Detailed technical data

Technical specifications

Description	
	Spare part set for LMS5xx Pro “Harting” system plug. For use with LMS511-10900S04, as well as for converting LMS5.-.0... (LMS5xx PRO) to “Harting” Hybrid system plug. For connecting the sensor voltage supply, heating voltage supply, Ethernet. Suitable for Harting Han(R) 3 A RJ45 +4p type cable plug connector. Replacing the system plug invalidates the device warranty. If the LMS5 device is still within the warranty period, weigh up if you should replace the system plug yourself or send the appliance to SICK for repairs.

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
