For Technical Support: www.panduit.com/resources/install_maintain.asp

PDU Bracket Installation

- Orient Top PDU bracket on cabinet post at desired position
- Fasten to cabinet by passing [2] M5 Torx screws or [2] M6 Torx screws through slotted holes of bracket into cabinet post
- Orient Bottom PDU bracket on cabinet post at desired position
- Fasten to cabinet by passing [2] M5 Torx screws or [2] M6 Torx screws through slotted holes of bracket into cabinet post

TOP BRACKET ORIENTATION EXAMPE

NOTES:

- Panduit recommends installation of MA021* brackets prior to positioning of cabinets in row
- An angle impact driver (such as Makita® BTL061) is recommended when installing MA021* brackets on cabinet positioned in row
