## EC Conditions Six Monthly Compliance Report

(by Project Proponent)

**Proposal No :** IA/MH/IND3/260306/2017

### 1. Name of the Entity / Corporate Office :

File No. :	J-11011/241/2017-IA II(I)	Proposal Name :	Proposed expansion project for manufacturing of pesticides and specific pesticide intermediates at Plot No.: D-18, MIDC Kurkumbh, Dist. Pune, Maharashtra. by Shogun Organics Limited
Date Of EC. :	01 Jun 2022	EC Letter :	
Name of the Entity / Corporate Office :	SHOGUN ORGANICS LIMITED	Email Address :	mvhande@shogunorganics.com
Address :	A-106, 1st Floor, Kotia Nirman, New Link Road, Andheri (W, Mumbai	Mobile No :	9920183331

### 2. Proponent Details :

Proponent Name :	M	Designation :	Director
Telephone No :	022-66776845	Mobile No :	+91 9920183331
Fax No :	022-	Email Address :	1961hmv@gmail.com
Website :	www.shogunorganics.com	Pin Code :	413802
State :	Maharashtra	District :	Pune
Village/Town :			

### 3. Compliance Letter/Report (Proponent):

Compliance Period :	2023 / 01 Jun (01 Oct - 31 March)	Compliance Submission Date :	01 Jun 2023 16:54:08:973
Remarks :			
Site Visit Report :	N/A	Site Visit Date :	N/A
ATR Report :	N/A	ATR Date :	N/A
Additional Attachment (If Any) :	N/A	Additional Remarks (If Any) :	

### 4. Summary Status of Compliance :

Total Condition :	74
-------------------	----

Complied :	28	Being Complied :	18
Not Complied :	0	Partially Complied :	5
Agreed to Comply :	23		

## 5. Details of Production and Project Area :

Date of Commencement of Project/Activity :		15 Jun 2022	Project Area as Per EC Granted (In Case of Mine Lease):		106384
Actual Project Area(In Case of Mine Lease):		106384			
PRODUCTION CAPACITY :					
S.No	Name of the Product	Units		As per EC granted	Production during last financial year
1	Group 1: Pyrethroid	Tons per Annum (TPA)		881 TPA	186.9 TPA. details in additional annexure
2	Group1 : Pyrethroid	Tons per Annum (TPA)		881	141.056

## 6. Specific Conditions (Proponent) :

S.No	Condition	Self Declaration	Remarks / Reason	Supporting Documents	Observation of IRO
1	The volatile organic compounds (VOCs) /Fugitive emissions shall be controlled at 99.97 % with effective chillers/modern technology. Regular monitoring of VOCs shall be carried out.	Being Complied	To control source and the fugitive emissions Stack & scrubber has been installed at the site. Fugitive emissions monitoring has been carried out. The results are given in Annexure		
2	The project proponent shall explore possibilities for recycling and reusing of treated water in the unit to reduce the fresh water demand and waste disposal. Treated effluent shall be reused in the process/utilities. Treated Industrial effluent shall not be used for gardening/ greenbelt development/ horticulture.	Being Complied	High COD/TDS stream will be treated in existing single effect evaporator and new MEE. Low COD/TDS stream along with MEE condensate will be treated in conventional ETP & RO. The unit is a ZLD	N/A	
3	All necessary precautions shall be taken to avoid accidents and action plan shall be implemented for avoiding accidents. The Project proponent shall implement the onsite/offsite emergency plan/mock drill etc. and mitigation measures as prescribed under the rules and guidelines issued in the	Being Complied	The details of SOP for Accident/ Incident control, Equipment testing, safety audit, Onsite emergency plan, Mock drill report, safety training, Fire extinguisher		

	Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989, as amended time to time, and the Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996.		& fire hydrant details are enclosed		
4	The Unit shall comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.	Agreed to Comply	A separate environmental management cell has been established along with responsibilities and the organogram for the same is enclosed as Annexure		
5	No banned pesticide shall be manufactured by the project proponent. No banned raw materials shall be used in the unit. The project proponent shall adhere to the notifications/guidelines of the Government in this regard.	Complied	We will not use & produce the ban chemicals/pesticide as per Ministry of Agriculture and Farmers Welfare. The undertaking is enclosed as an Annexure.		
6	The storm water from the roof top shall be channelized through pipes to the storage tank constructed for harvesting of rain water in the premises and harvested water shall be used for various industrial processes in the unit. No recharge shall be permitted within the premises. Process effluent/ any wastewater shall not be allowed to mix with storm water.	Complied	The rain water harvesting is being done at project site. There is no mixing of the process effluent with storm water. Separate drains and conveyance systems have been provided		
7	The specie specific conservation plan of Schedule-I species shall be implemented within time limit and as per the approval of the Chief Wildlife Warden of the State Government.	Agreed to Comply	Not applicable as no schedule -1 species were reported in the study area	N/A	
8	The occupational health centre for surveillance of the worker's health shall be set up. The health data shall be used in deploying the duties of the workers. All workers & employees shall be provided with required safety kits/mask for personal protection.	Complied	The various measures have been undertaken for the occupational health surveillance of the workers such as occupational health centre, first aid box, etc. PPEs are provided. Annexure are enclosed.		

