

NOBU | TABLE LIGHTING | GREY

2120405010

Voltage (V): 230 Volt
IP degree if the fixture includes two types of IP degree: IP20
Class (Class I, Class II, Class III): Class 2 (Double isolated)
Lampholder type (eg, E27/E14, etc): LED Module
Dimmerable: True
Switch placement: On the fixture

Color: Grey
Height (cm): 46.5
Width (cm): 10.5
Tube Diameter (cm): 3
Shade Diameter (cm): 10.5
Base Dimension (cm): 20
Length (cm): 49.5
Tilt Angle (°): 30

Useful Lumen (lm): 600
Color Temperature (K): 2700
Ra-value : 90
Lifetime (h): 25000
Spread Angle (°) (beam angle of luminaire): 0
Candela (cd) (for directional lamp only): 0

Primary material: Metal
Secondary material: Plastic
Color of the cable: Grey
Length of the cable (cm): 250
Is the cable replaceable: False

EAN: 5704924000959
Item Number: 2120405010
Pcs Per Master Carton: 2

- Built-in LED • On/off touch switch with light indication
- Adjustable in both lamp head and arm • Built-in LED RA 90

Nobu is a reinterpretation of the classic architectural lamp, where the industrial expression and classical form are maintained. Nobu has integrated LED, which contributes to a good light output and simultaneously it is easy and convenient to turn the light on and off with the built-in touch function on the lamp head. In addition, Nobu has a flexible arm and lamp head, so you can direct the light to what you wish to light up. Nobu has lots of applications as both a table base, clamp and wall bracket are included. Nobu is suitable at the desk but can also be used as a bedside lamp or mounted on the wall in the kitchen. Design by Bønnelycke mdd.

The gray silky matte surface gives Nobu a modern and minimalistic look.
