

# CORE VOCABULARY

## Choose 70 targets

- Include caregivers, child, and teachers
- Focus on 10 targets every session
- Consistency is more important than perfection

## 1st session of the week

- Introduce 10 words with cues and feedback to support child
- Teach words sound by sound and syllable
- Produce each sound in isolation to determine stimulability
- Combine sounds within syllables and then combine syllables

## 2nd session of the week

- Revise word list and test child on revised list
- Target 10 words in 3 chunks during session
- Check 10 untreated words every 4th session

### Remember:

30-minute sessions every week for 8 weeks  
Check generalization at session 4, 8, 12, and 16.