9	The project proponent shall comply with the environment norms for 'Pesticide Industry' as notified by the Ministry of Environment, Forest and Climate Change, vide GSR 446 (E), dated 13th June 2011 under the provisions of the Environment (Protection) Rules, 1986.	Partially Complied	Noted & partially complied	N/A	
10	The PP shall undertake waste minimization measures as below (a) Metering and control of quantities of active ingredients to minimize waste. (b) Reuse of by-products from the process as raw materials or as raw material substitutes in other processes. (c) Use of automated filling to minimize spillage. (d) Use of Close Feed system into batch reactors. (e) Venting equipment through vapour recovery system (f) Use of high pressure hoses for equipment clearing to reduce wastewater generation	Being Complied	the given processes is being implemented as a waste minimization measures	N/A	
11	The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire-fighting system shall be as per the norms.	Being Complied	Adequate provisions have been undertaken to limit the risk zone within the plant boundary for countering fire hazards during the manufacturing process		
12	Solvent management shall be carried out as follows (a) Reactor shall be connected to chilled brine condenser system. (b) Reactor and solvent handling pump shall have mechanical seals to prevent leakages. (C) Solvents shall be stored in a separate space specified with all safety measures. (d) Proper earthing shall be provided in all the electrical equipment wherever solvent handling is done. (e) Entire plant shall be flame proof. The solvent storage tanks shall be provided with breather valve t	Complied	Solvent Management are carried out as given condition.		
13	All the specific and general conditions, remediation plan and mitigation measures, as stipulated in the earlier EC letter dated 23.09.2020, shall be complied.	Complied	All the specific and general conditions, remediation plan and mitigation measures, as stipulated in the earlier EC letter dated 23.09.2020		

			has complied. The remediation plan enclosed as an Annexure.		
14	Total fresh water requirement, sourced from MIDC water Supply, shall not exceed 674.35 KLD. Prior permission in this regard shall be obtained from the concerned regulatory authority/CGWA and renewed from time to time.	Complied	The total fresh water requirement will not exceed the proposed quantity. Water bill from October 2022 to March 2023 is enclosed as an Annexure.		
15	The storage of toxic/hazardous raw material shall be bare minimum with respect to quantity and inventory. Quantity and days of storage shall be submitted to the Regional Office of Ministry and SPCB along with the compliance report.	Being Complied	The storage of toxic/hazardous raw material will be bare minimum with respect to quantity and inventory. It will also submitted to Regional Office of Ministry and SPCB along with the compliance report	N/A	
16	Continuous online (24x7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB server. For online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises.	Agreed to Comply	We will install 24 x 7 continuous emission monitoring system which will be connected to SPCB and CPCB online servers.	N/A	
17	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Safety and visual reality training shall be provided to employees. Action plan for mitigation measures shall be properly implemented based on the safety and risk assessment studies.	Being Complied	Training is being imparted to all employees on safety and health aspects of chemicals handling.		
18	The green belt of at least 5-10 m width shall be developed in at least 33% of the total project area (@2500 Tress per ha), mainly along the plant periphery/ additional land. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department. Records of tree canopy shall be monitored through remote sensing map. The Trees have	Partially Complied	we have developed Total 24164.5 sq.m. area (22.71 % of total plot area) out of 35124.35 Sq.m. (33% of total plot area) area as a green belt area. Remaining green belt area 10960.0 will be developed		

