

# JFK

IN NEWPORT

The legacy of John F. Kennedy is synonymous with New England, especially in Newport. President Kennedy treasured the City by the Sea, including his wartime training at the Newport Naval Station, his wedding at St. Mary's Church, watching the America's Cup races off Newport's shores and his "Summer White House years" at Hammersmith Farm. Journey back and experience the stories that lead to the Camelot legacy.

## A PEEK INSIDE CAMELOT.

- ★ **9:30am to 11am:** Experience a narrated tour of scenic Ocean Drive which encompasses the southernmost coastline of Newport. Highlights of the tour includes views of Newport Country Club, a frequent spot where the President would indulge in his favorite sport; views of famed Bailey's Beach, where the Kennedy family would socialize and relax; St. Mary's Church, where the couple exchanged vows; and Hammersmith Farm, where 1,200 guests celebrated their nuptials. The tour also includes historic landmarks, picture perfect vistas and incredible architecture; true examples of why the Kennedys fell in love with Newport.
- ★ **11am to 12pm:** The group will take a harbor cruise on board the Gansett, a classic yacht appointed with comfortable seating, a broad sun canopy, and modern amenities. Sailing was one of JFK's favorite activities and you'll experience why Newport is known as the "Sailing Capital of the World." Enjoy an up-close view of Hammersmith Farm, formerly the Auchincloss estate—a place filled with happy memories of the summers Jackie spent there as a child and later as First Lady.
- ★ **12pm to 2pm:** Savor a "patriotic lunch" with harbor views followed by a Kennedy Trivia Quiz marking John F. Kennedy's 100th birthday.
- ★ **2pm to 3pm:** Sit back and enjoy Return to Camelot, a live musical and video presentation at St. Mary's Church. On September 12, 1953 more than 750 guests filled St. Mary's Church to watch as then-Senator John Kennedy and Jacqueline Bouvier said "I do." Following the 40-minute ceremony, the newly married couple emerged into a throng of 3,000 well-wishers as they made their way by motorcycle escort to Hammersmith Farm. On this tour, see the stunning church, built in 1849 and identical to the way it appeared when the Kennedys wed and see the inscribed pew where the couple sat for Sunday mass while summering in Newport.
