

## Electrical stripping tools

### Description :

Stripping capacities for flexible or rigid conductors from 0.08 to 6 mm<sup>2</sup>.

Ø on max insulation : 6 mm

stripping length : 3 to 20 mm

Partial stripping length : 2 to 20 mm

cycle time : 0.3s

Precision : 0.1 mm

Power supply : 220V - 50 Hz

Dimensions : 363 x 141 x 221 mm

Weight : 9.5 Kg

### The advantage :

Adjustment with wheels.

LCD screen displaying the settings in real time.

Partial or total stripping adjustment.