	to be planted with spacing of 2m x 2m ratio and as in first year itself and subsequent years the green belt shall be monitored.				
19	The activities and the action plan proposed by the project proponent to address the socio-economic issues in the study area shall be completed as per the schedule presented before the Committee and as described in the EIA/ EMP report in letter and spirit.	Partially Complied	CER activity expenses is under process. The details regarding CER activity is enclosed as Annexure		
20	A separate Environmental Management Cell (having qualified person with Environmental Science/ Environmental Engineering/ specialization in the project area) equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.	Complied	A separate environmental management cell has been established along with responsibilities and the organogram for the same is enclosed as Annexure.		
21	The project proponent shall utilize modern technologies for capturing of carbon emitted and shall also develop carbon sink/carbon sequestration resources capable of capturing more than emitted. The implementation report shall be submitted to the IRO, MoEF&CC in this regard.	Agreed to Comply	We are in process to utilize modern technologies for capturing of carbon emitted. We are planting more trees, using VFD & installation of solar panels will help to reduce the carbon footprints.	N/A	
22	The occupational health centre for surveillance of the worker's health shall be set up. The health data shall be used in deploying the duties of the workers. All workers & employees shall be provided with required safety kits/mask for personal protection.	Complied	The various measures have been undertaken for the occupational health surveillance of the workers such as occupational health centre, first aid box, etc. PPEs are provided. Annexure are enclosed.		
23	The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire-fighting system shall be as per the norms.	Being Complied	Adequate provisions have been undertaken to limit the risk zone within the plant boundary for countering fire hazards during the manufacturing process in material		

			handling.		
24	All the specific and general conditions, remediation plan and mitigation measures, as stipulated in the earlier EC letter dated 23.09.2020, shall be complied.	Complied	All the specific and general conditions, remediation plan and mitigation measures, as stipulated in the earlier EC letter dated 23.09.2020 has complied. The remediation plan enclosed as an Annexure.		
25	Solvent management shall be carried out as follows (a) Reactor shall be connected to chilled brine condenser system. (b) Reactor and solvent handling pump shall have mechanical seals to prevent leakages. (C) Solvents shall be stored in a separate space specified with all safety measures. (d) Proper earthing shall be provided in all the electrical equipment wherever solvent handling is done. (e) Entire plant shall be flame proof. The solvent storage tanks shall be provided with breather valve t	Complied	Solvent Management are carried out as given condition.		
26	The project proponent shall explore possibilities for recycling and reusing of treated water in the unit to reduce the fresh water demand and waste disposal. Treated effluent shall be reused in the process/utilities. Treated Industrial effluent shall not be used for gardening/ greenbelt development/ horticulture.	Being Complied	Trade effluent is being segregated into two streams. 1)High COD/TDS stream will be treated in existing single effect evaporator and new MEE. 2)Low COD/TDS stream along with MEE condensate will be trea	N/A	
27	The Unit shall comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.	Complied	A separate environmental management cell has been established along with responsibilities and the organogram for the same is enclosed as Annexure		
28	The storm water from the roof top shall be channelized through pipes to the storage tank constructed for harvesting of rain water in the premises and harvested water shall be used for various industrial processes	Complied	The rain water harvesting Practiced at project site. The AnnexureXIV is enclosed. There is no mixing of the process		

	in the unit. No recharge shall be permitted within the premises. Process effluent/ any wastewater shall not be allowed to mix with storm water.		effluent with storm water. Separate drains and conveyance systems have been provide		
29	The volatile organic compounds (VOCs) /Fugitive emissions shall be controlled at 99.97 % with effective chillers/modern technology. Regular monitoring of VOCs shall be carried out.	Being Complied	To control source and the fugitive emissions Stack & scrubber has been installed at the site. Fugitive emissions monitoring has been carried out. The results of emission near process plant are given		
30	Total fresh water requirement, sourced from MIDC water Supply, shall not exceed 674.35 KLD. Prior permission in this regard shall be obtained from the concerned regulatory authority/CGWA and renewed from time to time.	Complied	The total fresh water requirement will not exceed the proposed quantity. Water bill from October 2022 to March 2023 is enclosed as an Annexure.		
31	No banned pesticide shall be manufactured by the project proponent. No banned raw materials shall be used in the unit. The project proponent shall adhere to the notifications/guidelines of the Government in this regard.	Complied	We will not use & produce the ban chemicals/pesticide as per Ministry of Agriculture and Farmers Welfare. The undertaking is enclosed as an Annexure.		
32	Continuous online (24x7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB server. For online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises.	Agreed to Comply	We will install 24 x 7 continuous emission monitoring system which will be connected to SPCB and CPCB online servers.	N/A	
33	The green belt of at least 5-10 m width shall be developed in at least 33% of the total project area (@2500 Tress per ha), mainly along the plant periphery/ additional land. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department. Records of tree canopy shall be monitored through remote sensing map. The Trees have	Partially Complied	We have developed 22.71% area out of 33%. Remaining 10.29% will develop in coming monsoon. Additionally, we will be planted 1000 nos. of trees inside and 1000 nos. will outside. Annexure is enclosed.		

