## PHILLIP ISLAND NATURE PARKS

Phillip Island Nature Parks is one of Victoria's and Australia's most spectacular locations and unique incentive destination. The Phillip Island Nature Park is a self-funded, not-for-profit organisation committed to sustaining and maintaining the unique Phillip Island wildlife and environment. It offers groups opportunities to view an abundance of Australian wildlife in its natural setting. Churchill Island working farm, the Koala Conservation Centre, the Nobbies Centre and the world-famous Penguin Parade are all within 10 minutes drive of each other.

### The Penguin Parade

A range of viewing options from small intimate groups on the beach where one is able to count the number of penguins with a dedicated Ranger, to the new underground viewing option or grandstands that can cater for large groups up to 4,000 people.

### The Nobbies Centre

Take advantage of the latest technology at the new Antarctic Journey WWF (World Wide Fund for Nature) experience perched on cliffs overlooking the wild waters of Bass Strait. The Nobbies Centre caters for groups up to 400 people.

### Churchill Island Heritage Farm

This unique 57-hectare island is open to groups as a working farm. The island can cater for small or large groups up to 5000 people, and activities include traditional farming chores, milking the cows, sheep shearing, whip cracking, working dogs and blacksmith demonstrations. Churchill Island is a perfect setting for gala dinners and a variety of client entertainment options.

### Koala Conservation Centre

This attraction has Australia's highest eco-tourism ratings, and unlike a standard zoo, it allows visitors to get up and personal with these Australian icons in their natural habitat. Corporate groups can also take a 'behind the scenes' tour with a Ranger and offers after-hours koala spotlighting.

### Catering

The experienced catering team prides itself on using local produce to deliver a tailored gourmet menu for any event. A variety of catering options are available from picnic hampers to small groups or large gala events.

### Conferencing

Phillip Island Nature Parks has several bespoke venues to cater for conferences.

### Unique Corporate Experiences

#### Wild Oceans EcoBoat Tour

The EcoBoat is Phillip Island Nature Parks' newest attraction, enabling guests to experience the spectacular coastline of Phillip Island and the largest Australian Fur-Seal colony in the world.

#### Saving Australia's Wildlife

Competitive team building activities are available whereby guests are able to build penguin, possum or bat homes, which can be branded with a corporate logo and placed strategically in the park to help with habitat restoration.

#### Short-tailed Shearwater Migration

Short-tailed Shearwaters arrive on Phillip Island each year in September and spend the summer raising their single chick in a sand dune burrow. Groups can share in a unique opportunity to sit high on the Woolamai beach sand dunes and watch the Shearwater migration arrive on Phillip Island. A private dinner follows in the nearby Woolamai Surf Club.

Phillip Island Nature Parks is a self-funded not-for-profit organisation committed to sustaining and maintaining the unique Phillip Island wildlife and environment.
