

PR2V TOOL-LESS PDU BRACKET

Part Number(s): PR2VPDUB

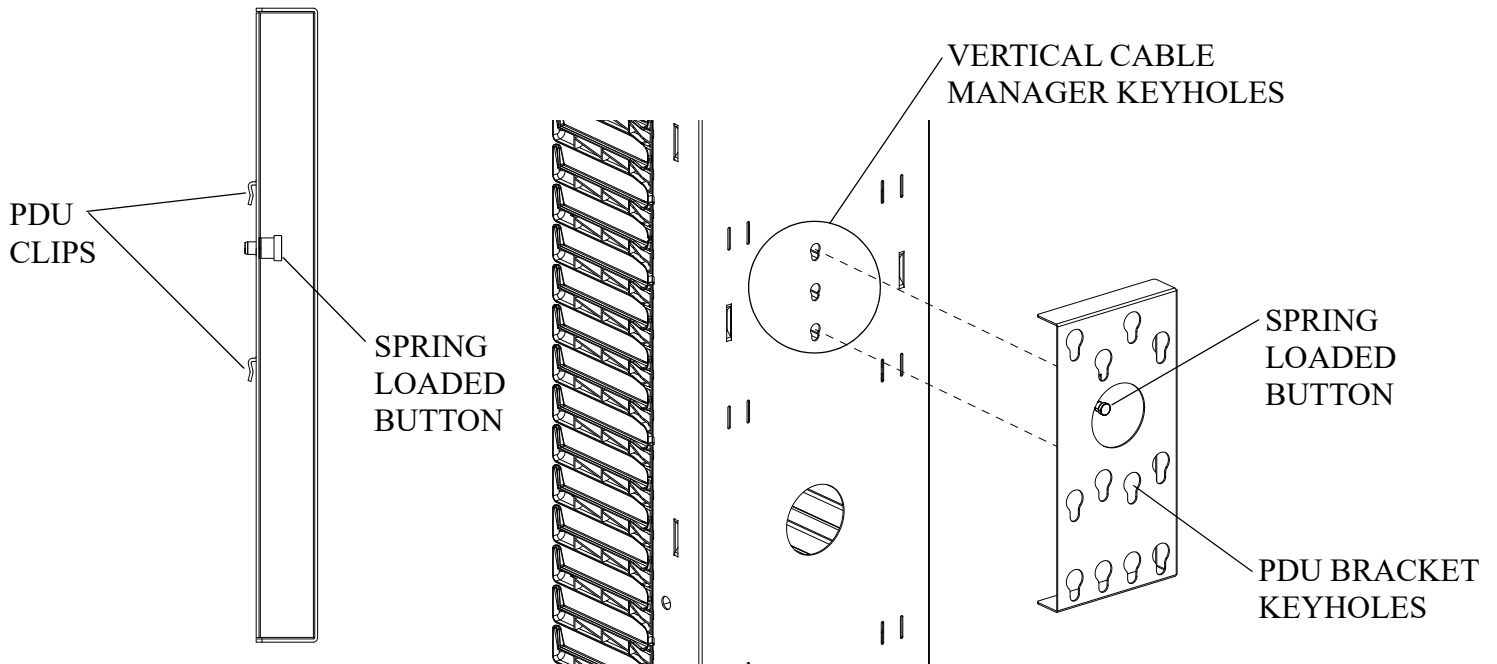

© Panduit Corp. 2020

INSTALLATION INSTRUCTIONS

V00029SZ

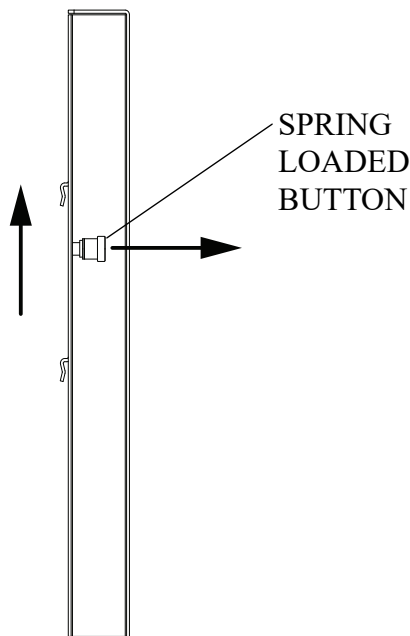

PDU BRACKET INSTALLATION

Attach PDU Bracket to PR2V manager by aligning the clips of the PDU Bracket with the keyholes of the manager (see specific page for your PDU/Manager), and push down engaging the spring loaded button with the middle keyhole.

