#### THE SLEEP-FRIENDLY LIGHT THAT LOOKS AS GOOD AS IT FEELS

We designed Soraa HEALTHY<sup>™</sup> lamps with our unique Soraa ZEROBLUE<sup>™</sup> technology, which means your body recognizes the time for sleep as nature intended. Evenings are more restful, your body relaxes, and sleep comes more easily.

#### SORAA ZEROBLUE TECHNOLOGY

Soraa HEALTHY lamps have no blue content in the spectrum (as opposed to just dimming the light and producing a warmer tone) so there is no overexposure to blue light in the evening which can negatively impact our sleep cycles and longer-term health.

Soraa's patented ZEROBLUE technology advances LED science by creating an emitter of high-quality white light without blue radiation. Based on Soraa's world leading violet LEDs, Soraa combines an engineered mix of green and red phosphors to produce a spectrum with a wide gap in the blue range.

Soraa HEALTHY lamps not only provide circadian-health benefits of no blue content to support better sleep and healthy environments, but they also retain a beautiful, white light quality, making these lamps functional for any space.

#### FLICKER

Soraa lamps demonstrate low levels of flicker in both dimmed and undimmed states.

#### THERMALLY COMPATIBLE

Suitable for use in fully enclosed fixtures, subject to the maximum heatsink temperature limits stated in this data sheet. A list of qualified enclosed fixtures can be found at www.soraa.com/resources. Soraa lamps are designed to safely turn down in any thermal environment not conducive to minimum airflow or proper ventilation.

#### ELECTRICALLY COMPATIBLE

Works with trailing edge and leading edge phase cut dimmers. A list of compatible dimmers and transformers can be found at <u>www.soraa.com/resources/compatibility</u>.

### MR16 7.5W

#### HIGH COLOR QUALITY, ENCLOSED FIXTURE COMPATIBLE LED LAMP FOR USE IN MR16 COMPATIBLE DOWNLIGHTS AND OTHER INDOOR AND OUTDOOR APPLICATIONS

#### LIFETIME AND WARRANTY

Rated lifetime to L70: 25,000 hours Warranty: 3 years or 25,000 hours whichever comes first Detailed warranty information available at: soraa.com/resources/legal

#### LOCATION RATING

Suitable for damp locations Not rated for use in wet locations, should not be exposed to liquid water (including condensation).

#### **OPERATING TEMPERATURE**

Minimum: -40° C (ambient) Typical: 85° C - 95° C (lamp base) Maximum: 100° C (lamp base)

#### **ELECTRICAL SPECIFICATIONS**

Wattage: 7.5W Voltage: 12V +/- 1.2V Frequency: 50/60 Hz Power Factor: 0.95 Dimmability: <20% Flicker Index: <0.02 Percent Flicker: <5%
