

CAR PARK PROTECTION

Park Sentry® is designed to protect car park pillars, but also vehicles.

SIMPLE EFFECTIVE PROTECTION

The Park Sentry® is composed of 4 corners, 4 plates, 16 keys and 1 pair of adjustable, reflective straps. Like all other Sentry products, it is easy and quick to install and requires no tools.

It is specially designed for car parks, can be adapted to all pillars of all sizes, whether square or rectangular. It provides 90° protection.
