

Rope Fluid Leak Sensor Extension (EG001)

Rope Fluid Leak Sensor Extension is designed to lengthen the detection zone of Rope Fluid Leak sensor. Up to 5 Rope Fluid Leak Sensor Extension can be connected.

SPECIFICATION

Electrical	Requirement
Operational voltage	5V DC
Measuring Range	<2MOhms per cm
Physical	
Length	6m
Environmental	
Temperature (Operating/Storage)	0°C~+70°C (32 ~ 158°F)/-20~ + 70°C (-4 ~ 158°F)
Humidity (Operating/Storage)	0- 95% RH, non-condensing
Compliance	
Environmental Verification	ROHS, WEEE
