

## Experience Vancouver Pre/Post Cruise: Day One

Start your time in Vancouver by getting a great introduction to the city via **Landsea Tours & Adventures'** "Vancouver Highlights" tour. You'll be picked up at your hotel after breakfast, and from there will set out on a four-hour tour taking in some of Vancouver's most popular attractions and sights such as Stanley Park, English Bay, **Granville Island**, Gastown and Chinatown. You'll have the chance to stop for photos at Stanley Park's famous totem poles, a bite to eat and souvenir shopping at Granville Island, and a ride up to the amazing view at the **Vancouver Lookout**. If you choose to take this tour on a day you're either arriving in Vancouver or departing the city, Landsea also offers transfers to and from the cruise ship terminal and the airport.

After your tour, take a leisurely, late afternoon stroll to explore one of Vancouver's favourite neighbourhoods, Yaletown. Adjoining downtown, Yaletown is a former warehouse district that is now home to thousands of locals as well as chic boutiques, design stores, and some of the city's best restaurants. After exploring the neighbourhood and perhaps picking up a souvenir or two, sit down to a superb seafood feast at **Blue Water Café**, or perhaps high-end Italian within the charming atmosphere of **La Terrazza**. If you're not quite ready for the evening to end, consider a post-dinner beer at **Yaletown Brewing Co.**, or experience Vancouver's thriving cocktail scene at a bar such as **George Lounge**, **The New Oxford**, or **Killjoy**.

# Experience Vancouver Pre/Post Cruise: Day Two

As you'll be departing Vancouver this afternoon, check out of your hotel after breakfast and bring your luggage to the lobby. **Rockwood Adventures** will pick up both you and your bags, and take you out to experience the region's temperate rainforest environment on their "Vancouver Coast Rainforest Adventure." Heading over to the North Shore, your guide will take you on an interpretive walk through the forest landscape, explaining the secrets of the rainforest environment. You'll cross the scenic Lynn Canyon suspension bridge and also visit the Capilano Salmon Hatchery before sitting down to a gourmet picnic lunch.

After lunch, you'll be dropped off at the cruise terminal. Store your bags with **Priority Baggage**, and walk upstairs to Canada Place for one last Vancouver adventure. Before taking to the seas, take to the air with **FlyOver Canada!** One of Vancouver's "must-see" attractions, the ride is a breathtaking, 4-D flight simulation that sees you soar across the country, complete with wind, scents, and mist! After the show, head downstairs to the cruise terminal and board your ship.

### Insider Tip!

Store luggage with Priority Baggage - locations at Canada Place and the Vancouver International Airport (YVR). For an additional fee, Priority Baggage will transfer luggage directly to the airport (or reversed).
