4. CEO Report

C. Davison provided an update on VSLOC staffing. VSLOC is subscribing to quarterly VisaVue® Travel reports. An easy-to-read infographic form of the report will be posted to the Members Area of the VSLOC website. The annual audit process commenced on September 9, 2016 with an on-site visit. The final audit document will be reviewed at the October Board meeting. VSLOC's Crisis Communication Plan was tested for the first time with the Chimney Fire. VSLOC is making minor revisions to the plan. VSLOC developed a flow chart outlining the lead management process, including collaboration and distribution. This will be posted to the Members Area of the VSLOC website. VSLOC contracted Gladwell Governmental Services to create a document retention policy, which will be presented to the Board in October for approval. 5. FY2015-16 Annual Report

A draft copy of the Annual Report was distributed to the Board members. Davison asked Board for approval of the FY2015-16 Annual Report.

ACTION: Moved by **Graves/Seymour** to approve the Annual Report.

Motion carried: 10:0

6. Event Sponsorship Update

Davison recapitulated VSLOC's sponsorship of AMGEN Tour of California's Morro Bay start and gave an update on current negotiations for the upcoming AMGEN event that are taking place directly with the cities. Davison asked the Board for direction on how to proceed with AEG, which manages the event.

The Marketing Committee recommends changing the general event sponsorship criteria to include the following: one to two large county event opportunities, a focus on out-of-market SAVOR events and assistance with other local events through in-kind marketing only. Davison asked for Board approval of the Marketing Committee's recommendations for VSLOC event sponsorship criteria.

Board Discussion.

Public Comment - None.

ACTION: Moved by **Graves/Pearce** to authorize VSLOC to allocate up to \$50K for AMGEN sponsorship, to be split between the start and finish as VSLOC deems proportionately appropriate. This would be in conjunction with the individual cities and BIDs, granted that AEG provides the appropriate coverage to VSLOC to justify the cost.

Motion carried: 10:0

ACTION: Moved by <u>Wightman/Patel</u> to change VSLOC event sponsorship criteria based on the Marketing Committee's recommendations.

Motion carried: 10:0

7. SAVOR the Central Coast

IWSC Group has made a proposal to VSLOC to purchase and operate SAVOR the Central Coast. Davison asked for the Board's recommendation as to how to proceed.

Board Discussion.

Public Comment – Toni LeGras, Beachside Rentals, asked if IWSC would own the SAVOR the Central Coast brand if an agreement was made. Kristin Huebner, Pismo Beach CVB, noted that this event has previously relied on the cities to provide funding, and that this should be considered during discussions with IWSC.

ACTION: Moved by <u>Pearce/Graves</u> to approve entering into proposal discussions with IWSC Group for the sale of SAVOR the Central Coast as a local event.

Motion carried: 10:0

8. Airport Development

Davison gave an update on air service development. Due to the new Seattle air service project, the airport will not be eligible for additional grant funding for air development until Q4 2018/19. Davison suggested that new service development would need to come from a minimum revenue guarantee (MRG) or LOC, which is estimated to be at \$1-1.5 million for Dallas/Denver air service. Davison asked if the Board saw a scenario where VSLOC might bet aside \$100K+ into an MRG. The Board discussed and the consensus was yes, but that it would depend on the flight city. Davison noted that an economic impact study is \$10,000, and asked the Board if VSLOC should share the cost in this study with the EVC and SLO County Regional Airport.

Board Discussion.

Public Comment - None.

ACTION: Moved by **Graves/Arnold** to approve participating in a shared cost program for a Dallas/Denver flight economic impact study.

Motion carried: 10:0

PRESENTATION

12. Measure J

Jorge Aguilar and James Worthley from SLOCOG discussed Measure J, a new tax initiative that would support infrastructure funding throughout San Luis Obispo County. Davison asked for the Board's position on VSLOC advocating for or against the initiative.

Board Discussion.

Public Comment – Toni LeGras, Beachside Rentals, stated that this issue isn't something the tourism board should take a position on. Kristin Huebner, Pismo Beach CVB, suggested that a poll should be done with constituents, and that the Executive Committee should choose a stance based on those results.

ACTION: Moved by Patel/Hamilton that VSLOC will advocate in favor of Measure J.

Motion carried: 7:2:1

Pearce abstained.

Arnold and Seymour opposed.

Report on the Financial Statements

We have audited the accompanying financial statements of Visit San Luis Obispo County (The Organization), which comprise the statement of assets, liabilities, and net assets – cash basis as of June 30, 2016, the related comparative statement of support, revenue, expenses – cash basis, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting as described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Visit San Luis Obispo County Independent Auditors' Report (continued) For the year ended June 30, 2016

Auditor's responsibility (continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of Visit San Luis Obispo County as of June 30, 2016, and its support, revenue and expenses for the years then ended, in accordance with the cash basis of accounting as described in Note 1.

Basis of Accounting

The financial statements are prepared on a cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION AND PURPOSE

Visit San Luis Obispo County (Organization) is a not-for-profit corporation organized to promote the economic, social, civic and cultural welfare of the San Luis Obispo County area. The Organization is a membership organization, whose function is to promote the tourism attributes of San Luis Obispo County and its cities. The Organization activities include, but are not limited to: newspaper, magazine and direct mail advertising, participation at travel trade shows, brochure and other publications development, solicitation of group, conference and film business, assistance with conference planners, media relations, acting as liaison with the State Office of Tourism, and other activities which would reasonably be part of a tourism promotion program. The Organization is exempt from federal and state income taxes under Internal Revenue Code Section 501(c)(6).

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The Organization's policy is to prepare its financial statements on the cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Consequently, revenues are recognized when received rather than when earned, and expenses are recognized when cash is disbursed rather than when the obligation is incurred. The financial statements do, however, include a provision for depreciation of the Organization's fixed assets.

Cash and Cash Equivalents – Cash and cash equivalents include all monies in banks and highly liquid investments with maturity dates of less than three months. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

Revenue - The Organization receives the majority of its revenues from tourist related industry memberships, member supported programs and assessment revenue, all of which are entirely within San Luis Obispo County.

Fixed Assets – Fixed assets are recorded at cost. Depreciation is provided for using accelerated methods over periods ranging from 5 to 7 years.

Employees - The Organization employs seven full-time employees and one part time employee.

Use of Estimates -- The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Financial Statement Presentation – Under Statement of Financial Standards No. 117, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The Organization has only unrestricted net assets. Unrestricted net assets represent the portion of expendable funds that are available for support of Organization operations.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions – Statement of Financial Accounting Standards No. 116 requires the Organization to record contributions received as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions. Donor-restricted contributions whose restrictions are met in the same year are reported as unrestricted support. SFAS No. 116 also requires recognition of contributed services meeting certain criteria, at fair values. The organization has only unrestricted contributions.

NOTE 2: ASSESSMENT REVENUE

In June 2015, the Organization was awarded a contract to manage the countywide Tourism Marketing District beginning July 1, 2015 and running through June 30, 2020. The 1% assessment is remitted to the Organization to use for countywide tourism marketing. The following amounts were received during the fiscal year ended June 30, 2016:

MANAGEMENT ADVISORY COMMENTS

For the Year Ended June 30, 2016 September 22, 2016

To The Board of Directors at Visit San Luis Obispo County

In planning and performing our audit of the financial statements of Visit San Luis Obispo County as of and for the year ended June 30, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Organization's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore material weaknesses or significant deficiencies may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness; yet important enough to merit attention by those charged with governance.

