

The undersigned representing the following supplier:

Elpress AB
P.O. Bx 186
SE-872 24 Kramfors
Sweden

Herewith declare under our sole responsibility that the following electrical terminal:

Product Identification (PI):

KRF/KSF

Conforms to the European Committee directives that define the essential requirements that products must meet when they are placed on the market. CE Marking on a product is a manufacturer's declaration that the product complies with the essential European directives, such as safety, health and environmental protection. The product type(s) specified are in conformity with the directive below when used in accordance with the instructions contained in the product documentation:

2014/35/EU

Low voltage directive (LVD)

Applicable parts of standard references below have been applied:

National standard (SE) **SEN 245010** Crimping - Electrical connections with limited tensile strength for copper conductors - General and testing

International Standard **IEC 61 238 - 1** Compression and mechanical connectors for power cables

Elpress efforts for good quality and low influence on the environment have given a certification within the quality standard **ISO 9001** and the environmental management standard **ISO 14001**. Elpress follow the RoHS directive of the European Parliament and Council which restricts the use of certain hazardous substances in electrical equipment.

The product is since September 2003 provided with CE-marking according to directions above.

Elpress AB declares under sole responsibility that products covered by the directives are consistent with applicable directives under the condition that products are handled in accordance with instructions and specifications set forth by Elpress AB.