	to be planted with spacing of 2m x 2m ratio and as in first year itself and subsequent years the green belt shall be monitored.				
34	The project proponent shall utilize modern technologies for capturing of carbon emitted and shall also develop carbon sink/carbon sequestration resources capable of capturing more than emitted. The implementation report shall be submitted to the IRO, MoEF&CC in this regard.	Agreed to Comply	We are in process to utilize modern technologies for capturing of carbon emitted. We are planting more trees, using VFD & installation of solar panels will help to reduce the carbon footprints.	N/A	
35	A separate Environmental Management Cell (having qualified person with Environmental Science/ Environmental Engineering/ specialization in the project area) equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.	Complied	A separate environmental management cell has been established along with responsibilities and the organogram for the same is enclosed as Annexure.		
36	The specie specific conservation plan of Schedule-I species shall be implemented within time limit and as per the approval of the Chief Wildlife Warden of the State Government.	Agreed to Comply	Not applicable as no schedule -1 species were reported in the study area.	N/A	
37	The project proponent shall comply with the environment norms for 'Pesticide Industry' as notified by the Ministry of Environment, Forest and Climate Change, vide GSR 446 (E), dated 13th June 2011 under the provisions of the Environment (Protection) Rules, 1986.	Complied	Noted & complied	N/A	
38	The storage of toxic/hazardous raw material shall be bare minimum with respect to quantity and inventory. Quantity and days of storage shall be submitted to the Regional Office of Ministry and SPCB along with the compliance report.	Being Complied	The storage of toxic/hazardous raw material will be bare minimum with respect to quantity and inventory. It will also submitted to Regional Office of Ministry and SPCB along with the compliance report	N/A	
39	The activities and the action plan proposed by the project proponent to address the socio-economic issues in the study area shall be completed as per the schedule presented before	Partially Complied	CER activity expenses is under process. The details regarding CER activity is enclosed as an Annexure.		

	the Committee and as described in the EIA/ EMP report in letter and spirit.		Annexure		
40	The PP shall undertake waste minimization measures as below (a) Metering and control of quantities of active ingredients to minimize waste. (b) Reuse of by-products from the process as raw materials or as raw material substitutes in other processes. (c) Use of automated filling to minimize spillage. (d) Use of Close Feed system into batch reactors. (e) Venting equipment through vapour recovery system (f) Use of high pressure hoses for equipment clearing to reduce wastewater generation	Being Complied	The given processes is being implemented as waste minimization measures.	N/A	
41	All necessary precautions shall be taken to avoid accidents and action plan shall be implemented for avoiding accidents. The Project proponent shall implement the onsite/offsite emergency plan/mock drill etc. and mitigation measures as prescribed under the rules and guidelines issued in the Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989, as amended time to time, and the Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996.	Being Complied	The details of SOP for Accident/ Incident control, Equipment testing, safety audit, Onsite emergency plan, Mock drill report, safety training, Fire extinguisher etc. details are enclosed as annexure.		
42	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Safety and visual reality training shall be provided to employees. Action plan for mitigation measures shall be properly implemented based on the safety and risk assessment studies.	Being Complied	Training is being imparted to all employees on safety and health aspects of chemicals handling. The training records along with health report are enclosed as Annexure .		

## 7. General Conditions (Proponent) :

S.No	Condition	Self Declaration	Remarks / Reason	Supporting Documents	Observation of IRO
1	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The	Complied	The noise levels were found to be within the limits prescribed by CPCB. The noise monitoring reports are enclosed as		

	ambient noise levels shall conform to the standards prescribed under the Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).		Annexure.		
2	The environmental statement for each financial year ending 31st March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Integrated Regional Office of MoEF&CC by e-mail.	Complied	The Form-V for the financial year ending 31st March 2022 which was submitted online on 27/09/2022 is enclosed as Annexure The weblink for the Form is given below Link:- <a href="http://www.shogunorganic">http://www.shogunorganic</a>		
3	This Environmental clearance is granted subject to final outcome of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, if any, as may be applicable to this project.	Agreed to Comply	Noted and agreed.	N/A	
4	Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	Agreed to Comply	Noted and agreed.	N/A	
5	The Ministry reserves the right to stipulate additional conditions, if found necessary at subsequent stages and the project proponent shall implement all the said conditions in a time bound manner. The Ministry may revoke or suspend the environmental clearance, if implementation of any of the above conditions is not found satisfactory.	Agreed to Comply	Noted and agreed.	N/A	
6	Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.	Agreed to Comply	Noted and agreed.	N/A	