However, during our audit we became aware of some matters that are opportunities for strengthening internal controls and operating efficiency. This letter does not affect our report dated September 22, 2016, on the financial statements of Visit San Luis Obispo County.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with Organization management, and we will be pleased to discuss these comments in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations. Our comments are summarized as follows:

September 22, 2016 Visit San Luis Obispo County Page 2

Segregation of Accounting Duties

During our review of the cash receipt process, it was noted that the person opening the mail was posting the cash receipts, preparing the bank deposit and taking the deposit to the bank. It is recommended that another individual open the checks when they come in the mail and make a listing of the checks received prior to giving them to that individual to prepare the bank deposit. This list can then be reconciled with the deposits recorded on the books by the bookkeeper.

Vendor Invoices

During our previous review it was noted that several vendor invoices were missing proper documentation and in some cases there were no supporting documents to substantiate the payment. Without the proper documentation vendors could be over or underpaid. We have noted a significant improvement over the last two years but it was noted a limited number of invoices still did not have the approval stamp or any type of notation as to approval for payment.

We recommend that all invoices be approved and some type of notation be made on the invoice as to approval prior to payment.

We wish to thank Chuck, Brendan and Allison at Visit San Luis Obispo County for their support and assistance during our review.

This report is intended solely for the information and use of the Board of Directors, management and others within the Organization and is not intended to be and should not be used by anyone other than these specified parties. This letter does not affect our report dated September 22, 2016 for the financial statements of Visit San Luis Obispo County.

DEAR STAKEHOLDERS,

Visit San Luis Obispo County (VSLOC) is excited to unveil our 2016 – 2018 Marketing Plan. As we consider the past year, we are proud of the progress and accomplishments our organization has achieved. With new, in-depth research, a new marketing agency focused on establishing a unifying and emotionally resonating SLO County brand and a multi-year strategic plan, the stage is now set for some major advancements in the coming years. Moving forward, our focus continues to be on: 1) creating greater awareness of our county and its assets, and 2) increasing demand for overnight stays.

Earlier this year, in partnership with Merrill Research, VSLOC conducted a first-of-its-kind data collection about SLO County. A demographic and share-of-wallet study, as well as a feeder market awareness study were conducted. The findings from this research will continue to be used to craft our brand, our position and our target market strategy for the immediate future.

Also in 2016, VSLOC contracted Coraggio Group on the development of a multi-year, countywide strategic plan. Over the course of several months, the development process included interviewing stakeholders, assembling a planning committee and taskforce and the vetting of the plan and process with our board and constituents to determine key initiatives. The strategic plan has provided our organization with an illuminated roadmap and navigational direction for the next three years of the Tourism Marketing District. New vision and mission statements were established, as well as key imperatives containing specific objectives and initiatives, placing the consumer at the front of all we do.

Our new marketing agency, BCF, hit the ground running in July 2016. Their foremost task was to create and unveil a new consumer brand, approved by our Board of Directors in October 2016. As a major strategic plan initiative, this brand will be the trademark of San Luis Obispo County as we develop our shoulder season campaign designed to increase feeder market awareness of our destination throughout the Los Angeles, San Francisco Bay Area, Seattle, Phoenix and Las Vegas areas. BCF will work with VSLOC to establish a regional market media plan, a new engaging website and fresh, consumer-friendly content.

VSLOC recently celebrated a big win in partnership with the San Luis Obispo County Regional Airport and the Economic Vitality Corporation, as Alaska Airlines announced new nonstop service to San Luis Obispo from Seattle, beginning April 2017. This win produces a new destination choice for the Seattle consumer to explore, providing easy access to our region for over half a million potential visitors.

San Luis Obispo County will hit the road in 2016-17 as VSLOC collaborates with local restaurant, winery, brewery, spirit and activity partners to create "SAVOR—A San Luis Obispo County Experience" at food, wine, and lifestyle events throughout key regional feeder markets. The events will feature a large destination-experience, showcasing the best of San Luis Obispo County with a goal of encouraging those attending to plan a trip to San Luis Obispo County to experience the destination firsthand.

As we look towards the future, the opportunities that lie ahead seem endless. Included in this Marketing Plan, you will find a detailed outline of the 2016 – 18 marketing initiatives for Visit San Luis Obispo County. We invite you to discover how your business can be a part of it all.

All the Best.

2015 - 2016 HIGHLIGHTS

VSLOC continues to serve as a strategic partner of the San Luis Obispo County Regional airport, in cooperation with the Economic Vitality Corporation to attract visitors to the area. New service this year included an additional flight from the San Luis Obispo County Regional Airport to Phoenix on American Airlines. After years of discussion with Alaska Airlines, new air service between Seattle and San Luis Obispo will begin in April 2017.

In April, 2016, Visit San Luis Obispo County announced their new marketing agency partnership with BCF agency, effective July 1, 2016. BCF will use market research and a multi-year strategic plan to create an impactful new brand for Visit San Luis Obispo County, ultimately resulting in a marketing campaign geared towards promoting the region in the shoulder season, during off-peak months.

DRAFT

In 2016, Visit San Luis Obispo County expanded their international footprint, with UK/Ireland international representation. Through their partnership with Visit California, Visit San Luis Obispo County will participate in China and Mexico sales missions, a first-time co-op attendance at ITB Berlin, along with hosting a first-time Global Ready Seminar, focused on educating constituents on preparing for increased visitation from China.

"There's nothing like an American road trip, and the coastal road between Los Angeles and San Francisco offers one of the best." This quote was taken from a Lonely Planet article written by Australian author Tim Richards, after he completed a visit hosted by VSLOC. The piece featured San Luis Obispo County's local fare and geography and positioned it as the perfect place to take a break on the California road trip. This is just one of many featured articles on San Luis Obispo County in 2016.

Visit San Luis Obispo County has partnered with local restaurant, winery, brewery, distillery and activity partners to take SAVOR on the road as "SAVOR—A San Luis Obispo County Experience". These destination roadshow experiences will be held at food, wine and lifestyle events in key regional feeder markets. The first event will take place at the San Diego Bay Wine and Food Festival in November, 2016 with additional events in early 2017.

A Growth Industry

The U.S. vacation and tourism market continues to grow, and is expected to continue the upward trend through 2020 reaching \$285B. (Source: Bureau of Economic Analysis, U.S. Office of Travel and Tourism Satellite Accounts/Mintel.)

The Sharing Economy Continues

The regulatory issues surrounding the sharing economy are not acting as much of a deterrent for new entrants on both the supply and demand side. Interest in lodging at alternate accommodations (e.g., Airbnb, HomeAway, etc.) resonates across household incomes and generations.

Less "Me, Too" and more "Just Me"

A study by Virtuoso Research in 2016 found that U.S. tourists are more interested than ever in exploring lesser-known, hidden jewel destinations. Skift's Megatrends Defining Travel in 2016 reports that just 31% of travelers book a trip based on their past experience at a destination.

Travel Is Mobile

There is no going back when it comes to mobile, whether it's the platform used to do research prior to travel, or for in-market research, the convenience and ease of mobile is undeniable. Furthermore, mobile allows destination brands to create more immersive experiences with their travelers. (Source: Skift Megatrends Defining Travel in 2016.)

