

**Pan-Lug™ Parallel Splices Offer the Most UL and CSA Approved  
Conductor Combinations**

**TINLEY PARK, IL. (July 1, 2007)** – PANDUIT introduces new Pan-Lug™ [Copper Compression Parallel Splices](#) which deliver installation flexibility and reduced costs with the most UL Listed and CSA Certified conductor combinations in the industry. Ten parts provide safe and reliable terminations of 278 conductor combinations to increase productivity and minimize inventory requirements.

Simplify installation and improve reliability with Pan-Lug™ Parallel Splices, the first to be approved with dieless crimping tools. The splices feature industry recognized color coding and large, easy-to-read part numbering for visual verification in demanding low light conditions. Save time and money with a new selection guide that simplifies part selection from design and ordering to job site installation.

For more information on Pan-Lug™ Parallel Splices, request Product Bulletin SA-PCSB08 or Selection Guide SA-PCSG13 through customer service (email: [cs@panduit.com](mailto:cs@panduit.com), phone: 800-777-3300) or view on the website ([www.panduit.com](http://www.panduit.com)).
