Experience the Cheyenne Spirit...

Settled by rugged pioneers following the path of the transcontinental railroad, Cheyenne beckoned settlers who moved into the flourishing town full of rowdy bars alongside elegant opera houses and theaters. From there Cheyenne grew into a business center for the West and, eventually, into the Capitol for the new State of Wyoming.

Cheyenne is a unique city, proud of its rugged past yet continuing to move forward. Outdoor adventure such as world-class mountain biking trails and business developments such as massive computer data centers illustrate this progress.

Come experience our West – in Cheyenne!

Get Out and Play!

Those who relish a four-season climate will enjoy Cheyenne. Here, you'll find landscapes painted with rich fall colors, snow-capped winters, vibrant summer flowers and blue spring skies. And breath deeply; the American Lung Association routinely ranks Cheyenne its #1 "Cleanest Air" U.S. City.

Just west of Cheyenne, adventure awaits! A well-defined system of trails serve as bike and hiking paths in the summer, snowshoeing, cross country skiing and fat biking trails during winter; streams and reservoirs offer fishing and boating; and spectacular rock formations provide climbing and photo opportunities! The International Mountain Bicycling Association has designated the trails at Curt Gowdy State Park as "Epic"— their designation for the best trails in the region.