Experiential Travel Marketing Is Exploding

Experiential marketing—messaging you can touch, feel or view in a physical space—provides destination brands with visible and impactful opportunities to stand out and to be more personal with their traveler targets. Experiential marketing moves beyond the message toward a more tangible relationship. (Source: Mintel.)

Online Suppliers > OTAs

According to a recent Mintel Research Study (n = 2000, internet users aged 18+), there is a preference for booking travel online directly over using an online travel agency (37% vs. 27% for hotels; 38% vs. 27% for air travel), though OTAs are still valued during the research phase of trip planning.

Pocketwise Travel

Consumer confidence is up 2.3 points over the previous year as of September, 2016, which makes leisure travel more appealing. (Source: The Conference Board.) While consumers are willing to spend, they remain cautious when it comes to value for their dollar. Instead of buying more, they're looking to get more out of what they buy.

Multi-generational Travel & Groupaways

The face of family travel has changed to include extended families—31% of U.S. grandparents took at least one trip with their grandchildren in the past 12 months. (Source: Mintel.) Beyond traditional family vacations, there is also an emerging trend toward group getaways, driven by the value of friend networks and the rise of what PSFK calls the Nomad Class, "untethered creatives, who maintain successful careers and personal lives as they adventure around the world."

STRATEGIC **PLAN**

Under the facilitation of Coraggio Group and with the active participation of stakeholders throughout the county, Visit San Luis Obispo County assembled a three-year Strategic Plan to align staff and stakeholders on the direction of the organization, its strategy and how the organization's success will be measured. The process, which spanned from April to June 2016, began with a stakeholder survey about the long-term direction of tourism in San Luis Obispo County. At the same time, Coraggio Group conducted telephone interviews with 20 stakeholders, including several lodging partners, local Destination Marketing Organization (DMO) representatives and city managers. Next, Coraggio held three two-day workshops. Each workshop included several hours spent with the Planning Team, consisting of VSLOC leadership, Michael Manchak from the San Luis Obispo Economic Vitality Corporation and Clint Pearce of Madonna Enterprises as the appointed board representative. These workshops were each followed by sessions with the Board Strategic PlanningTask Force, as well as separate sessions with stakeholders.

DRAFT

RESEARCH HIGHLIGHTS

Visit San Luis Obispo County worked with Merrill Research on two distinct market research projects to define existing and potential visitors.

Project 1: Share of Wallet Study and Demographic Study (SOWS)

1,000 respondents (500 California Residents and 500 Non-California Residents) were surveyed, including San Luis Obispo County visitors, prospects and fence-sitters. This study provided VSLOC with the opportunity to learn about customer share of wallet spending for visitors to the county and visitors to competitive destinations. Some relevant data about current visitors includes:

60% Males

63% Aged 22-39

SLO accounted for

of county spending

Food & Lodging accounted for

15% Hispanic

of visitor spending

\$2,100 was the average spend

of total annual leisure spend

Prospective visitors skewed older and were more likely to be females, living in Seattle, St. Louis, or Riverside/San Bernardino.

The characteristics of the county that draw visitors speak to the personality of the area—casual, adventurous, down-to-earth, fun, genuine and unpretentious. And, as compared to the competing counties, SLOC ranked higher than all of them in characteristics of friendliness, relaxed atmosphere and for being the least snobby.

Prospective visitors cited the county as having the same characteristics as did the past visitor, however, they reported an additional characteristic: "Least Classic." Approximately 60% of prospective visitors include SLOC in their consideration set, but not at the top of their list.

DRAFT

uncovered that the county lags behind in past visitor perceptions of other attributes compared to other counties in the set.

A similar gap exists for prospective visitors, who did not report perceiving that SLOC had any advantages over the other counties.

The information from the FMS and SOWS, when viewed in combination, provide focus for our marketing efforts. In addition to looking at the six feeder markets (Los Angeles, San Francisco, Seattle, Las Vegas, Phoenix and San Diego) generally, we were able to see which demographic targets within them had the most promise and what about the county would motivate them to visit. This information forms the foundation of our Marketing Plan. We will conduct ongoing research as required throughout the 2016 - 2018 plan period.

MARKETING OBJECTIVES

echo those of the previous year and were refined to address the current context.

Sponsorships, Travel Trade, Public Relations, Promotions &

Partnerships, Film Commission

Plan to Measure: Arrivals in Market, Occupancy

VSLOC recognizes the economic value of tourism to our region. The competition to attract visitors is increasing, resulting in the need to set ourselves apart from other destinations. The objectives of the rebrand were to concept and develop a new brand position for San Luis Obispo County that would be differentiating, emotionally engaging and authentic.

The VSLOC brand is not just a logo, a picture or a slogan; it is the essence of the destination itself, why it is great and how it is better than all competing regions. The VSLOC brand tells consumers about who the brand is, what the brand stands for and how people experience it; it is the promise and pledge of quality.

OUR BUSINESS CHALLENGE:

VSLOC has certain characteristics that attract tourists to spend their time here. It can attract tourists for its inherent or exhibited natural or cultural value, historical significance, flora and fauna, natural or built beauty, leisure offerings, adventure and amusement.

The challenge is that visitors don't know much about San Luis Obispo County. That lack of awareness, coupled with the fact that the county is relatively difficult to get to, leads potential visitors to just go with what they know—Santa Barbara and Monterey. Visitors are looking for more value and aren't willing to risk their limited vacation time and money on a destination they aren't familiar with.

Destination Realities:

- 1. The competition has higher brand awareness.
- 2. There are challenges in physically getting to San Luis Obispo County.
- 3. San Luis Obispo County doesn't have the media spend to truly saturate the primary draw markets.

Strategy:

Disrupt the current competitive set by focusing on San Luis Obispo County's way of life versus its specific product offerings.

Our Process:

We started with the building blocks: Brand Name, Brand Identity, Brand Promise

We arrived at XXXX, which establishes a geographical location for the county, while at the same time representing the pace of life and personality of the location. "SLO" builds off the short hand vernacular used to represent the county, the awareness that exists with the university community at Cal Poly, and the largest city in the county. When you think about XXXX, it evokes a feeling of relaxation and freedom to take life at your own pace.

Brand Identity & Promise Work Together:

| BRAND IDENTITY | brand promise | | | |
|----------------------------------|--|--|--|--|
| Simple, adaptable, legible | Resonates emotionally | | | |
| Reflects the spirit of the brand | Differentiates | | | |
| Timeless and distinct | Exerts competitive advantage | | | |
| Likeable | Memorable | | | |
| Stands out in the marketplace | Mediagenic, Executable, Believable, Remarkable | | | |

And, in order to ensure that the identity matches up to the brand promise, we looked back to the research to confirm that the county product (and here, we mean destination) meets the consumer truth.

Product Truth:

DRAFT

In San Luis Obispo County, visitors aren't limited to one or two quintessential California experiences. Here, visitors enjoy a wide variety of options, most of which are a mere thirty minutes from each other, all served up by friendly, welcoming hosts who live the county's enviable laid-back lifestyle.

ial BRAND PROMISE TRUTH PROMISE TRUTH

Human Truth:

Our consumers want to live life on their own terms. They seek a destination that is casual, authentic and unpretentious, but also provides a variety of options that allow them to do the things they love. They want to enjoy destinations at their own pace. They don't want to be limited by time, money or experience.

