Next year, the Botanic Gardens will be a great new meeting facility.*

- * WYDOT and the City of Cheyenne have completed road beautification of the West Lincolnway entrance into Cheyenne and are working on new trackside landscaping. *The repainted BNSF bridge is another great addition. Expanding the landscaping farther would improve the entryway.*
- * Visit Cheyenne operates a system of 8 cell phone audio tours (7 for museums, 1 big boot art tour). Visit Cheyenne helped several area museums take the next step by creating new mobile websites that incorporate video, audio, and more suitable for mobile devices. *However, support for these systems among our museums is uneven.*
- * Visit Cheyenne has a 501 c3 organization --DISCOVER CHEYENNE-- established to pursue educational and infrastructure grants with the City of Cheyenne and other groups.
- * Laramie County is served by year-round State Visitor Centers in Pine Bluffs and Cheyenne, and a seasonal center at the I80 Summit.
- * Visit Cheyenne has a strong social marketing effort with a presence on Twitter, Facebook, Youtube, Pinterest, Instagram, and Flickr.
- * Visit Cheyenne offers aggressive convention services: Live the Legend receptions, a branded registration desk, phone charging stations, photo kiosk, and online convention registration. Wyoming and front-range meeting planners are finally recognizing the value of these services and are requesting Visit Cheyenne assistance more frequently.
- * Cheyenne has a new arts organization called Arts Cheyenne to foster more arts activities and participation. Visit Cheyenne was instrumental in pushing for this merger.
- * *Visit Cheyenne worked with the City to develop, fund, and implement a Wayfinding System consisting of signage throughout the community.*
- * Visit Cheyenne has helped create new evening event options for conventions and leisure groups: Old West Museum Frontier Nights, Freedom's Edge Tasting Party, Atlas Theater Mini-Melodrama, etc.
- * Cheyenne's Destination NEXT process revealed that Cheyenne has above-average community support from the broader business community and public.
- * *The Visit Cheyenne Board of Directors developed an updated Strategic Plan for the organization.*

Area Weaknesses (things we can influence)

- * The area has seen a significant reduction in business travel over the past two years, resulting in lower room demand. This is especially pronounced during the winter.
- * Despite Cheyenne's proximity to Denver and the Front Range, most Colorado residents do not know about Cheyenne's amenities beyond Cheyenne Frontier Days.

- * The Cheyenne area lacks major year-round attractions capable for holding visitors for more than a few hours. Many of Cheyenne's attractions operate only during the summer months.
- * Cheyenne's major hotels and meeting spaces are not located in close proximity to one another, requiring added transportation and logistics. Cheyenne does not have a private bus company that can help provide group transportation.
- * Laramie County lacks hotels that are certified as "green" properties, which can be important to some groups and guests.
- * All Cheyenne is not united behind a "brand" for Cheyenne (economic development organizations, elected officials, civic organizations). This lack of unity makes it difficult to create and maintain branded, authentic community infrastructure (private and public).
- * Cheyenne lacks extensive sports facilities and a unified effort to develop these amenities.
- * Cheyenne is not very attractive on main entranceways into the community or along the interstates.
- * Many area residents think that the visitor industry lasts only the 10 days of Frontier Days. Many locals are not aware of local attractions and events, especially millennials.
- * Cheyenne has limited air travel capacity with Great Lakes Aviation, whose dependability has suffered significantly recently.
- * Because of security concerns, Visit Cheyenne and visitors are unable to access Warren Air Force Base and its attractions.
- * In the past few years, Cheyenne Frontier Days has been targeted by animal rights groups regarding its treatment of rodeo animals.
- * Visit Cheyenne's older 3 trolleys are becoming quite expensive to repair.
- * State and Federal government budget cuts are drastically reducing government travel and meetings.
- * Cheyenne's Destination NEXT process revealed the following needs for the community:
 - 1) Iconic attractions and events
 - 2) Downtown redevelopment
 - 3) Convention Center and headquarter hotel capacity
 - 4) Branding
 - 5) Wayfinding
 A full summary of the Destination Next results is at the end of this SWOT analysis.

Opportunities (items out of our control)

- * WY State Parks is redeveloping an abandoned missile launch silo which will become a new attraction for the area with a planned opening in the summer of 2018.

The National Center for Atmospheric Research (NCAR) opened the world's largest supercomputer in Cheyenne in 2012, including a visitor center.

- * The use of mobile devices to access the internet is booming, as are various types of social media. These trends are opening new channels of two-way communication with customers.
- * Cheyenne is located on the northern tip of the vibrant and populous Colorado Front Range, only 95 miles from Denver. Cheyenne is at the intersection of two interstate highways – I80 and I25.
- * Because of Cheyenne's location between major attractions (Yellowstone, Rocky Mountain National Park, Mt. Rushmore, Black Hills) and our interstates, many travelers come through Cheyenne on their trips in our region.
- * Cheyenne is home to Warren Air Force Base with its visitor attractions and military heritage. The base supports a vast network of veterans and family members who once were housed at the base.

Threats (items out of our control)

- * Short-term rentals (like Air BnB) are becoming a growing issue throughout the United States and Laramie County.
- * With the exception of the Colorado Front Range, the Cheyenne area is relatively far from major population centers. Cheyenne is not centrally located in Wyoming which is important to some statewide associations and groups for their meetings.
- * Because of Wyoming's low population, there is limited Wyoming participation in regional associations, making it difficult for some associations to hold their multi-state meetings in the state.
- * Severe weather can hinder travel to the Cheyenne area, particularly during the winter months. Often, the external perception of this problem is greater than the actual problem.

DESTINATION NEXT STUDY RESULTS
