Conodoguinet Creek

The creek is approximately 90 miles long and weaves through agricultural lands, villages and small towns. You can enjoy a leisurely float, fishing and bird watching on this Class 1 stream. The trail begins near Carlisle at North Middleton Park. Its series of elaborate bends and loops meander through Cumberland Valley and end at "The Point" in West Fairview, where the creek flows into the Susquehanna River.

Yellow Breeches Creek

The world-renowned limestone stream, Yellow Breeches Creek, originates on South Mountain, in Michaux State Forest, near Walnut Bottom. From there, the Yellow Breeches meanders through Cumberland Valley's farmland, forested areas and suburbs, and joins the Susquehanna River near New Cumberland. The main stem of the Yellow Breeches is some 49-miles long & 60-feet wide at its middle stretch.