The One Thing:

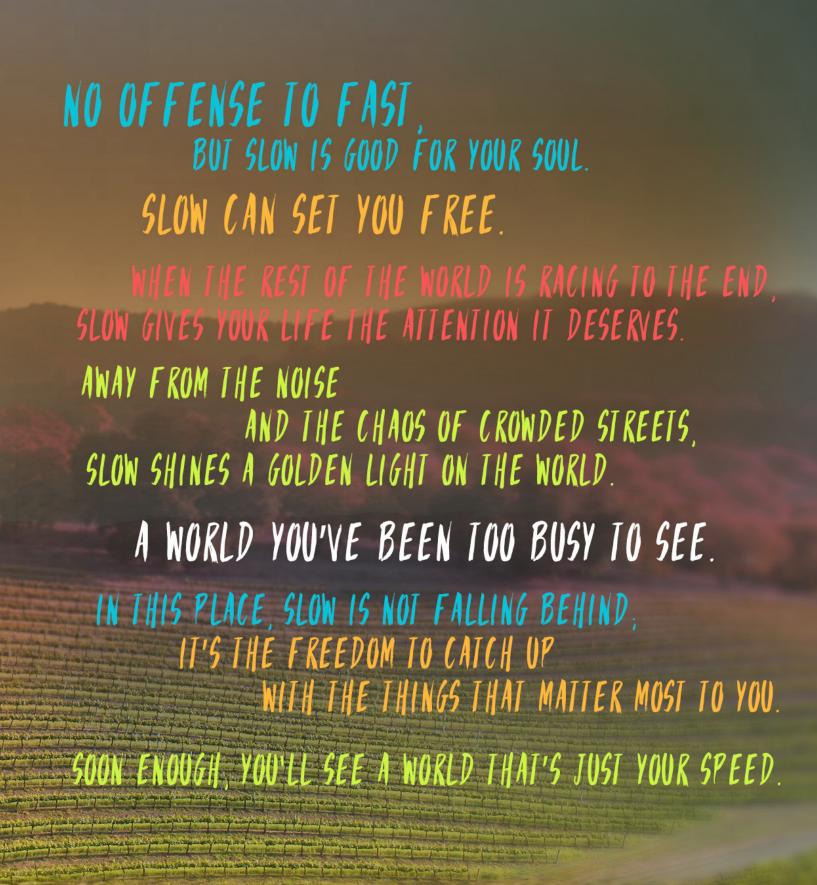

What's your rush? San Luis Obispo County gives you the freedom to enjoy the trip of your dreams at your own pace.

Even Simpler:

San Luis Obispo County gives you the freedom to live at your own pace.

DRAFT

Online Brand Delivery

The branding will be used in every visitor touch point, from paid media and public relations activities to the county's owned channels. The new brand will be the catalyst for the creation of a completely new visitor website acting as a gateway for visitors seeking countywide experiences.

The new website will provide an opportunity to expand the brand, the user experience, ease of functionality and content along with leveraging the Booking.com partnership to drive additional stays in the county.

The final brand guidelines will include direction for improving the user experience on site, including the look, feel and navigation, encouraging visitors to increase their engagement time. Site development work will be conducted with VSLOC's website and SEO development partner,

simpleview Customer Experience

with brand oversight provided by BCF. The development will begin upon approval of the brand and the site is expected to launch in the Spring.

Using the data referenced above from the FMS and SOWS, BCF analyzed VSLOC's draw markets based on the following criteria:

Moderate/Low Awareness

BCF believes the greatest opportunity for growth is to focus on age cohorts who have a lower awareness of the county. In BCF's experience, marketing/advertising best practices indicate that there is greater opportunity at the brand development stage to move the needle from moderate awareness to high than it is from high to even higher. It also exposes the destination to a new set of prospects for message testing.

Prospect Very Likely to Visit

While the county scores high when combining "very likely to visit" with "somewhat likely to visit," BCF recommends narrowing the focus to those audiences that are "very likely to visit."

Travel Spending

Because economic growth and tax revenue are critical for San Luis Obispo County, the recommendation is to focus on those travelers who have a higher propensity to spend more on trips in general or have spent more while visiting the county. BCF analyzed various cross tabs from the SOWS as well as the FMS to develop this position.

Familiarity with the Destination

Familiarity with the destination cited as the reason for travel, and lack of familiarity with the region cited as the reason for lack of visitation, were considered in prioritizing the geographic markets.

Average Advertising Cost

By assessing the size of a potential geographic market, along with average "costs to advertise" for effective penetration, BCF was able to determine the budget allocations required per market to prioritize the media budget allocations to maximum effect.

#1LOS ANGELES

Ventura & Los Angeles County

In general, Los Angeles ranks highest of all the geographic markets in awareness. In addition, it is a close-in market with a critical mass of population from which to draw. Within this geographic market, the target populations are A25–34 and A45–54. The rationale for selecting these two demographics based on the data and the criteria used as inputs for prioritizing them is:

- Awareness: Los Angeles has the highest initial awareness of all markets, however A25–34 and A45–54 have the lowest awareness of all cohorts within the LA market, and rank 10th and 8th respectively among all cohorts measured.
- Likelihood of Visitation: Comparatively, Los Angeles scored low on likelihood to visit, with A45–54 ranking 7th and A25–34 falling out of the top 10. However, this lower ranking was mitigated when looking at the other factors contributing to attractiveness for A25–34. (e.g., spending in market, awareness, critical mass of population, proximity).
- **Travel Spending:** A45–54 and A25–34 ranked 10th and 3rd, respectively on the travel spending for the cohort.
- Familiarity with the Destination: The A45–54 ranked 4th, and A25–34 ranked 7th in citing familiarity as a reason to visit the destination.
- Average Advertising Cost: While high, the cost of advertising in this market is not prohibitive. And given the size of the market, ability to hyper-target within it, and relative ease of travel from Los Angeles to San Luis Obispo County, it did not lower the prioritization.
- Other: Based on past visitor data, we also know that the interests shared by these two groups overlap and perform strongly as points of differentiation for the county:
 - o Weather, Beaches, Dining for both groups
 - o A25–34 also add Family and Quality
 - o A45–54 also add Familiarity and Wine

#2 SEATTLE

King County & Snohomish County

Even though Seattle is a fly market, it ranks high on the prioritization list and provides an opportunity for expansion should we be able to drive sufficient demand to garner an additional flight(s) into the county. The cohorts selected for Seattle are A25–34 and A35–44.

Seattle ranks first in lack of prospect awareness on the whole, and within the cohort group we saw that the A25–34 and A35–44 were least aware.

