

PORT EVERGLADES TARIFF NO. 12

Item No. 300–Basis of dockage charge.

Issue No. 1

Effective Date: October 1, 2006

When dockage is based on gross registered tonnage, the highest gross registered ton of the vessel as shown in Lloyd's Register of Shipping will be used in determining the charge. When dockage is based on the length of the vessel, the overall length as shown in Lloyd's Register of Shipping will be used in determining the charge. If the length is not listed in the Register, it will be determined from the Certificate of Registry or other certified document. However, Port Everglades reserves the right to admeasure any vessel when deemed necessary and use such measurement as the basis of the charge.