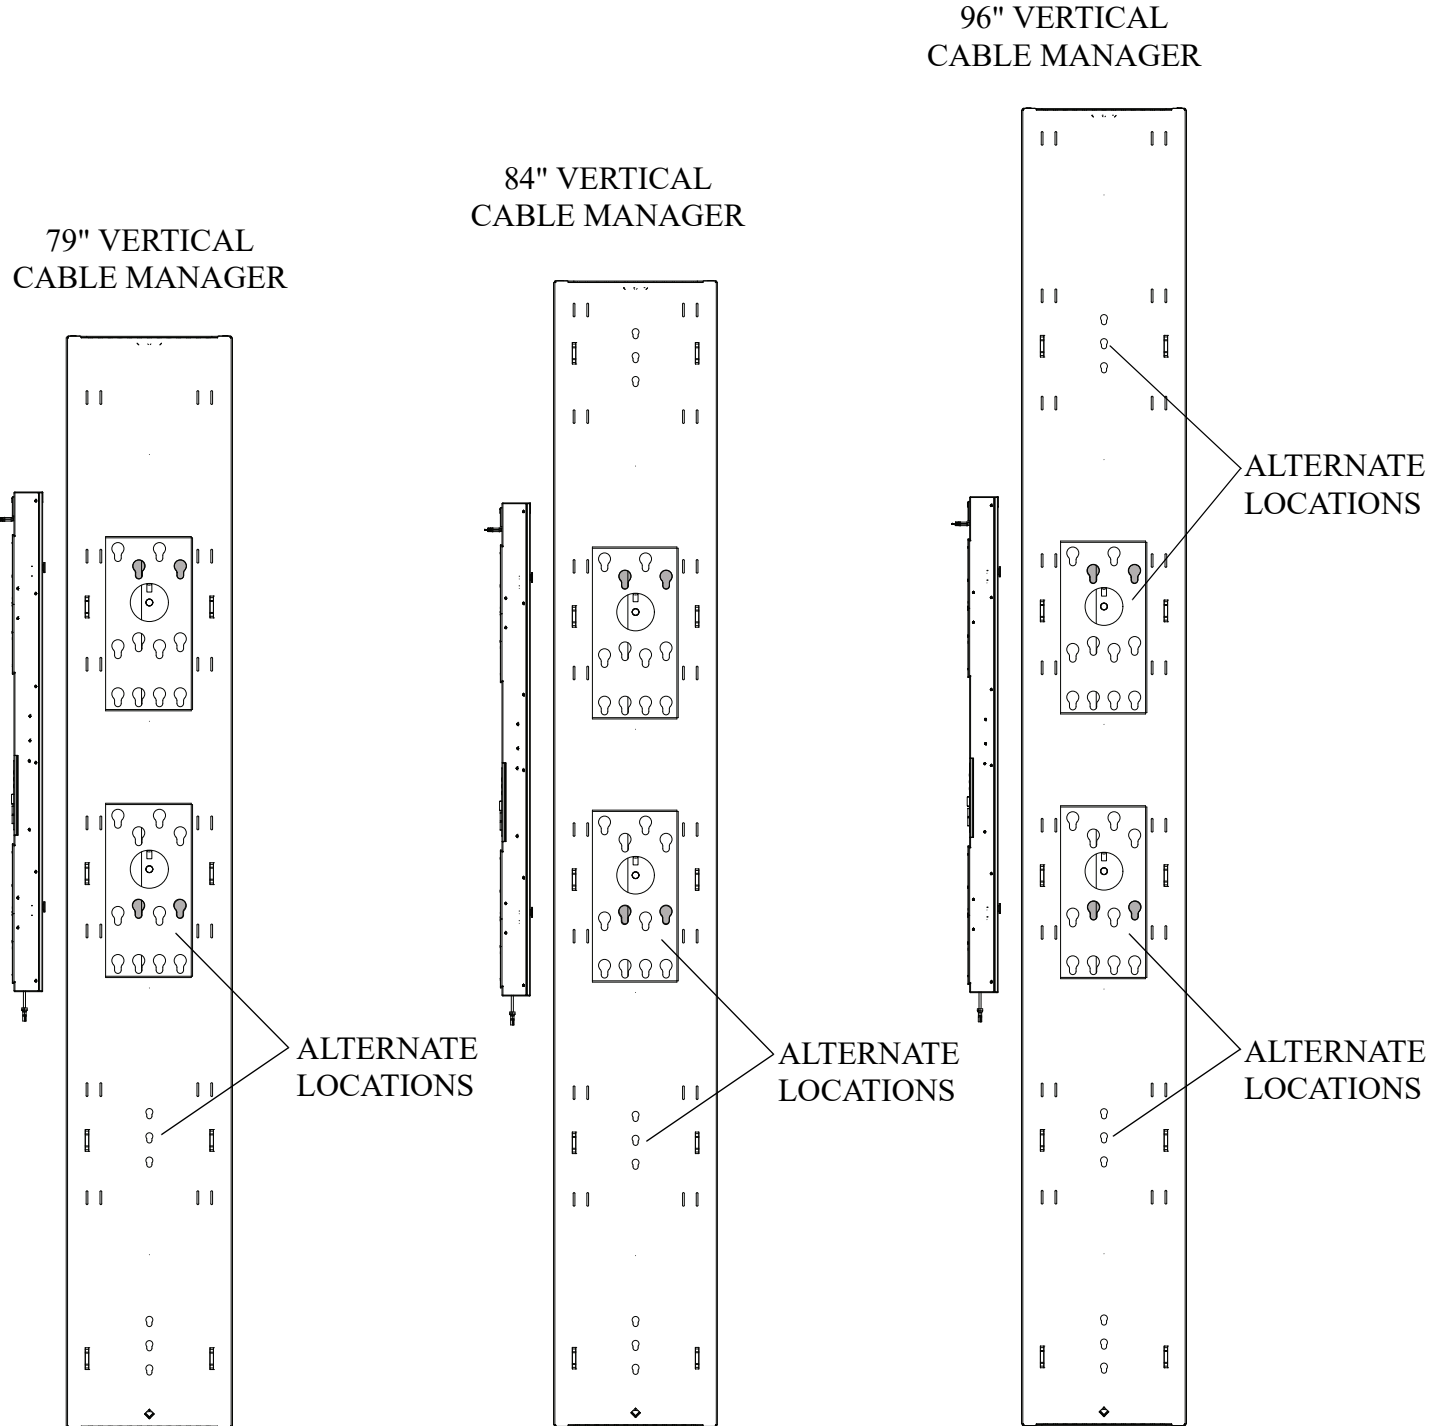

PDU BRACKET REMOVAL

To remove PDU Bracket from Vertical Cable Manager, pull Spring Loaded Button outward, while sliding the PDU Bracket up and out of the keyholes.