- Awareness: A35–44 had the lowest awareness of all cohorts, while A25–34 ranked 3rd lowest.
- **Likelihood of Visitation:** A25–34 and A35–44 ranked 1st and 5th, respectively on likelihood to visit the county.
- **Travel Spending:** A25–34 and A35–44 ranked 1st and 5th, respectively on likelihood to visit the county.
- Familiarity with the Destination: Seattle scored lowest in familiarity with the area as reason cited for visitation, with A25–34 ranking 5th among all cohorts on this factor. Seattle rises among markets on the strength of its scores on other factors.
- Average Advertising Cost: The cost of advertising is significantly lower than in other target geographies given its relative small size.
- Other: One of the reasons to push Seattle high on the prioritization list is what we know from past visitor responses about spending in the county. For past visitors, these two cohorts ranked 1st (A25–34) and 2nd (A35–44) in spending. The other obvious factor that played into Seattle's ranking is the new direct flight route on Alaska Air, which we hope will be a wedge to open up more flights on that route.
 - o Events, Weather, Family, Excitement
 - o A25–34 added Beach and Dining
 - o A25–34 added Beach and Dining

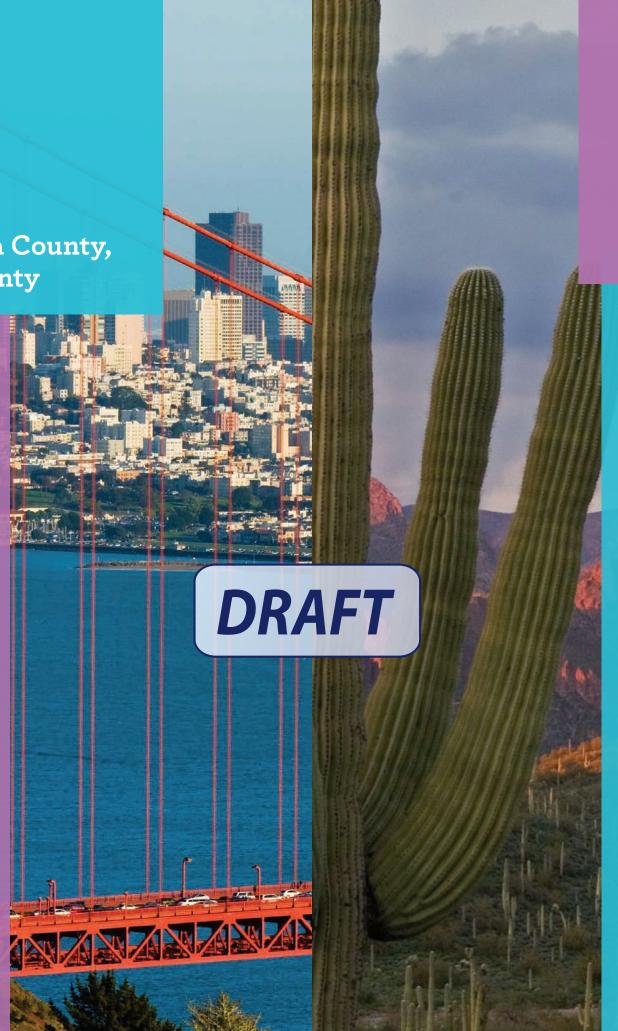

#3 SAN FRANCISO

City of San Francisco, Contra Costa County, Alameda County, Santa Clara County

San Francisco is another close-in market with a critical mass of population. It is ranking as number three because awareness in this market is relatively high compared to the other target markets.

We believe there is opportunity in San Francisco, however, especially within the selected cohorts of A25-34 and A35-44, based on their awareness levels.

- **Awareness:** These two groups ranked lowest (A25–34) and 2nd lowest (A35–44) on prospect awareness among the San Francisco market, while ranking 4th and 10th respectively among all cohorts.
- Likelihood of Visitation: As compared to other markets on the whole, the likelihood of visitation is low for the San Francisco cohorts, but within the cohort set, A25–34 ranks 1st and A35–44 ranks 2nd
- Travel Spending: For travel spending, A25–34 ranked 4th while A35-44 fell out of the top 10.
- Familiarity with the Destination: San Francisco as a whole did not perform well on citing familiarity as the reason for visitation with all cohorts falling out of the top 10 on this metric. This was a primary reason for dropping San Francisco down in prioritization.
- Average Advertising Cost: The costs to advertise to our target in San Francisco are in the high range among all the other markets.
- Other: Interestingly, based on past visitor data, unlike the previous cohorts, these two groups in San Francisco did not how the same kind of overlap in interests in the types of experiences they choose in the County:
 - o A25-34 cited Weather, Beach, Exciting, Family, Quality
 - o A35-44 cited Familiarity, Accessibility, Value, Dining

PHOENIX

Maricopa County

Another fly market, Phoenix, ranks 4th on the prioritization list. Industry data, of course, indicates that we can expect travelers coming from fly markets to stay longer, which is a point for Phoenix and the other fly markets on the list. That fact, coupled with the finding that Phoenix ranks 2nd lowest in prospect awareness, explains Phoenix's position in the rankings.

The cohorts selected for Phoenix are A35-44 and A45-54.

- Awareness: These two groups deliver the lowest awareness (A35–44) and 3rd lowest (A45–54) among all cohorts in Phoenix, with A45–54 in a virtual tie with A25–34
- Likelihood of Visitation: A35-44 tied for 3rd on likelihood to visit the county. The A45–54 group fell out of the top 10.
- Travel Spending: Phoenix performed particularly well on this factor, as A35-44 ranked 9th in travel spending, and A45-54 ranked 7th.
- Familiarity with the Destination: Phoenix performed poorly on this metric, with each cohort falling out of the top 10.
- Average Advertising Cost: Phoenix's media costs place it in the mid-to-high range of the target market list.
- Other: Referencing past visitor data, we know that the two groups share some similar interests:
 - o Weather, Family
 - o A35-44 added Value, Exciting and Dining
 - o A45–54 added Beach

#5LAS VEGAS

Clark County

Las Vegas is a fly market, and even though there is more than one flight per day (unlike Seattle) into the market, the general population density/critical mass of the target and the almost 50/50 level of propensity to visit for most of the cohorts resulted in this market's 5th place ranking.

Where we see opportunity is in the A25–34 and A35–44 cohort set, however, because they both rank relatively well against their Las Vegas set in likelihood to visit and travel spending.

- Awareness: The A25–34 ranked 2nd in awareness, while A35–44 fell out of the top 10 among all cohorts
- **Likelihood of Visitation:** The A35–44 group ranked highest in likelihood to visit, ranking 6th among all cohorts. A25–34 fell out of the top 10.
- **Travel Spending:** The A25–34 was the highest in the cohort set in travel spending, ranking 6th while all other Las Vegas cohorts fell out of the top 10 in this metric.
- Familiarity with the Destination: Las Vegas scored particularly low on this metric and this was the key metric pushing Las Vegas down in priority.
- Average Advertising Cost: The cost to advertise to our targets in Las Vegas is on the lower end and was a contributing factor to ranking them at #5 as opposed to #6.
- Other: We accounted for the fact that, as previously noted in other fly markets, the propensity to stay longer (and therefore spend more in market) was a factor for Las Vegas's ranking. However, the limitation of three flights a week also factored into the ranking. Past visitor data showed some overlap in desired experiences for these two groups:
 - o Weather, Family, Beach, Dining
 - o A25-34 added Quality, Exciting, Wine
 - o A35–44 added Familiarity

#6SAN DIEGO

San Diego rounds out the prioritization list at #6 for several reasons. Even with its proximity and market size, the fact that the market delivers the 2nd-lowest "likelihood to visit" scores and underperforms on familiarity scores means that any marketing attention given to the market should be minimal.

