Fort Worth Convention Center

Capacities & Floor Plans

R

emnants of the past merge seamlessly with the vibrant present, making Fort Worth a sophisticated city that still holds on to its Old West charm.

It's unlikely you'll find another place with two daily cattle drives in its streets and a cultural district featuring several world-class museums. Or a pairing like the Stockyards National Historic District, with its cowboys, saloons and rodeos, and the Bass Performance Hall, a site for outstanding ballet, symphony and theater.

Sundance Square, a 35-block district of boutiques, restaurants, movie theaters, nightclubs, galleries and historic buildings, has a little of something for everyone. The city also has a nationally acclaimed Zoo, beautiful Water Gardens, Texas Motor Speedway, the second-largest sports and entertainment facility in America, and some of the finest shopping in the Southwest. Nighttime strolls are a bonus, as Fort Worth is one of the safest large cities in the country.

You'll experience the same winning combination of hometown warmth and uptown energy at the Fort Worth Convention Center, one of the Southwest's premier sites for events large and small, from corporate meetings to trade shows.

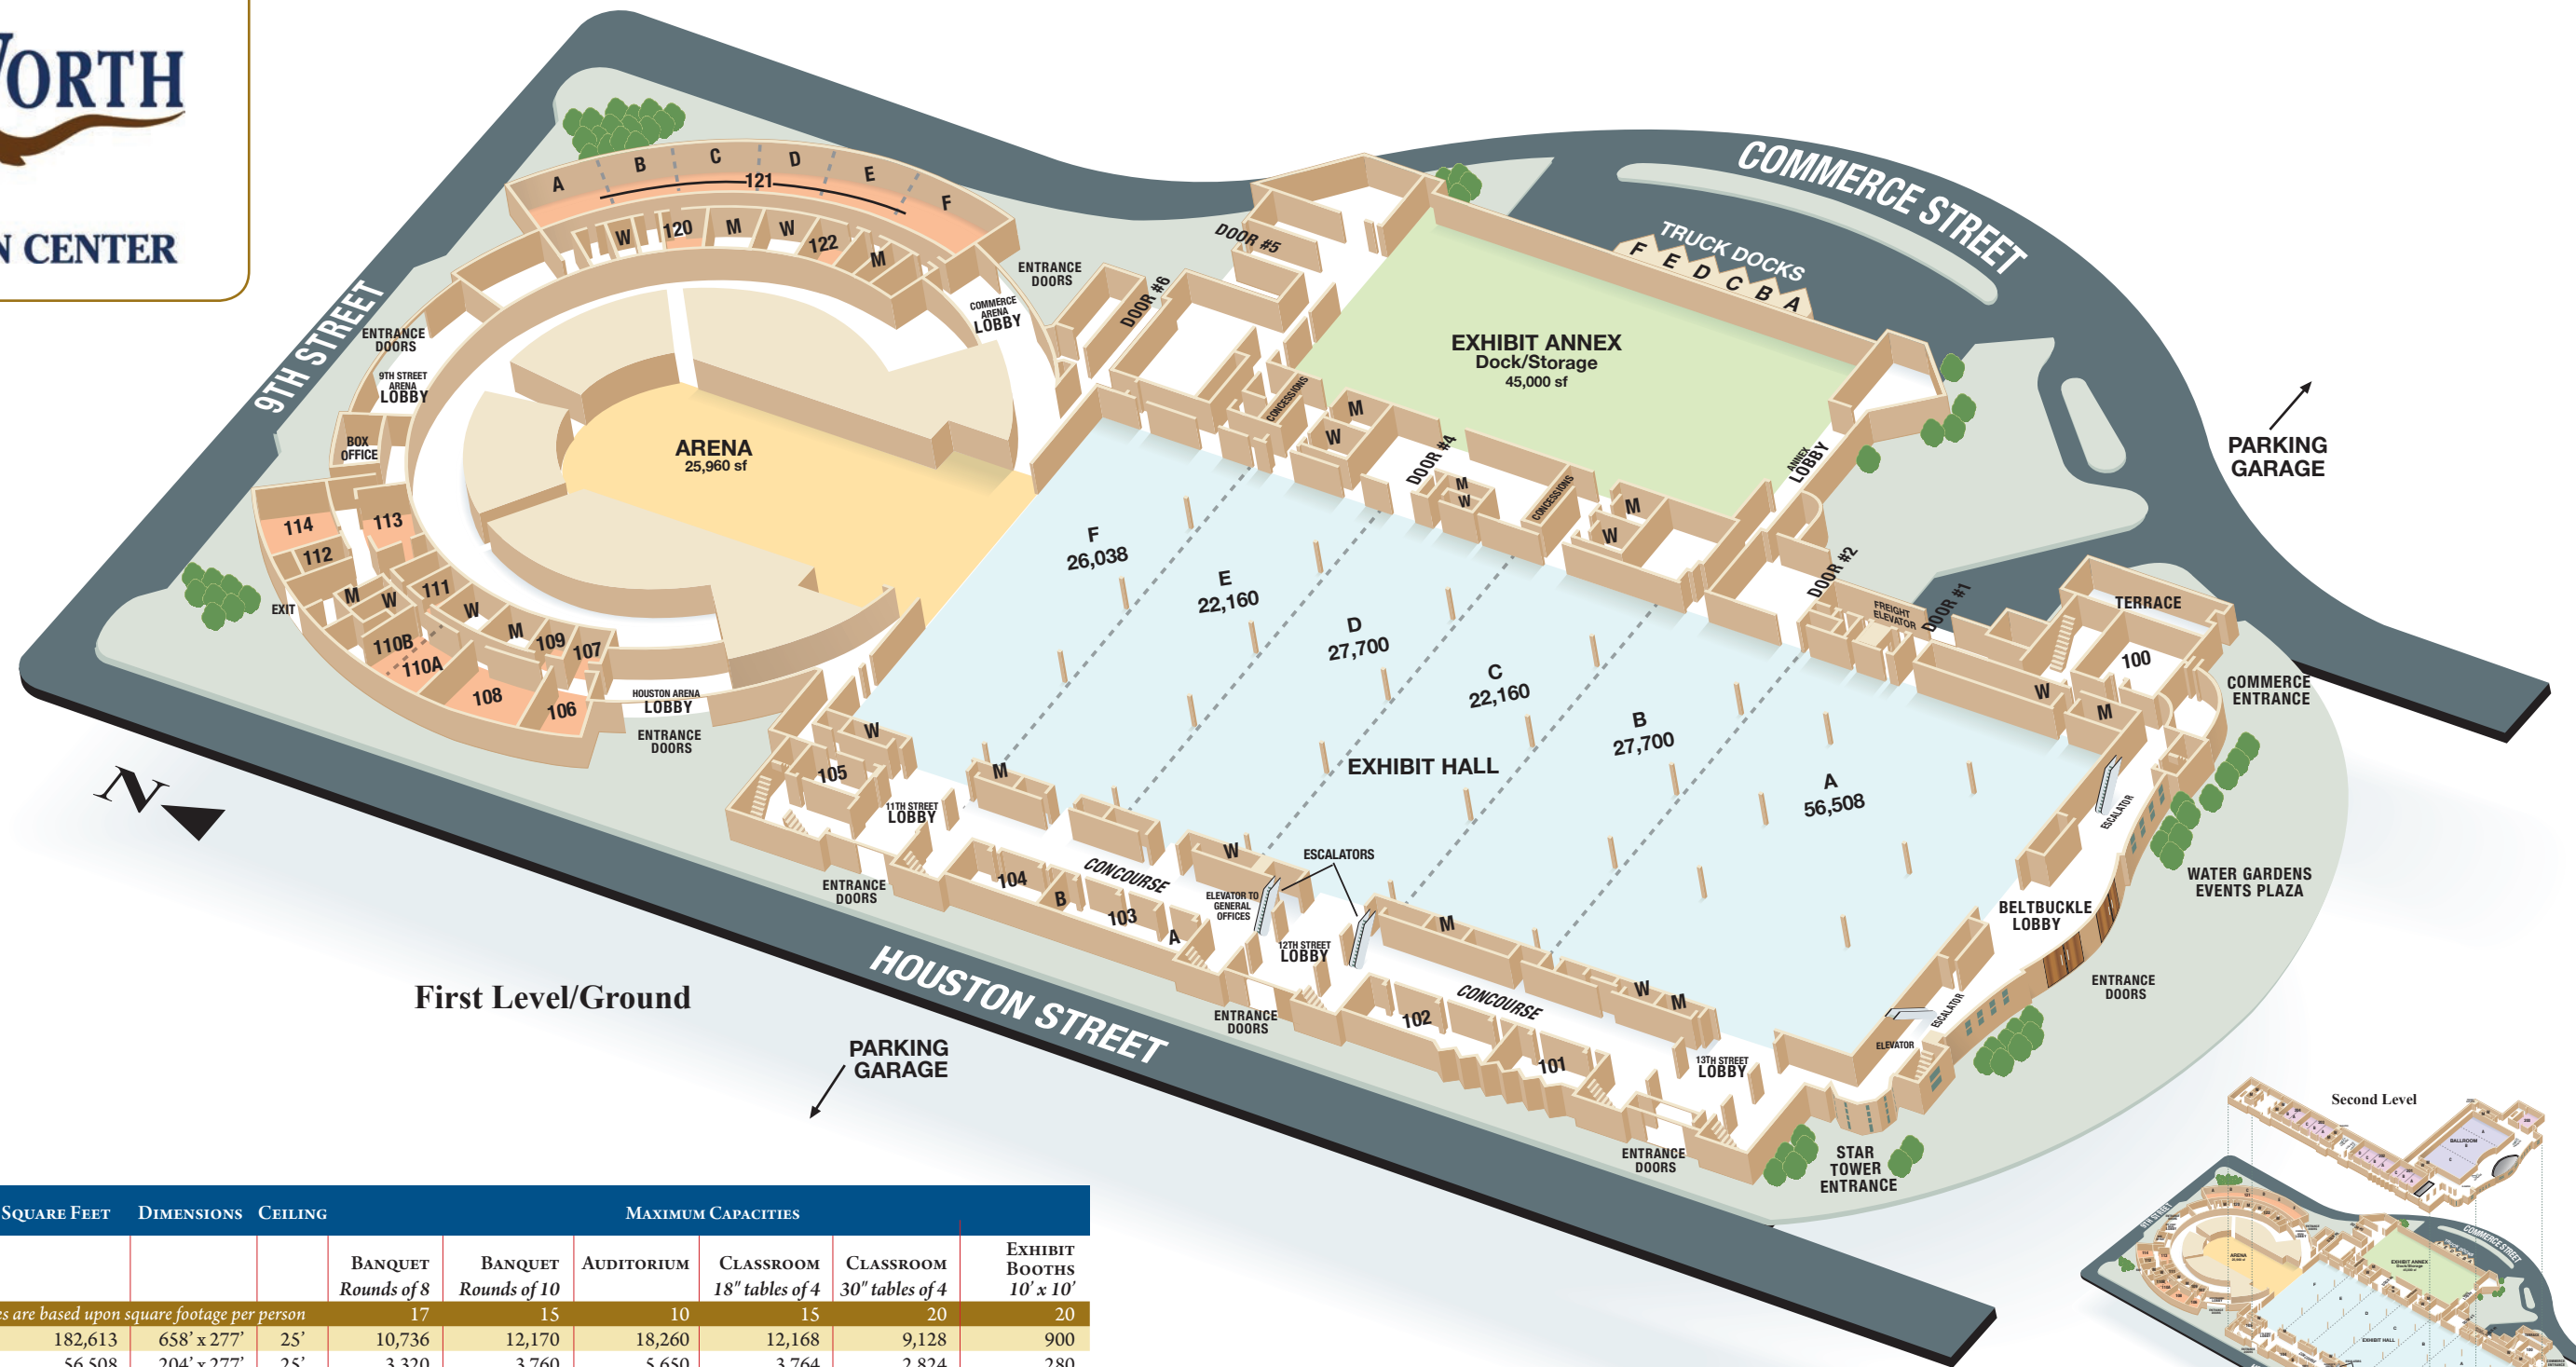

With its striking architecture and state-of-the-art facilities, this first-class, high-tech center features:

- ★ More than 250,000 square feet of exhibit space
- ★ 28,160-square-foot ballroom (the largest in the city)
- ★ 55,000-square-foot events plaza (linked to the Water Gardens)
- ★ 38 breakout rooms
- ★ Arena with seating capacity for up to 12,918
- ★ Easily accessible dock facilities
- ★ Convenient access to 3,000 guest rooms in exceptional downtown hotels (13,000 rooms citywide)

In a city where cowboy mystique meets urban chic, Fort Worth Convention Center is the perfect place to take your event from unimaginative to unforgettable.

| Ballroom Lobby | 7,500 |

Fort Worth Convention Center has 38 total meeting rooms. Our maximum capacities are calculated with tables and/or chairs in the room. Maximum capacities will be reduced when staging, audio visual equipment or any ancillary equipment is added to the room. Capacities are subject to change based on the size of head table, audio visual and catering requirements.