SHORT PDU SPACING

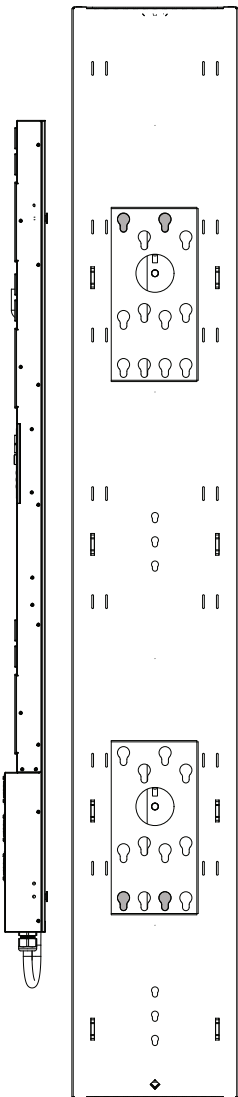

Install PDU Brackets per the spacing below. Insert PDU mounting buttons into the PDU Bracket keyhole based on your specific Vertical Cable Manager height and slide downward. Use the locations that work best for your active equipment. Two PDU's can be installed per bracket.

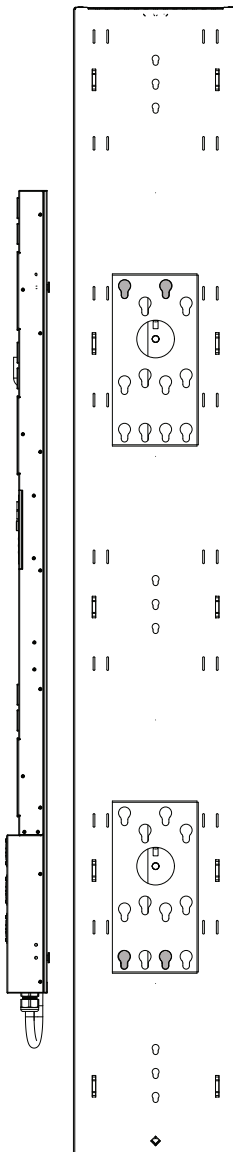

MEDIUM PDU SPACING

Install PDU Brackets per the spacing below. Insert PDU mounting buttons into the PDU Bracket keyhole based on your specific Vertical Cable Manager height and slide downward. Use the locations that work best for your active equipment. Two PDU's can be installed per bracket.