Within the San Diego market, we found that, of the potential targets, the A25–34 and A45–54 held more potential than other cohorts, but we do not plan to pursue these at this time. For reference:

- **Awareness:** The A25–34 was lowest on awareness, and A45–54 was tied for 2nd lowest among San Diego cohorts, but still highly aware at 83%.
- **Likelihood of Visitation:** As stated previously, the "likelihood to visit" scores for San Diego as a whole were low. The A45–54 had the highest among this cohort set though, and the A25–34 came in at 3rd place.
- **Travel Spending:** Phoenix performed particularly well on this factor, as A35–44 ranked 9th in travel spending, and A45–54 ranked 7th.
- Familiarity with the Destination: For spending, the A45–54 ranked 1st within the cohort for San Diego. The A25–34 spend put them in 3rd place.
- Average Advertising Cost: The costs to advertise to targets in San Diego fall in the mid-to-low range.
- Other: Past visitor data showed some overlap in desired experiences for these two groups:
 - o Accessibility, Value, Weather
 - o A25–34 added Quality, Exciting, Family, Wine
 - o A45–54 added Beach, Dining

DEMOGRAPHICS & MEDIA CONSUMPTION

Traditional demographics are helpful but, by themselves, they are not enough to build a strategic picture of the target audience for VSLOC. Psychographic segmentation takes the nuance of our target's lives into account. It goes beyond the HHI, age, education level, etc., to uncover the beliefs, motivations, aspirations and lifestyles that will enable us to meet the person—not just the target. Understanding the way the people in the target geographies interact with information about travel and what informs their decisions is a start. The crux of our media strategy is digital, which makes sense since it falls in the top two sources for most prospective respondents across all target markets. (Source: FMS & SOWS):

BCF built traveler profiles that span geographies and that VSLOC will use to craft our messaging content and delivery tactics. BCF analyzed the draw markets of visitors and potential visitors for SLO County. BCF also analyzed syndicated data from Nielsen's PRIZM Segmentation and research from Mintel to identify key attributes of the people in the target markets.

Although it is not the sole driver, selecting for HHI first helped identify the segments in Nielsen's PRIZM data most likely to be able to spend money on travel. They were a mix of families, couples, and singles with HHI of \$75K plus. When we added a filter for age ranges that matched the selected cohorts for each target market, we were able to narrow the set to ten Nielsen segments to begin deeper interrogation.

We then analyzed those segments against the target market demographics and interests stated as reasons to travel by past visitors to the county to refine the profiles. The FMS and SOWS illustrated the attributes of the county that past visitors experienced as key draws to be family-friendliness and beaches. Beaches is a simple attribute to solve for; the county has multiple different beaches. However, family-friendliness is a broad attribute, so we overlaid the Nielsen segments "to want and be able to travel with their families" as a value they held.

Finally, we looked at the State of California's persona set to hold it against the remaining segments to confirm or deny the plan for persona development for VSLOC. The goal was to ensure that the county and state weren't working at cross-purposes, and targeting segments/personas/profiles in a way that precluded us from supporting each other.

The final exercise resulted in a streamlined persona set based on our marketing budget, target markets and the county's offering. We made the decision that it was the best use of marketing dollars to focus on three high-potential personas: The Aware Adventurer, the Mom to the Max, and the Cultured Class, instead of casting so wide as to be ineffective. Research clearly indicated that a culinary persona was relevant; however, that particular interest was already shared by two of the personas selected (Cultured Class and Aware Adventurer).

#1 AWARE ADVENTURER

Active, Mid-High Affluent, Educated, Deeply
Passionate Experience-Seekers

"I keep on the go but like to plan my travels for outdoor communing. I stay connected to share my travel, experiences and memories, but my real motivation is seeing the world. Breathing salty air and eating fresh local foods bring me back to myself and that's why I travel."

What matters to the Aware Adventurer?

The Aware Adventurer persona has many attributes in common with both the state's Avid Adventurer and Natural Nurturer, living at the intersection of the two, so there will be dual contacts with this persona in the sales funnel. The Aware Adventurer is motivated by an active and participatory lifestyle with a tendency to forge deep and abiding connections with brands and places. Forty-three percent of outdoor consumers have kids at home and they are committed to grooming the next generation of outdoor enthusiasts. (Source: Mintel, Outdoor Enthusiasts-US, August, 2016.)

Why the Aware Adventurer matters for VSLOC:

With green hills, countless miles of hiking and biking trails, great bouldering and an average of 300+ days of sunshine, San Luis Obispo County is a paradise for the Aware Adventurer. This group fits squarely in our target market; with interests aligned with the county lifestyle, attributes and products, and we know that prospective visitors to the county are not aware of the outdoor activities and/or do not think them compelling enough to make a trip.

With their interest in outdoor pursuits, such as paddle boarding for example, we expect that 30% will spend \$2,500 or more and the other 70%+ \$1000 or more. (Source: FMS and SOWS.) Each one of our draw markets features lifestyles that are attuned to outdoor activities—not extreme adrenaline junkies, but just an appreciation of nature's bounty and the desire to be in it. The highest numbers come from Seattle (61.5% of adults 25–34 spend at least \$2,500 per trip) and Los Angeles (31% of adults 25–34 spend at least \$2,500 per trip).

The Aware Adventurer and Media:

Social media, the digital space and friends and family are dominant sources of information for this group. For a subset of the persona (GenX and millennial males), TV is also influential but on-demand and streaming usage limits the effectiveness of broadcast with this group. They're heavy users of mobile and internet; they like to discover the undiscovered and are regularly searching online for events/trips/opportunities to jump into new experiences.

#2 MOM TO THE MAX

Scheduled, Connected, Affluent, Transparent (the Good and the Ugly)

"I want to be in the know, connected, and learning from other mothers and their experiences. I want to mak my money work harder and last longer. I try to stay on top of cultural trends, especially when it comes to the well-being of my family."

What matters to Mom to the Max?

Her family and friends motivate mom. She's highly digital and rarely misses an Instagram post or an opportunity to share her inspirations. Creativity and new trends in home care, family <u>life, decor and travel experiences are top</u> of mind for Mom.

Mom and her partner's commitment to their family is everything. She wants it all for herself and her family, but she wants value for her dollar, too.

Why the Mom to the Max matters for VSLOC:

Mintel's research shows that Heritage and Culture are cited as prime motivators of their travels, thus they demand educational value and authenticity in their family's travel experiences. Our Mom to the Max and her family are thrilled to take a day trip to the Mission, find shells with her kids and will take full advantage of Savvy Sitters (the number one child care service in SLO County) so she and her partner may enjoy the more mature experiences that SLO County has to offer.

Mom to the Max will be traveling with family which makes it more likely that she'd spend at least \$2,500 in-market. Factors such as eating out with the family, kids' excursions and child care fees contribute to the spend, which is likely easily reached over a 2–3 day stay in market.

The Mom to the Max and Media:

In priority order, the Mom to the Max interacts on: internet, mobile devices, television, radio, print, direct mail, OOH product placements and sponsorships. She watches TV but is more apt to stream that content via Hulu or other platforms where commercials can be blocked; or, when she is watching traditional broadcast, she uses the commercial breaks as a time for her to check work email or tend to something around the house.

#3 CULTURED CLASS

Educated, Risk Takers, Gracious, Confident, Professionals

"I'm never unplugged— a new age renaissance person. I'm always engaged and on the cusp new trends. Education, music, family, the arts and fine culinary experiences is what drives me to connect, continue to learn and be the first-to-know in my friend group. I want out-of-the-box experiences. I want to return from a trip renewed, revived and ready to take on the next thing. I demand value when I invest in leisure and relaxation."