7	The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/ pollution control measures shall not be diverted for any other purpose.	Being Complied	The separate funds have been located for the environmental protection measures along with item-wise breakup. The year wise and the item-wise expenditure on the environmental management plans so far		
8	No further expansion or modifications in the plant, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change/SEIAA, as applicable. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry/SEIAA, as applicable, to assess the adequacy of conditions imposed and to add additional en	Agreed to Comply	Noted and agreed	N/A	
9	The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.	Agreed to Comply	Noted and agreed.	N/A	
10	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry and at <a href="https://parivesh.nic.in/">https://parivesh.nic.in/</a> . This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the loca	Complied	The advertisement related to the accordance of the environmental clearance was published in two newspapers viz., Marathi Loksatta on 07/06/2022 and in The Indian Express on 07/06/2022 Annexure attached		
11	The company shall undertake all relevant measures for improving the socioeconomic conditions of the surrounding	Complied	ESC activities has been undertaken by involving local villages and		

	area. The activities shall be undertaken by involving local villages and administration. The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment.		administration which will improve the socio-economic conditions. Annexure is enclosed		
12	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law rela	Complied	Noted and agreed. The Public Liability Insurance is enclosed as an Annexure		
13	The energy source for lighting purpose shall be preferably LED based, or advanced having preference in energy conservation and environment betterment.	Complied	Plant lighting & street lights are provided with LED bulbs. Solar Pannels are also provided .	N/A	
14	The project proponent shall also upload/submit six monthly reports on Parivesh Portal on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data to the respective Integrated Regional Office of MoEF&CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental Clearance and six monthly compliance status report shall be posted on the website of the company.	Being Complied	This is the 4th six monthly compliance report being submitted for the period from April 2022 to September 2022		
15	A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parishad/ Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.	Agreed to Comply	No representations were received from the concerned Municipal Corporation and the local NGO while processing the proposal.	N/A	
16	The Project proponent shall strictly comply with the rules and guidelines issued under the Manufacture, Storage and Import of Hazardous	Agreed to Comply	We are strictly complying with the rules and guidelines under Manufacture,	N/A	

	Chemicals (MSIHC) Rules, 1989, as amended time to time, the Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996, and Hazardous and Other Wastes (Management and Trans-Boundary Movement) Rules, 2016 and other rules notified under various Acts.		Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time.		
17	This Environmental clearance is granted subject to final outcome of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, if any, as may be applicable to this project.	Agreed to Comply	Noted and agreed.	N/A	
18	The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.	Agreed to Comply	Noted and agreed.	N/A	
19	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law rela	Complied	Noted and agreed. The Public Liability Insurance is enclosed as an Annexure		
20	Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.	Agreed to Comply	Noted and agreed.	N/A	
21	Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	Agreed to Comply	Noted and agreed.	N/A	

22	The Ministry reserves the right to stipulate additional conditions, if found necessary at subsequent stages and the project proponent shall implement all the said conditions in a time bound manner. The Ministry may revoke or suspend the environmental clearance, if implementation of any of the above conditions is not found satisfactory.	Agreed to Comply	Noted and agreed.	N/A	
23	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under the Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).	Complied	The noise levels were found to be within the limits prescribed by CPCB. The noise monitoring reports are enclosed as Annexure.		
24	The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/ pollution control measures shall not be diverted for any other purpose.	Being Complied	The separate funds have been located for the environmental protection measures along with item -wise breakup. The year wise and the item-wise expenditure on the EMP is enclosed as an annexure.		
25	The company shall undertake all relevant measures for improving the socioeconomic conditions of the surrounding area. The activities shall be undertaken by involving local villages and administration. The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment.	Complied	ESC activities has been undertaken by involving local villages and administration which will improve the socio-economic conditions. Annexure is enclosed		
26	The project proponent shall also upload/submit six monthly reports on Parivesh Portal on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data to the respective Integrated	Being Complied	This is 5th six monthly compliance report being submitted for the period October 2022 to March 2023.	N/A	

	Regional Office of MoEF&CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental Clearance and six monthly compliance status report shall be posted on the website of the company.				
27	The energy source for lighting purpose shall be preferably LED based, or advanced having preference in energy conservation and environment betterment.	Complied	Plant lighting & street lights are provided with LED bulbs. Solar Pannels are also provided .	N/A	
28	No further expansion or modifications in the plant, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change/SEIAA, as applicable. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry/SEIAA, as applicable, to assess the adequacy of conditions imposed and to add additional en	Agreed to Comply	Noted and agreed	N/A	
29	The Project proponent shall strictly comply with the rules and guidelines issued under the Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989, as amended time to time, the Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996, and Hazardous and Other Wastes (Management and Trans-Boundary Movement) Rules, 2016 and other rules notified under various Acts.	Agreed to Comply	We are strictly complying with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time.	N/A