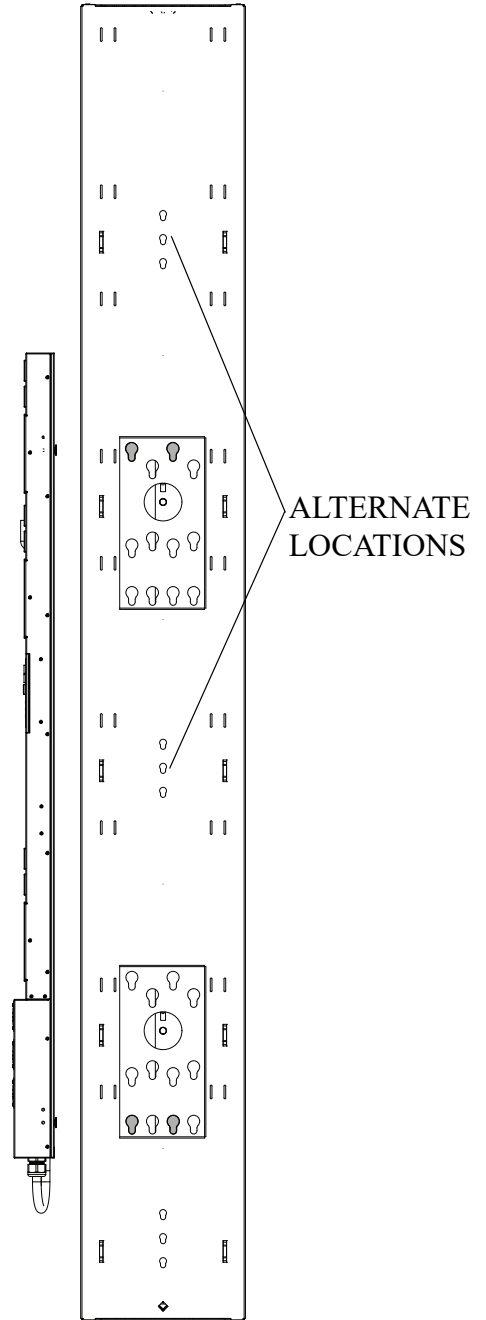

79" VERTICAL
CABLE MANAGER

84" VERTICAL
CABLE MANAGER

96" VERTICAL
CABLE MANAGER

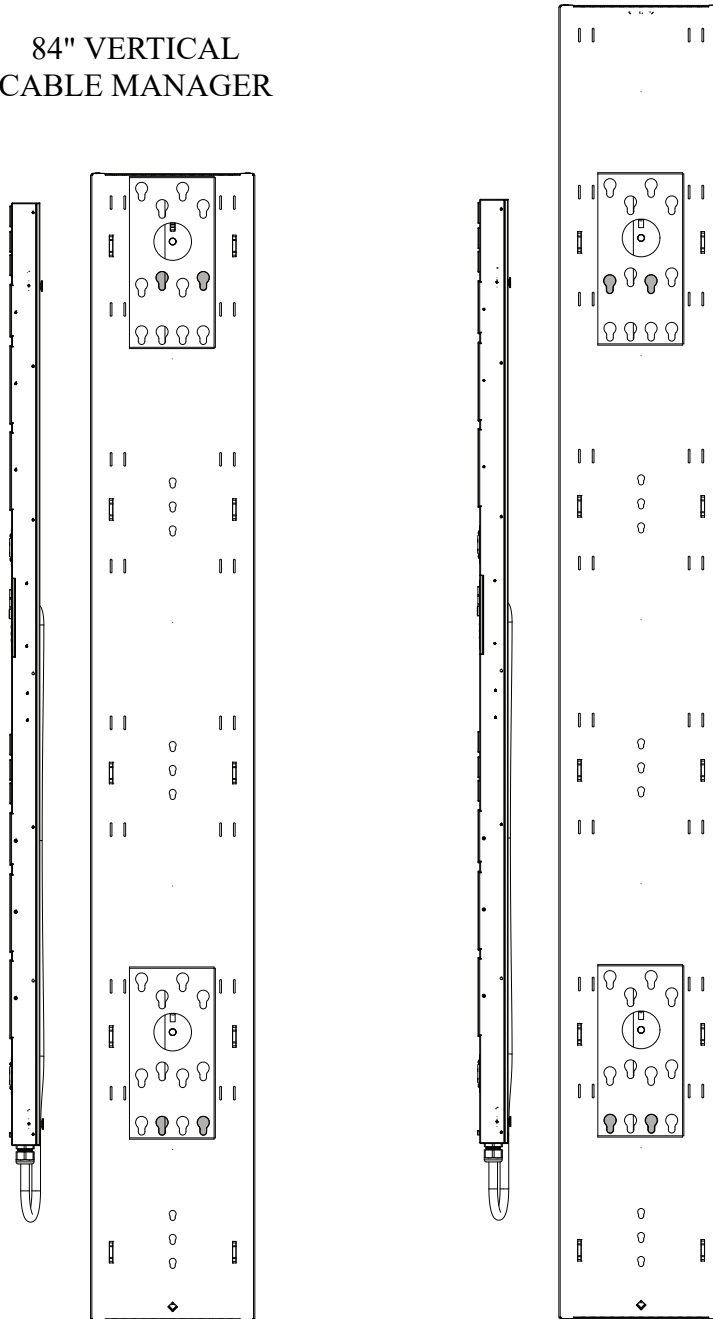

LONG PDU SPACING

Install PDU Brackets per the spacing below. Insert PDU mounting buttons into the PDU Bracket keyhole based on your specific Vertical Cable Manager height and slide downward. Two PDU's can be installed per bracket.

NOTE: Long PDU does not fit on 79" Vertical Cable Manager.

96" VERTICAL
CABLE MANAGER

84" VERTICAL
CABLE MANAGER