What matters to the Cultured Class?

Cultured Classers are motivated by the unexpected and new. Whether they are single, single with children, married or married with children, they look for experiences that can elevate their lives and connect them to the world in unexpected ways. These are the people who not only want to have the experience for themselves, but who, as trusted advisors to their friends/family/follower groups are invested in sharing new things and encouraging others to join in.

Why the Cultured Class matters for VSLOC:

The Cultured Class (with annual household income greater than \$100K) are more likely to take vacations (92%). (Source: Nielsen PRIZM data and Mintel Research.) More the affluent Cultured Classers tend to be older.

4 out of 5 have children, so when targeting affluent Cultured Class, families (i.e., with young children) need to be taken into consideration.

The Cultured Class picks their destinations by researching more than 3+ sources. (Source: Nielsen PRIZM Segmentation.) While the majority of the Cultured Class prefer to start planning trips 3–4 months in advance, this spontaneous generation of travelers is also two to three times more likely than older travelers to start planning within just two weeks of departure. And SLO County, is the perfect last minute (booking) getaway for our cultured class.

Experience, education, culinary expertise and local culture are drivers of this group and SLO County has a menu of options that feed their needs. Wine tasting, mission trips and a couple nights day at The Madonna Inn meshes perfectly with our cultured class. For these travelers, the food and drink is not only an interest to be incorporated into a travel experience, but a major factor that actually drives travel decisions. Indulging in fresh, local culinary experiences for a quick getaway or "girls weekend" is what is highly appealing about SLO County to the Cultured Class. (Source: 2016 Food Travel Monitor Study)

The Cultured Class and Media:

They are selective when it comes to media interactions and are the only one of the set where radio (digital and XM) makes the list. The top performers for this group are the internet and mobile.

MEDIA STRATEGY

Our persona-based media strategy focuses primarily on digital executions. We know that consumers are influenced by the web (internet search, websites) when making travel decisions and that other forms of paid media like Print, OOH and radio are less important to them Our plan is to exploit this preferred channel by building brand awareness and affinity while supporting it with paid search, paid social, owned and earned activity.

 $^{**}\mathbf{1}$ Digital Media Across Markets (Web & Mobile) (45% budget allocation)

- Traditional Digital Advertising (20% of total allocation): Utilizing partners with the ability to target the most relevant consumers, we will deliver ad formats that are proven to engage and that allow us to test effectiveness of message content, element and placement, inclusive of video units (pre-roll and in-stream) as well as high-impact banners. These units will be purchased through biddable, exchange-based DSP platforms to control costs, while providing detailed pockets of optimization against a cost-per engaged user model and cost per in market visitor.
- Native Advertising (25% of total allocation): Native advertising has evolved into the one of the most effective forms of paid media. Sold on a cost-per-click basis, native units mimic the natural form and function of the user experience making them more apt to engage the user. As with the traditional digital elements, native will be continually optimized to a cost-per engaged user, however, cost-per-in market visitor will not available due to the technical delivery method of native ad units.
 - o Native Display: We will use proven partners for native display ad formats, including recommended articles, blog posts, videos, etc. In the past, we have worked with partners like Outbrain or Taboola.
 - o Native In-stream: Native in-stream works similar to native display, but rather than appear as suggested stories, these units fold into the on-page experience of a given website, and appear alongside editorial content, while mimicking the look and feel of the editorial content. Partners in this space include Sharethrough and TripleLift.
- Consumer targeting strategies will emphasize contextual relevancy with placements on travel, outdoors
 and culinary websites. In addition to contextual targeting, we will leverage behavioral targeting and
 interest targeting.

BCF's approach to media relies on three foundational pillars:

- 1. **Efficiency:** the placements are the most cost efficient while reaching the most people
- Targeting: the placement employs the best targeting tactics to reach the campaigns distinct geographic and demographic targets
- Context: the placement is contextually relevant to not only the campaigns goals, but to the brand as a whole

In a perfect world, BCF would only buy placements that fall into all three categories, but this type of placement is very hard to come by.

As such, BCF focuses on placements that meet two of the three requirements. All placements proposed are reviewed for best performance throughout the life of the campaign and optimizations are made to ensure the best performance possible. BCF will ensure that the media strategy continually delivers the most significant, targeted consumer impact with strong reach, frequency and CPM/CPC/CPV metrics.

We will focus our media flighting in support of the shoulder and low seasons, with 35% of the budget supporting late fall, into early winter (mid-November through the Thanksgiving holiday), and again mid-January through February.

We recommend 65% of the budget be allocated to early spring, running March through April. Budget shares are estimated and subject to change during plan finalization.

Anticipated budget allocations and the tactical approach to each are provided. However, outside of the co-op funds, we recommend maintaining some budget fluidity within the tactics, in order to shift budget on an ongoing basis based on performance.

We will focus on outlets with strong affiliations with websites like:

food

DRAFT

Search Engine Marketing (15% budget allocation)

- that the VSLOC brand and destination reaches them Focusing on upper funnel searches only will allow partners activities and accommodations, reaching a more "down funnel" consumer. In local communities where SEM is not
- keyword performance opportunities and update accordingly. to bid management and keyword coverage to ensure maximum share of voice and minimal bid inflation. SEM will be measured against a cost-per-engaged user, however. the cost-per-in-market visitor will not be available due to technical limitations of the tool.

TRAVELTRADE

Over the course of the last year, VSLOC's Travel Trade program has grown substantially and is expected to lead to increased awareness, consideration and demand for the VSLOC product. Targets for Travel Trade include:

- International and Domestic Tour and Travel
- Meeting and Conference market
- Individual travel agents and agencies
- Leverage key industry association memberships
- Association and Government

#3 Paid Social Media (20% budget allocation)

- Social media is one of the most important tools in our arsenal for building awareness, engagement and consideration for the VSLOC brand.
- The focus will be on Facebook and Instagram, two of the most effective platforms for user engagement around travel/destinations.
 - o Paid Facebook ads and boosted existing posts will be used for content messages on more immediate/urgent opportunities for visitation like promotions, special events and deals.
 - o BCF will also leverage the impact of Facebook's newest Canvas offering for its storytelling capabilities through videos, still shots and call to action buttons.
 - o Paid Instagram photo, video and carousel ads will be used in a similar way as Facebook's Canvas to move beyond ads to a deeper engagement with our target and deliver our marketing messages through image-based storytelling.

#4 Co-operative Advertising (20% budget allocation)

- The co-op advertising plan is designed to provide solutions which extend opportunities to the partners that would not be possible on an individual basis and that will provide measurable and tangible results. It will include:
- Native Brand Partnerships: We will partner with brands like The Huffington Post, Buzzfeed, Sunset or other platforms relevant to the target to deliver more robust native advertising. These partnerships will provide custom-created content, stories, listicles, etc., with guaranteed views of the content pieces. Partnering with VSLOC on this these stories will allow partners to offset the high cost of these pieces (\$100,000+) by sharing cost across partners. We recommend partnering with a publisher to produce two custom content pieces: one, specific to outdoors and a second related to culinary. We expect to solicit five partners plus VSLOC to share the costs of each article, 50% VSLOC and 10% per partner.

