SINGER

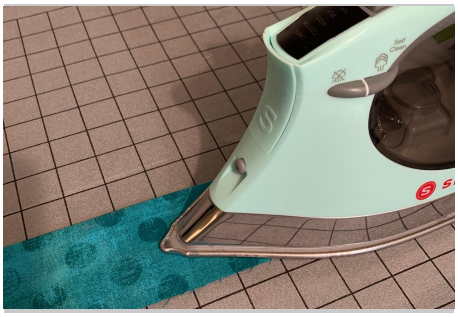
Instructions:

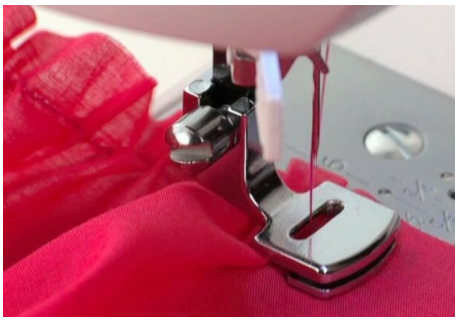
Cutting:

Main fabric cut one - 27” x width of fabric (WOF)
Cuff fabric cut one - 9” x WOF
Accent fabric cut two - 5” x WOF



Prepare:

Trim selvages from the two 5” x WOF strips and sew ends together with right sides facing. Press seams open, fold in half lengthwise with wrong sides facing and press.



1. Sew:

Place the **Gathering Foot** on machine. Increase top tension to 8. Increase stitch length to 5. Place the trim piece under the gathering foot lining raw edges up with the right side of the foot.

2.

Lower the presser foot and sew - the fabric will begin to gather - continue to sew to the end of the strip. At the end, leave enough thread to tie off.

3:

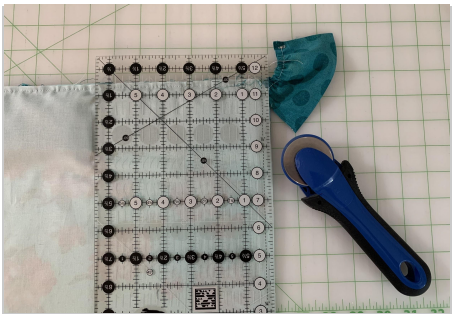
Lay the gathered piece on top of the cuff piece right side up. Pin in place

4.

Place the body piece right side down on top of the pinned pieces and pin in place

5.

Remove the **gathering foot** and replace with the **Sew Easy Foot** adjust for ⅜”. Re-adjust the top tension back to default (4 or 5) Put the stitch length back to 2.5 and sew ¼” from raw edges, removing pins as you



6.

Trim the sides to even the three layers.

7.

Roll the body piece to the sewn edge but out of the way of the seam. Bring the cuff piece (wrong side out) around the body. Turn the whole unit over and pin. Sew to the left of the first stitching.

8.

Pull the Body out of the center of the cuff. Press

9.

Put **wrong** sides together and stitch ⅜” seam across the bottom and open side.

10.

Turn wrong side out (right sides together) and restitch the bottom & side using ½” seam. Turn right side out and press. Congratulations! You just made your Ruffled Pillow Case.
