Detailed technical data

Technical specifications

Accessory family	Connection modules
Conductor cross section	5 x 0,5 mm ² + 2 x 12 x 0,14 mm ²
Housing material	Aluminum
Ambient operating temperature	-40 °C ... +60 °C
Weight	+ 0.68 kg
Dimensions (W x H x L)	88 mm x 34 mm x 162 mm
Description	Compact connection module for wiring the voltage supply, I/Os, serial data interface and encoder. Intended for use with Bulkscan® LMS511. The mounting bracket with part no. 2059271 is required to connect the sensor.

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