Tour and Travel

Over the next year, the VSLOC Travel Trade department will strategically target key international and domestic tour operators to reinforce the VSLOC product. In the international market, VSLOC has already started sales efforts in the UK, through a new exclusive partnership with Black Diamond, and in China, Canada and Mexico through sales missions in partnership with Visit California. Trade show attendance at NTA, IPW, GoWest and for the first time ITB Berlin, will build upon the sales mission strategy and expose new markets to SLO County offerings. Coordination of familiarization (FAM) trips will highlight the unique assets of the county. Regional sales missions will focus on international receptive operators based in California, and industry communications highlighting our area are to be distributed quarterly to Tour and Trade operators. Education is key, and the Tour and Travel program, Be Global Ready, translates marketing materials and assists lodging partners to become China ready and better understand how to service this growing clientele. The International and Domestic Tour and Travel market is a long-term investment and brings unlimited potential for business in shoulder and off-peak season in San Luis Obispo County.

Meeting and Conference:

The VSLOC Travel Trade program will also target the corporate, association and government meeting planners focusing on the key feeder markets throughout the San Francisco Bay Area, Sacramento, Los Angeles and Orange County. By utilizing strategic partnerships and optimizing sponsorship opportunities, the team will create enticing meeting and conference packages and pitches, and use these to establish awareness at key trade shows (e.g., MPI, CalSae and GBTA). Quarterly sales missions into feeder markets and a meeting and conference specific FAM will be coordinated to expose meeting planners to the VSLOC product. As the Travel Trade team builds upon last year's efforts, they will create awareness for SLO County, positioning it as an accessible and unique destination for meetings and conferences.

Our plans for Travel Trade this year are to bring the new brand to travel and tourism professionals so that we build awareness and consideration of the destination. We believe that the sales mission strategy we deployed last year was successful and sets us up to continue that momentum. We also know that attendance at key tradeshows and conferences will be crucial to our success in the coming year. Our plan is to develop a sales mission plan calendar (national and international), leverage the opportunities available to us through our memberships in travel associations (e.g., MPI) and to reach into those markets that are low-priority for paid media so that we are still active, invested and present in them.

PUBLIC RELATIONS

SOCIAL MEDIA ACTIVATIONS

DRAFT

The county is currently without an agency of record (AOR) for public relations activities. In the interim, these activities will continue to be handled in-house, and include:

- An Updated, Branded Press Kit. A new brand means the need to have a new way
 to communicate key message points to targeted media. Hard copies and electronic copies
 will be developed for distribution.
- **Brand-Centric Story Ideas.** We plan to craft story ideas that are not only in service of the brand and key messaging strategy, but also capitalize on current travel trends and pitch them to targeted media.
- Media Familiarization Trips. One of the best ways to influence coverage for San Luis Obispo County is to have media visit the area firsthand to experience a range of activities, accommodations and attractions relevant to their readership. Our internal team will identify and qualify media to visit the destination, either individually, as a group, directly or through partners like Visit California, and develop itineraries designed to expose them to local attractions and accommodations consistent with their stated interests.
- **Desk-Side Briefings.** Another way of exposing San Luis Obispo County to travel writers is to take the show to them, especially if they're not willing or able to travel to the area. Whether leveraging planned travel or as a stand-alone event, we plan to book meetings with targeted travel writers in specific markets.
- A Media Outreach Schedule. Because of the variety of activities and promotions that take place each year, we want to ensure that we are not left out of any relevant planned stories or published event calendars. This master outreach schedule will allow us to pitch story ideas and provide event descriptions accordingly.

PARTNERSHIPS

The county will engage with strong regional and national brand partners to elevate the new brand through mutually-beneficial marketing and/or promotions activities. Ultimately, the goal is for the county, the partner

and the consumer to find value such that

• Consumer loyalty to one brand is extended to another.

• Both partners are able to enter into new markets and/or segments

SPONSORSHIPS &PROMOTIONS

SAVOR—A San Luis Obispo County Experience:

Visit San Luis Obispo County has developed a branded traveling destination experience to promote the county at food, wine and lifestyle events in key markets. The ongoing effort, SAVOR—A San Luis Obispo County Experience, will kick-off at the San Diego Bay Wine and Food Festival in November, with additional dates and locations scheduled in early 2017.

Following the announcement of the new direct route from Seattle to San Luis Obispo, the county began conversations with the airline to develop marketing activities to surround the new route launch. The program details are being finalized later this year for launch in early 2017, closer to the inaugural flight. Activation activities will center on grassroots efforts, with paid support.

Ongoing Promotions:

Monthly promotional activities will provide the county with an opportunity to work with their constituency to build awareness for the partners and the county. A theme or activity is selected for each month of the year (e.g., Wine Month in September, or Family Travel Promotions in August) A detailed calendar of planned promotions for 2016 - 2018 will be designed and distributed to partners at the completion of the rebrand. We will also provide the partners with a brand "tool-kit" to help ensure message and brand consistency with these promotions:

• January: Restaurant Month • February: Romance Month • March: Film & Arts Month • April: Pet-Friendly Month

• May: Bike Month and National Travel & Tourism Month

• June: Great Outdoors Month • July: Historic Landmarks Month • August: Family Travel Month

• September: California Wine Month

• October: Culinary Month • November: Golf & Stay Month • December: Holiday Travel Month

VSLOC will continue the previous year's growth in the Film Commission contribution to the county, inviting productions for television, feature and documentary films, product shoots, etc. to work in San Luis Obispo County. In light of the VSLOC re-brand, the Film Commission will also work with BCF to re-brand itself, including an updated visual identity and web presence, along with other collateral and/or digital assets as required.

The VSLOC team will conduct proactive outreach to targeted leads from past productions, and identify new opportunities and markets at the same time. In addition to the individual productions, VSLOC will continue the success of hosting major events like the SLO Film Festival in March, 2017, as awareness builders and lead generation tools. The county will also continue its vibrant and effective partnership with Film Liaisons in California Statewide (FLICS) in order to access filming professionals at conferences, educational symposia and other industry events.

The Film Commission will participate in media receptions planned for:

Visit San Luis Obispo County Rebrand to be Released this Fall

Due to the lack of a developed and well-known destination brand, VSLOC's new agency of record (AOR), BCF, has used the findings from VSLOC's comprehensive research project (completed in June 2016) to develop a new Visit San Luis Obispo County brand. BCF created a comprehensive brand identity, including naming, visual identity, photography and style guide, along with brand messaging architecture. VSLOC will also be releasing a Marketing Plan that extends through June 2018. These important components will be reviewed by VSLOC's Marketing Committee and Board of Directors this month.

Visit California Films New TV Ad in the Oceano Dunes

For the second year in a row, Visit California will feature San Luis Obispo County in their upcoming domestic and international television commercial. The ad showcases sandboarders, a growing craze, at the Oceano Dunes. It will begin airing in January in key domestic markets and internationally in markets such as China and Mexico, providing great exposure to our region. Visit California's "Average Joes" ad last year featured a bubblesmith blowing a large bubble in front of the iconic Morro Rock.

Affinity Categories broaden the scope to identify users in terms of lifestyle; for example, Technophiles, Sports Fans, and Cooking Enthusiasts. These categories are defined in a similar way to TV audiences, and represent an opportunity to understand the behavior of your audience.

Other Categories are used to classify groups of users based on the specific content they consume, along with how recently and frequently they consume that content. This category data provides a more focused view of your users, and lets you analyze behavior more narrowly than Affinity Categories.
